

SMITH AND ROBINSON HEAD DEMOCRATS

FIRST BALLOT PUTS GOVERNOR IN NOMINATION

Harmony Reigns as Delegates Adopt Platform and Select Standard-bearer

OPPONENTS SWAMPED

Delegates Eager to Climb on Bandwagon as Poll Shows Smith Far in Lead

BULLETIN

Albany, N. Y.—(AP)—Gov. Alfred E. Smith sent an acceptance telegram to the Democratic National Convention today in which he reiterated his belief that there should be fundamental changes in the present provision for national prohibition.

He said in the telegram which was addressed to Senator Robinson, "that common honesty compels admission that corruption of law enforcement officials, bootlegging and lawlessness are prevalent throughout the country."

"While I fully appreciate," he said after again stating his stand on prohibition, "that these changes can only be made by the people themselves through their elected legislative representatives, I feel it to be the duty of the chosen leader of the people to point the way, which in his opinion leads to a sane, sensible solution of a condition which I am convinced is entirely unsatisfactory to the great mass of our people."

After saying in the telegram that he believed the saloon ought always to be a defunct institution, he asserted his belief that by the application of the Democratic principles of local self government and states right, real temperance and respect for law might be secured.

While telling of the changes, he would like to have made in the prohibition situation, Governor Smith said that it was the will of the people for him to take the oath as president to protect and defend the constitution and laws he would execute that oath to the limit of his ability.

BY BYRON PRICE
Houston, Texas.—(AP)—The Democratic nominee for president is Governor Alfred E. Smith of New York. The party standard was placed in his hands by the Democratic national convention late Thursday night, a solitary ballot sweeping him far beyond the two-thirds majority needed to nominate.

NO PLATFORM FIGHT
In contrast to the bitter animosities that surrounded Smith's unsuccessful bid for the presidential nomination four years ago in Madison Square Garden, impressive scuffle between the two candidates preceded and followed his selection Thursday night as the leader of his party. Just before the ballot was taken, a party platform, contrary to the usual case, was adopted without a fight in open convention. After the nomination had become a fact, his most ardent rival for the nomination, Frank D. Roosevelt, disappeared from the convention hall and told the delegates that no one would be more loyal than he to the newly chosen party nominee.

The prohibition issue, which had been intertwined with the Smith and anti-Smith tug-of-war from the beginning, disappeared from the convention picture almost as if by magic just before the nomination was made. After many hours of debate in committee and subcommittee, a plank was found that satisfied the most ardent supporters of Smith and anti-Smith leaders alike. Composed of but two sentences, it declares the Republicans have not enforced the prohibition law, and pledges the Democratic nominee to make a honest effort for enforcement of that and all other statutes.

DRY PLANK PASSED
Brought to the convention floor by the support of both wets and dries, the plank provoked but a few minutes of discussion and went into the platform without a roll call. Governor Moody, a member of the platform committee, told the convention he would have preferred a direct endorsement of prohibition as a policy, but in the interest of harmony would not even submit a minority report. Governor Ritchie, of Maryland, countered that for his part he was willing to take the committee plank even though he preferred local order to federal prohibition. Senator Glass of Virginia, a dry leader and author of the plank pointed out that it was so worded that the party nominee would have to be bound by it regardless of his personal beliefs. Then, in less time than it takes to tell it, the

Democrats Back Prohibition And Farm Relief

THE STANDARD BEARER

ALFRED E. SMITH

Smith Says His Heart Is Where His Palate Should Be

BY W. W. CHAPMAN

Albany, N. Y.—(AP)—Governor Alfred E. Smith listened on the radio to the entire long convention session which nominated him for the presidency, and he loved every minute of it.

Although he had seemed nervous during the day, a reaction set in after dinner Thursday night. All evening and up until the moment Friday morning when his nomination was assured, he fairly bubbled over with gaiety. A score of relatives and friends were gathered in the executive mansion as the night session began, and just as the meeting was called to order the governor, who up to that time had been resting upstairs, ran into the room like a wild west movie actor, wearing an enormous sombrero

presented to him by some anonymous admirer.

Tossing the hat, which he decided was "too heavy for the climate," onto the piano he sat close to the radio beside his daughter Emily, who was prevented from going to Houston as a delegate, by illness.

As the chairman, having difficulty in getting delegates to leave the aisles and take their seats, called to the master-at-arms to make everyone sit down and, "if unauthorized persons were in the hall, to 'peremptorily expel them,'" the governor sang "Out the Window They Must Go."

He gave close attention to the reading of the platform but had several comments to make of a jocular nature.

The reader halted at one place and was heard to ask for some water. "He can't even wait till the dry plank comes along," grinned the governor.

The plank about bituminous coal brought from him the question, "How do you suppose people down in that heat feel when the talk turns to coal?"

When the plank pledging the party's nominee to enforcement of the Eighteenth Amendment, and laws pertaining to it, was read, the governor made some murmured comment, inaudible even to those close to him, and later he would say nothing about it.

As one vote was recorded for him from Alabama he nodded and grinned. "That's one more than I ever got from there before," he said.

In announcement of the Arizona vote, six votes were reported for "Albert" E. Smith. "They give me votes and they don't even know my first name," he laughed.

The governor kept careful count of all the votes. "I get all the big babies any way," he commented after the vote. "Except thing over 30 I get." But when the name of Missouri was called he said, "There's one 30 I don't get." All 30 went to Senator Reed.

"Here's a hard one," he grinned as New York was called. "Great suspense." Ohio first reported 48 for Pomerene.

PLATFORM IS PLEDGE TO CUT FEDERAL TAXES

Houston Convention Promises to Rescue Government from "Corruption"

(The text of the Democratic platform will be found on page 16 of The Post-Crescent)

Houston.—(AP)—The high spots of the Democratic platform upon which Governor Smith will stand as presidential nominee follow:

Law enforcement: Honest effort at enforcement of the Eighteenth Amendment and all provisions of constitution, and all laws.

Agriculture: Economic equality by loans to and development of co-operatives, creation of farm board to assist marketing of surpluses, but avoiding government subsidy, and tariff benefits accorded other industries.

Republican corruption: Rescue of government from "those who have betrayed their trust by disgracing it."

Foreign Policy: Outlawry of war, protection of American lives and rights, non-interference with elections and other internal political affairs of foreign nations, especially Mexico, Nicaragua and other Latin American Nations.

Flood control: Endorsement of flood control and lowering of flood plain Mississippi situation a national aim.

Eliminate and Taxation: Further reduction of internal taxes; Further reduction of internal taxes.

Tariff: Equitable distribution of benefits and burdens among all.

Waterpower, waterways and flood control: Deep water ways from Great Lakes to Gulf and to Atlantic ocean, improvement of inland waterways, flood control and lowering of flood levels, expeditious construction of relief work on Mississippi and Colorado rivers, development of such reclamation and irrigation projects as possible, strict enforcement of Water Power act.

Conservation and reclamation: Conservation of natural resources and equitable adjustments with reclamation farmers for mistakes government has made.

Labor: Collective bargaining, legislation designed to wipe out evils with respect to injunctions in labor disputes.

Unemployment: Adoption of scientific plan making available during unemployment periods of appropriate work for consumption of necessary public works.

Veterans: General appropriations, honest management, removal of complications in administration, sympathetic assistance for veterans of all wars.

Education: Preservation of limited immigration, opposition to separating husbands from wives and parents from infant children.

Congressional election reform: Elimination of "jame duck" congresses.

Campaign expenditures: Censure of improper use of money in elections, promise to record and give publicity to contributions.

Merchant marine: Gradual transfer of government ships to private hands and remodeling and replacement pending such transfer.

Education: Government advice be made available to states for improvement of schools to meet national needs.

Monopolies and anti-trust laws: Treatment of dishonest business without influence and fostering of all legitimate business enterprises.

Public Health: Appropriations necessary to keep disease to minimum and enlargement of bureau of public health.

Hoople Broaches Plan To Improve Conventions

BY MAJOR AMOS HOOPLE

Houston.—(AP)—Eggs and folks, after three weeks of convention observations I feel now that I am in a position to give my honest opinion as to the sole difference between the Republican and Democratic parties as seen through the delegates. The Republicans can eat and sleep longer than the Democrats—but Democrats can stay up later and talk tougher, being neither a Republican or Democrat, I have spent the last three weeks thinking.

I have drawn up a program of how a national convention should be run and will present it here for national consideration during the next four years. I am positive that I will be proclaimed the patron saint of the millions of radio fans throughout the land for relief of their suffering.

With my convention program, here I am. I offer for your approval and prayers of blessing the Hoople national convention plan to wit: That a national convention be held

on the Leviathan ocean liner covering a six week voyage to the Mediterranean and allowing a ten day stop over for rest in Paris.

That the credentials committee take a dirigible to the polar region during the six months night period since they are always apologizing or seeking sympathy for staying up all night getting the credentials in order.

That the reading of the majority report and minority reports be set to music with full orchestra accompaniment.

That the presentation of favors to the convention by state societies be changed to xylophones or Swiss bell ringers.

That the change of convention chairman be settled by a wrestling match, two out of three falls.

That the keynote speech be given by a ventriloquist with little Johnnie on his knee.

That all speeches granted by the chairman to floor delegates must be

SECOND PLACE ON TICKET

SENATOR JOSEPH T. ROBINSON

Four Year Job Is Ended As Badgers Vote For Al

BY DONALD C. BOLLES

Houston, Tex.—(AP)—Wisconsin Democrats completed the task begun four years ago, when they helped to nominate Governor Alfred E. Smith, of New York, as the presidential candidate of their party. A solid block of 26 votes was cast for Smith upon the platform of Wisconsin by Chairman George Dwinell as the roll call of states was made.

With Smith's nomination, Dwinell and other leaders confidently predicted

ed that the New York governor would carry Wisconsin, nominally a Republican state.

In casting its 26 votes for Smith, the state duplicated its efforts four years ago, when the Wisconsin delegation hung on through the tedious three weeks in Madison Square Garden, New York. Then, there were 25 votes from Wisconsin, 26 for Smith and two for McAdoo. This year, Wisconsin was solidly behind Governor Smith.

As in other Smith demonstrations of the convention, the Wisconsin group joined the procession around the hall, stopping for a moment in front of the box of Mrs. Al Smith, William H. Frawley, Jr., Eau Claire, six-foot four-inches tall giant, of the delegation carried one banner and Omar Elttman, Milwaukee, the other.

Following a roll call, the Wisconsin delegates, the Badgers cast their 26 votes for Senator Robinson for vice president and Dr. Dwinell delivered one of the seconding speeches in which he gave Wisconsin a lot of advertising as the foremost dairy state of the Union.

The delegation will leave for Wisconsin at 6 p. m. Friday on the special train which brought them here, and will arrive Sunday morning.

STUDEBAKER-PIERCE PLAN GIANT MERGER

Proposed Consolidation Will Involve \$16,000,000 Deal

Buffalo, N. Y.—(AP)—Directors of the Pierce Arrow Motor Car Co. Friday approved a merger with the Studebaker Corporation.

Announcement of the action, which was made after a meeting of the directors, said that a new holding company would be formed to take over plants, properties and assets of the two companies valued at \$16,000,000. Studebaker, it was announced, will acquire a substantial interest in the new company.

DODGE INJUNCTION DENIED

New York.—(AP)—Supreme Court Justice Mulligan Friday denied the application of Calvin H. Goddard, minority stockholder in the Dodge Bros. Corporation, for an injunction to restrain the proposed merger of the Chrysler Motor Car Corporation with the Dodge Corporation.

Justice Mulligan, however, ordered the Dodge Corporation to file a bond to guarantee that all preference stockholders who have not assented to the merger be paid the amount "which may be awarded to them as such stockholders by reason of such transfer of assets."

NOTED PLAYWRIGHT DIES IN AUSTRIAN SANITORIUM

Vienna.—(AP)—Leo Dittscheit, noted American actor and playwright, died in a sanatorium at Austerlitz Thursday night from heart disease.

DEMOCRATS TRY TO COORDINATE EAST AND WEST

Platform Built to Appeal to Both Businessman and Farmer, Lawrence Says

BY DAVID LAWRENCE
(Copyright, 1928, by Post. Pub. Co.)
Houston, Texas.—Conservatism, with a touch of radical doctrine here and there, reveals the Democratic national platform as striving on the one hand to satisfy the farmers of the west and on the other to give assurances to "legitimate business" and the working man of the industrial east, that tariff protection will be given them.

While in so many words the platform does not come out for a protective tariff, the plain import of the phrases used is that the Democrats will keep the tariff wall as high as necessary to protect business and at the same time maintain effective competition and equalize the difference between the cost of production at home and abroad. This is something new in a Democratic platform.

BID FOR BUSINESSMAN
The tariff plank was written long in advance and is a direct bid for the business man's support as it has been feared that the big eastern states from which Governor Smith expects to get a large electoral vote, might be hesitant to accept the New York governor because he might bring in with him a Democratic congress and a policy of linking with the tariff laws.

And just as the tariff plank was carefully thought out for the benefit of the industrial east, so is the farm plank tactfully phrased in the hope of inheriting all the McNary Hausgenism of the agricultural west. Just as in the Republican platform, neither the McNary Hausgen bill nor the tariff plank is mentioned specifically, but the plain meaning of the Democratic plank is some form of an equalization fee or excise tax.

It was drawn by the leaders of the farm group themselves as a kind of charter leaving the details of specific legislation to the tariff. The crux of the farm plank is in the promise of "appropriate government aid" to co-

TWO MEN ARE SHOT IN MINE STRIKE BATTLE

Minden, Mo.—(AP)—Two men were shot and seriously wounded and several others were injured early Friday in a clash between non-union workers and union sympathizers at the No. 23 mine of the Western Coal and Mining Co. near here.

The union sympathizers appeared at the mine to protest against its operation by non-union men employed at wages lower than the union scale.

Dr. G. T. H. Gish, of Minden, reported he treated the two men who were shot, one of whom was dangerously wounded in the neck.

Several others were injured in the fighting at the mine.

Ambulances were summoned from Pittsburg, Kansas.

GOTHAM CLUBS FEEL MOPS OF DRY SQUAD

Seventy-five Arrests A Made in New York Prohibition Cleanup

New York.—(AP)—The Broadway theatre district was thrown into a furor early Friday when more than 150 federal prohibition agents raided 15 of the most popular night clubs.

More than 75 arrests were made among the owners and employees of the various establishments, and the agents said they had seized a quantity of liquor.

The raiders as the agents operating in squads of six and more, descended almost simultaneously upon the places. Returns from the Democratic convention at Houston were being received at many of the clubs, and the raids occurred almost at the same moment the Governor Alfred E. Smith was nominated.

Guests were ordered to leave by the agents, who cautioned them to pay their checks before departing.

The places raided were: Texas Guinan's club, Blue Hour club, Furze club, Don Royal, Jewel club, Beaux Arts club, European club, La Frera club, The Night club, Mimic club, Merry-Go-Round club, Helen Moran club, Casm club, The Silver Slipper and an unnamed club.

The raiders were admitted to the clubs by fellow agents who, attired in evening clothes, had come to the places earlier in the night in the guise of guests. These agents asserted that in many cases purchases of liquor were made.

JAP HARVEST FLOODS TAKE BIG LIFE TOLL

Osaka, Japan.—(AP)—A death roll of at least 100 persons is reported from western Japan where floods have been causing devastation and great property loss.

ARKANSAS MAN RUNNING MATE FOR GOVERNOR

Convention's Permanent Chairman Wins Nomination on First Ballot

COLORFUL CAMPAIGNER

Democrats Believe Robinson Will Hold "Solid South" in Line for Party

Sam Houston, Hall, Houston, Tex.—(AP)—The twenty fifth Democratic National convention adjourned sine die at 1:47 Friday afternoon after a session lasting four days.

Sam Houston Hall, Houston, Tex.—(AP)—The Democrats present to the nation:

For President, Alfred E. Smith of New York; for Vice President: Joseph T. Robinson of Arkansas.

The ticket was formally placed on the political roster of 1928 Friday when the party's national convention, at its concluding session, overwhelmingly named the Arkansan as running mate of the New Yorker to whom it had entrusted the party standard but a few hours earlier.

The nomination of Senator Robinson was like that of Smith, a smashing, first ballot triumph over a scattered field of rivals.

For the past twenty four hours there had been little doubt of his victory, and at the outset of Friday's proceedings he left his post as presiding officer of the convention and retired to his hotel while his nomination was being consummated.

Those who first proposed the Arkansan senator and Democratic senate floor leader to balance of the Smith ticket argued that he would strengthen the party in both south and west and the argument went like wild fire. It was in the south that opposition to the nomination of Smith centered until the very end, and it is to the west that both Republicans and Democrats are looking for the answer to their questions about the farm relief issue.

A big voice and forceful campaigner Robinson glories in the combat of political stump speaking. He is an active figure in senate debate, where he occupies the same position of titular leadership on the Democratic side that Senator Curtis of Kansas, the Republican vice presidential nominee, has among Republican senators. Two men who have matched wits and strategy across the party aisles, and have remained good personal friends throughout, are to try conclusions in another arena, with the presiding officers in the senate chambers at stake.

Robinson is a dry, and in his speech as permanent chairman of the convention he warned his party against listening to pleas for a modification plank in the platform. In the same speech he started a tremendous Smith demonstration by quoting Jefferson and the constitution in support of re-licious equality. He supported the McNary-Hausgen bill in the west, where McNary-Hausgen is the name of a congressman, and voted to pass it over President Coolidge's veto.

So overwhelming was the landslide to Robinson in the voting Friday, that when his column was added at the end of the first ballot it totalled more than 900 of the 1,100 in the whole convention. Immediately his two nearest rivals, Senator Barkley of Kentucky with 77 votes and Mrs. Nellie Taylor Ross of Wyoming with 23, withdrew their names and asked that the votes given them be credited to Robinson.

Other changes to the Arkansas senator came in so rapidly that the tally clerks could not keep track of them, and in the end it amounted virtually to a nomination by acclamation.

As the 10 o'clock convening hour came and passed with the convention officials conferring on the platform and making no move to call for order, Senator Robinson, who for sometime had been in the group that had put their heads together on the speaker's stand, left the convention hall for his hotel. He was retiring from the physical presence of the honor the convention was about to pay him. He turned the gavel over to Franklin D. Roosevelt, the Smith floor marshal.

After the opening feast, the gavel honors fell to Senator Harrison of Mississippi.

It was 10:16 a. m. when Roosevelt pounded for order. The delegates most-

should call the Post-Crescent, 543.

Saturday Is Big Day For Sick People

Saturday has many connotations—cleaning day, baking day, shopping day, and flower day. The former duties may be dull routine, but the last one is Saturday what choker heads have a school teacher.

The Post-Crescent Flower Club begins their visit at 8:15 Saturday morning so hop from Lisbon in 11 hours. It was found that one of the parts of the dynamo giving power to the wireless equipment had been broken.

When the Captain's plane arrived at Horta, Azores, after a 1,000 mile hop from Lisbon in 11 hours, it was found that one of the parts of the dynamo giving power to the wireless equipment had been broken.

Other changes to the Arkansas senator came in so rapidly that the tally clerks could not keep track of them, and in the end it amounted virtually to a nomination by acclamation.

As the 10 o'clock convening hour came and passed with the convention officials conferring on the platform and making no move to call for order, Senator Robinson, who for sometime had been in the group that had put their heads together on the speaker's stand, left the convention hall for his hotel. He was retiring from the physical presence of the honor the convention was about to pay him. He turned the gavel over to Franklin D. Roosevelt, the Smith floor marshal.

After the opening feast, the gavel honors fell to Senator Harrison of Mississippi.

It was 10:16 a. m. when Roosevelt pounded for order. The delegates most-

ANOTHER 'RED TERROR' CAST INTO OBLIVION; BELA KUHN IS JAILED

Man Who Quit the Tailor Business to Rule "Red Hungary" Is Outcast

BY MILTON BRONNER
London—Bela Kuhn once sat cross-legged on a bench and piled a needle and thread. Then he piled a pen and wrote impetuous messages to the great powers of Europe. Once he ruled the state of Hungary. Now he is in a Vienna prison cell, his one crumb of comfort the assurance that he doesn't have to go back to Hungary to be shot or hanged.

Once by a wave of his hand he sent dozens of men to prison. Now he faces a prison sentence himself. That's part of the story of one of the strangest and most sinister figures thrown up in Europe during all the mad-house period that followed the end of the World War.

BELIEVED A SOVIET PROPAGANDIST

Today, after many years of freedom and revolutionary activity in Soviet Russia, Kuhn is in the hands of the Austrian police, who caught him slinking around in the streets of Vienna. Ostensibly, under an assumed name, he was conducting a commercial business. Really, they think, he was running a propaganda bureau for his Bolshevik masters in Moscow. He soon is to be tried in the Austrian courts on three charges:

Conspiracy for forming a secret society in Austria and communicating with secret societies abroad.

False registration.

Returning to Austria without permission after expulsion.

The full story of Bela Kuhn remains a riddle down to this very day. He was born in Hungary and was by trade a tailor. What he did during the World War is not known.

Revolution had broken out in Hungary and a People's Republic had been proclaimed with Count Karolyi as provisional president. Czech, Rumanian and Yugoslav troops invaded Hungarian territory, each force bent on seizing a slice of land. Opposing a boundary settlement proposed by the Allies, Karolyi finally resigned.

KUN TALKED HIS WAY TO POWER

In the chaos that ensued, the Budapest Workmen's Council formed a new Soviet government, and Bela Kuhn, the little tailor, who had the gift of gab, became its head.

Kun carried on war with the Czechs, Rumanians, and Yugoslavs and at first won some successes. Then the Rumanian army made a steady advance towards Budapest. At a last meeting of his followers, Kun resigned the leadership of the Soviet. He made an impassioned speech, in which he made two predictions:

FIRST—That no succeeding government would dare turn the proletariat out of the homes of the idle rich.

SECOND—That Hungary would have a White Terror succeeding his own regime, which had been branded all over the world as a Red Terror.

Then Kun fled to Vienna. In Hungary governments succeeded each other with kaleidoscopic rapidity. There was a White Terror, as Kun predicted. But his other prediction did not come true.

Succeeding governments did dare to turn the "proletariat" out of the homes of the "idle rich." Many of these proletarian leaders were hung to the nearest lamp post. Many were shot. Others were sent to prison for long terms.

Finally order was restored and Admiral Horthy was made the regent of a kingdom without a king, which is what it is today.

In the meantime, Kun remained in Vienna. But on demand of the Allies

DOWN, UP, DOWN AGAIN

BELA KUHN

When Bela Kuhn, a tailor, quit his job to be the ruler of "Red Hungary," things looked pretty soft for him. They have changed now, however, and Bela is an outcast with a price on his head.

JOHNS TELLS CAUSE OF INCREASED TAXES

Governor's Secretary Says
Income Tax Has Been
Abused by Loose Talk

Oshkosh—(P)—The expense of local government rather than that of state government is what affects the local taxpayer today, Col. J. L. Johns, private secretary to Gov. Fred R. Zimmerman, told members of the Central Wisconsin association here Thursday night.

"The primary cause of increased taxes is public improvements which have been voted so rapidly that the tax paying public cannot afford it," Col. Johns said. "I have in mind good schools, good roads, modern bridges, universities, institutions of charity and correction."

A chief executive of a state has no right to say to a local community what kind of schools, roads, streets it shall have, or what it shall pay its local officers for their services, he said.

"If the taxpayer will examine his tax receipt, he will find that a very large part of his taxes goes to his own

county and city for schools, road and county taxes. Very little if any, goes to the state. Economy at home is the salvation of the local taxpayer."

Between the fiscal years 1925-26 and 1924-25 state expenditures nearly doubled, Col. Johns pointed out. In 1914-15 the state spent for governmental functions other than highway commission, \$6,918,595.00; in 1925-26, \$12,308,289.00. The highway commission, for the year ending June 30, 1926, spent \$12,130,946.00.

In 1915 the sum spent for charitable and penal institutions was \$2,105,021; in 1926 it was \$5,890,290.00. The normal schools in 1915 spent \$1,306,626.00; in 1926, \$2,019,398.00.

The state university's expenses in 1915 were \$2,286,898.00; in 1926, \$7,197,887. For other education activities the state spent in 1926 \$2,010,717.

Assessment of general property for the year 1927 was \$5,619,042,169.00, Col. Johns said.

"The income tax has been much abused by loose talk, but no legislature would think of repealing it," the speaker contended that there are no facts to substantiate the statement that industries are leaving the state because of taxes imposed upon them.

MILWAUKEE AUTO HIT BY STREET CAR

The rear end of a car owned by Oscar Ogren, 581 Jackson-st, Milwaukee, was damaged shortly after noon Thursday when it was struck by a street car on E. College-ave, between Superior and Walnut-sts. The street car was operated by Charles Haefl. The auto and street car were going east on College-ave when the accident occurred.

POLICE TO ENFORCE LAWS IN REGARD TO SALE OF FIREWORKS

Fine of \$25 May Be Given
Those Who Start Celebration
Too Early

Pointing out the danger of serious injury and even death as the result of the exploding of fire works, Acting Police Chief V. J. Vaughn, Friday announced that officers of the Appleton department had been given orders to strictly enforce the state laws regarding the sale and use of fireworks.

Last year, Chief Vaughn said, there were three deaths and 67 serious injuries caused by fireworks explosions. This information was supplied by the Wisconsin industrial commission which has made a strong plea for a safe and sane Fourth of July.

"The use of revolvers and cap pistols is absolutely forbidden by the state law," Chief Vaughn pointed out, "and this section of the regulations is to be rigidly enforced in Appleton. Officers have instructions to arrest anyone selling, displaying or using these articles. We are prepared to make a safe and sane July 4 by enforcing the laws."

Chief Vaughn also pointed out that there is a great danger of serious fire resulting from the exploding and use of fireworks and he urged that great

WABENO CELEBRATORS TO HEAR SCHNEIDER

Independence Day and Its Significance to Present and Future Generations will be the subject of an address to be delivered at a celebration at Wabeno on July 4 by Congressman George J. Schneider. The Wabeno Post of the American Legion is sponsoring the affair and issued the invitation to Mr. Schneider.

caution be exercised in setting off these fire works which are allowed by law. He asked that parents cooperate with the department by keeping a close watch over their children and supervising the shooting of fireworks.

The state law prohibits the discharge or sale of fireworks in excess of two inches in length and one-fourth inch in diameter; bombs, sky-rockets, Roman candles, and torpedoes, according to a bulletin issued by the industrial commission.

The laws allow the sale of colored fire in covered cases; light torches with lighting ends covered; fountains in throwing a display not more than six feet in height; flower pots throwing a display not more than four feet in height; uncolored sparklers not more than ten inches in length overall and three-sixteenths of an inch in diameter.

A fine of not less than \$5 or more than \$25 is provided for in the law for each offense, Chief Vaughn said.

LETTER GOLF

FOR PUGILISTS
It's better to GIVE than to TAKE—in the prize ring, particularly—but in letter golf there isn't so much difference between the two. Par is four and one solution is on page 9.

G	I	V	E
T	A	K	E

THE RULES

1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. Thus to change COW to HEN, in three strokes, COW, HOW, HEW, HEN.

2—You can change only one letter at a time.

3—You must have a complete word of common usage, for each jump. Slang words and abbreviations don't count.

4—The order of letters cannot be changed.

FRUIT PRICES TAKE ADVANCE ON MARKET

Numerous Garden Products
Have Disappeared but
There Are Plenty Left

The fruit market has advanced slightly in price within the past week, according to local dealers. Vegetable prices remained unchanged, but a few garden products have disappeared from the market.

The vegetable market is quoted as follows: Wax beans, 20 and 25 cents a pound; green beans, 20 and 25 cents a pound; new carrots, 15 cents a bunch; new beets, 10 cents a bunch; celery, 25 cents a bunch; head lettuce, 10 and 15 cents a head; radishes, 5 and 7 cents a bunch; green onions, 5 cents a bunch; spinach, 15 cents a pound; cucumbers, 10 to 20 cents each; fresh peas, 25 cents a pound; parsley, 10 cents a bunch; cauliflower, 20 to 50 cents a head; new cabbage, 5 and 7 cents a pound; tomatoes, 20 and 25 cents a pound; turnips, 10 cents a pound; new potatoes, 45 cents a peck; green peppers, 5 and 10 cents each; asparagus, 15 cents a bunch; garlic, 25 cents a pound; dry onions, 10 cents a pound; chives, 25 cents a pot, and pieplant, 5 cents a pound.

The fruit market is as follows: Apples, 10 and 12 cents a pound; cantaloupes, 10 to 25 cents each; water-

This Date In American History

MILK DEALERS GET NEW LICENSES FROM HEALTH DEPARTMENT

Recent "Pure Milk" Ordinance Provides That Change in Place Be Made

Appleton milk dealers will renew their licenses by June 30, by making application to Theodore Sanders, deputy health officer, according to city attaches. Applications formerly were made to the city clerk but under the new milk ordinance, the deputy health officer issues the permits.

A new form of application, drawn up since the passing of the new ordinance, will be used for the first time this year. The applicant will give his name, affiliation and state the business, in which he is engaged and through which he sells milk.

The names and addresses of all persons handling milk until it is bottled and capped must be made note of by the applicant, together with a record of all cattle from which milk or cream is obtained. The latter two provisions apply only to dairy or creamery proprietors. The applicant also must list the number of quarts raw and pasteurized milk, and cream sold, and whether any other product sold by the company contains milk.

The application, which is retained by the deputy health officer, also contains charts for monthly raw and pasteurized milk and cream reports. The reports include milk and cream butter fat percentages, milk and cream bacteria counts and milk sediment findings. Two other charts contain a record of sanitary and tubercular inspections, and medical inspection of milk company employees. The inspections will begin immediately after July 1 and bacteria counts will be published beginning Aug. 1.

Medical examination of persons handling milk in creameries is being left to creamery owners. All employees will have to pass a medical examination before the month is over, however. This provision of the law applies only to persons handling milk after it arrives in the city. The city has no jurisdiction over farmers who provide dealers with milk.

VISION CONSTANTINOPLE AS CENTER OF POPULATION

Constantinople, Turkey—(P)—That there is every physical reason why Constantinople should become the greatest center of population in the world, surpassing New York and London, is the belief of Godfrey Lowell Cabot of Boston, prominent airman and traveler.

During his recent visit here, Mr. Cabot said: "I have traveled everywhere, and I know I am safe in saying that no city in the world is physically so habitable as Constantinople. No city combines as it does the factors of a temperate climate, such a fertile hinterland and such ideal conditions for maritime commerce. There is no water link in the world like the Bosphorus—deep enough for ocean vessels and safe enough for small coastwise schooners.

"I'm not qualified to predict what the Turks can do with their golden opportunities, but I believe that the time is ripe for America to help them develop their resources as she is doing increasingly now."

NELLER HANDLES SOCIAL WORK AT ONAWAY CAMP

Robert Neller was chosen social director for camp Onaway at a meeting of the camp committee at the Y. M. C. A., Wednesday evening. Camp leaders were urged by J. W. Pugh, boys' work secretary, to have their tentative plans and programs completed by the meeting on next Thursday evening. General plans also were discussed.

The tomato is a fruit, according to a recent decision of the Australian Ministry of Trade and Customs; but many people will still regard it as a vegetable.

Flies Cause Baby Funerals, Health Committee Reports

Madison—"Around the kitchen and garbage can of nearly every home in Wisconsin today there lurks a menace more destructive to people than all of the hosts of prey and poisonous reptiles. It is the common house fly."

Characterizing the fly as an enemy that causes hundreds of baby funerals, the health committee of the State Medical Society today issued an edict calling on the housewives to wage a campaign of destruction against the pest.

"Look at your screen door tomorrow morning and see how many flies you can kill," continues the health bulletin. "The fly carries the germs of disease on its feet and in walks. A disease which it commonly carries is typhoid fever. This disease is also frequently gained from polluted water or milk and from other substances, but the house-fly is responsible for many thousands of cases. Typhoid is a germ disease. Four percent of the persons who have had typhoid become chronic carriers. Typhoid germs will remain alive on various substances for many days, and may remain alive in butter for some months.

"The house-fly also carries the germs and causes the spread of infantile diarrhea. Antidote was carried out in a district in New York City by Armstrong and in Richmond by Levy has greatly reduced the death-rate from this disease.

"Flies are greatly attracted to tuberculous sputum and can carry and distribute the germs of tuberculosis for several days.

"Flies carry the virulent germs of anthrax. They also carry the eggs of parasitic worms and the germs of other diseases.

"Flies will breed in almost any fermenting organic matter. They will breed also in garbage of all kinds, even in old cloth and paper when damp and fermenting; also in waste or in decaying vegetables, in fact in all sorts of animal and vegetable refuse.

"Each female fly may lay from 120 to 150 eggs at a time. She begins laying from a week to ten days after appearing, and she may at intervals of ten days lay three or four such batches of eggs. The eggs are minute, white and elongate. In warm weather the eggs hatch in from eight to ten hours.

"Flies will begin to breed in the spring as soon as the days begin to be consistently and consecutively warm. They will continue to breed until well on into the autumn. The number of generations will depend on the length of the consistently warm season. When cold weather comes breeding stops, and adult flies pass the winter hidden away in cracks and crevices to emerge the following spring to start a new generation.

"The plain remedy is to get rid of refuse by carting it away, or by burning it, or treating it with kerosene or borax. It is impossible to leave trash about and avoid flies. Clean up everywhere."

until well on into the autumn. The number of generations will depend on the length of the consistently warm season. When cold weather comes breeding stops, and adult flies pass the winter hidden away in cracks and crevices to emerge the following spring to start a new generation.

GOODRICH COMPLETES SWIM OF FIVE MILES

Edward Goodrich, who has been leading the Five Mile swimming club of the boys' department of the Y. M. C. A., finished swimming five miles Wednesday afternoon and will be awarded a gold seal for his activities chart.

Swimmers who swam over two miles were Hugh Millen, Herbert Perrine, and Jack Schroeder.

WANT TENNIS MATCHES PLAYED ON SCHEDULE

Two tennis matches were played Wednesday in the men's tennis tournament on the Y. M. C. A. courts, Frank Clippinger defeating Harold Roeder, 6-1 and 6-1; and Irving Buck winning from Paul Nesper, 6-0 and 6-2. The men are urged to play the scheduled matches as soon as the weather permits by Irving Buck, assistant boys' work secretary, in charge of the tournament during the absence of A. P. Jensen, physical director.

SPORTS NEWS OF NEENAH AND MENASHA SOCIETY

NOT AN IDLE MINUTE ON JULY 4 AS CITY STAGES CELEBRATION

Program Starts With Sunrise and Lasts Until Late in the Evening

Menasha—The program for the celebration on July 4 was announced Friday by the committee in charge. It opens at sunrise with a salute by the old Germania cannon and closes late in the evening with the awarding of a prize. There will be 18 events in all so that every minute of the day will be occupied. The tenth event, a feature of the program, will be the presentation of the new Memorial building to the board chairman, William Nelson, to the American Legion, by the legion. The speakers will be Dr. Silas Evans, president of Ripon college, and Col. Frank J. Schneller of Neenah.

The industrial parade in which are entered more than 50 floats will be held in the morning and will disband near the government dock. It will be followed immediately by water events. The civic parade will take place at 1 o'clock and will be followed by the dedication of the new Memorial building. Field events will be held later in the afternoon. An airplane exhibition over Fox river near the city park will follow the field events. Dancing in both the pavilion and new Memorial building will commence at 7:30 and will be resumed after the fireworks. More than \$1,000 has been expended on fireworks.

Program—The program: Sunrise—Salute by old Germania cannon.

First event, 8 a. m.—Bicycle race ending in the public square. Three prizes given.

Second event—Following bicycle race in the public square band concert by the Hartland Legion band, the Menasha high school band and the St. Mary school band, followed by a concert by the Cleora Miller company of Chicago. The program will feature attraction. As each band completes its program it will march to the loop where it will give another concert followed by the Cleora Miller company of entertainers. There will be an entire change of program at each station.

Third event—Industrial parade of the entries of the cities of Appleton, Neenah and Menasha. Over 50 floats have been entered and prizes will be awarded to winners. Entries have been received from Appleton, Menasha, and from Twin Cities. Prizes will be given.

Fourth event—Fancy driving open to all. Three prizes.

Fifth event—Canoe tilting. One prize.

Sixth event—Thirty yard swimming race for boys under 15 years of age. Two prizes.

Eighth event—Forty yard swimming race open to all. Two prizes.

Ninth event—1 p. m.—Civic parade by lodges, societies and organizations ending up at the city park.

Tenth event—Presentation of Memorial building to the board chairman, William Nelson, to the American Legion. Dedication of the Memorial building by the American Legion. Speeches will be made by Dr. Silas Evans, president of Ripon college and Col. Frank Schneller of Neenah.

Eleventh event—Main concert by the Cleora Miller company of entertainers of Chicago. The concert will take place upon the same platform as was used by the speakers. Band concert by the Hartland band.

Twelfth event—Tennis match. Pierce and Remmel of Menasha vs. Strange and Kelly of Neenah.

Thirteenth event—Soft ball game match, picked team from Neenah vs. picked team from Menasha.

Fourteenth event—Field events including running races for both boys and girls under 12 and races for boys and girls under 16 as well as open events for all ages. Prizes for each event will be awarded.

Shot put for boys under 16 and for those over. Several of the fastest sprinters of the state will be entered in the open events and a stellar exhibition is expected.

Fifteenth event—An exhibition stunt flying airplane show by famous aviator. This exhibition will be over the Fox river near the city park.

At the above events will follow in order immediately after the dedication of the Memorial building is completed.

Sixteenth event, 7:30—Dancing at the park in both the dancing pavilion and in the Memorial building.

Seventeenth event—An exhibition of fireworks under the supervision of the Gordon Fireworks company of Chicago. This exhibition, put on at a cost of \$1,000, will be placed upon the tracks on the opposite side of the Fox river facing the city park.

Dancing will be resumed after the fireworks and the final event of the day, the eighteenth event, the awarding of the winner of the Nash sedan by the committee.

TWO BIG BUILDING PROJECTS STARTED

Menasha—With the opening of bids by the Wisconsin highway commission Friday for the new Tayco-st bridge to be followed next Tuesday by the letting of the contract for the new theatre and store building on the site of the old Landgraf hotel, more than half a million dollars worth of construction work will get under way early in July. The approximate cost of the bridge is \$250,000 and that of the new theatre and store building \$250,000. Specifications of the bridge call for its completion by June 1, 1929 while it is expected the theatre building will be completed during the coming winter.

COLD WEATHER DON'T STOP PATRONAGE AT NEENAH BATH HOUSE

Neenah—Cold and damp weather has no effect on patrons at the municipal bathing beach. Since its opening a week ago, two weeks later than usual, the attendance has averaged 250 a day with the larger crowds of young people patronizing the place during the afternoon hours. The equipment at both bath houses is new this year.

CONTRACTORS SUBMIT BIDS FOR ERECTION OF TAYCO-ST BRIDGE

Construction Engineer Opens Four Submitted and Committee Looks Them Over

Menasha—Bids for the construction of the new Tayco-st bridge were opened by O. C. Rollman, Madison, construction engineer of the Wisconsin highway commission, at the city hall at 11 o'clock Friday morning. Four bids were submitted by C. R. Meyer & Sons company, Oshkosh; Warden Allen company, Milwaukee; Garling company, Green Bay; and Milwaukee Bridge company, Milwaukee. The amounts of the bids were C. R. Meyer & Sons company, \$224,761.24; Warden Allen company \$258,159.72; Garling company \$317,168.88; and Milwaukee Bridge company, \$229,936.90.

The state highway commission was represented by Mr. Rollman, C. H. Kirch, bridge engineer; J. L. Grann, assistant bridge engineer; and E. F. Culbertson, division engineer, the latter of Green Bay. The bids will be checked over by the members of the highway construction Friday afternoon and the matter of awarding the contract will be taken up with city officials and Winnebago county highway committee later. Members of the county committee who attended the opening of the bids were Messrs. Grimes, Radtitz, White, Spahr and Busse. According to Mr. Rollman, it is possible the contract may be awarded at the meeting Friday afternoon.

SOCIAL ITEMS AT MENASHA

Menasha—Members of Menasha Rotary club were entertained Wednesday evening at the summer cottage of Ben Doughty, retiring president, at Brighton beach. At the conclusion of the evening, the club was given a supper. Mr. Doughty was given a rising vote of thanks in recognition of the work he had done during his term of office. The new officers will take up their work July 1.

MENASHA ELKS GOING TO PICNIC AT WAUPACA

Menasha—Menasha Elks are planning to attend an outing next Sunday at Wisconsin veterans home at Waupaca sponsored by Appleton Elks. The program is in charge of E. F. Munan, director of the 130 Field Artillery band, and will include a swim battle in which six military companies will participate. Guard mount and a dress parade also will be features. Among the speakers will be Col. F. J. Schneller of Neenah, Col. John Turner of Waupaca and Mayor A. C. Rule, Appleton.

ONE JAILED, ANOTHER FINED FOR TIRE THEFT

Menasha—William Balauf was before Justice F. J. Budney Friday, charged with appropriating tires and not being able to pay a fine of \$25 and costs, was sentenced to 15 days in the county workhouse. Clifford Hickley, arraigned on a similar charge, was fined \$10 and costs.

ACCEPT ANGERMEYER'S BID FOR NEW FURNACE

Neenah—The bid of A. H. Angermeyer, was accepted by the library board Thursday evening for the installation of a new heating plant in the public library building and will be recommended Monday evening to the city council. Work at the library, costing in the neighborhood of \$9,000, includes repairs, a new floor in the basement, heating plant and plumbing fixtures.

SOLDIERS GIVE SHAM BATTLE FOR VETERANS

Neenah—Co. I and Headquarters companies will go to Waupaca Sunday to take part in a sham battle to be staged for the veterans at the Wisconsin Veterans' home. The companies will meet at 9 o'clock at S. A. Cook armory. Following the battle, the day will be spent in picnicking at the Home grounds.

TWIN CITY FOLKS GIVE FLOWERS TO THEIR HOSPITAL

Residents of Neenah and Menasha are invited to offer flowers for patients confined in Theda Clark hospital to be picked up by Appleton Post-Crescent Flower Committee beginning Saturday, June 2, and every Saturday until the end of the flower season next fall. Persons who will have flowers for the hospital are invited to leave their names and addresses at Elvers Drug store, phone 24, if they live in Neenah, and at Frank Hoffmann's grocery, phone 212, if their residence is in Menasha. All calls must be made to those places before 8:15 on Saturdays morning. It will be impossible for the flower cars to call for flowers if the calls are received after that hour.

CHOOSE ARBITRATORS FOR BALL ARGUMENTS

Make Change in Schedule of League Games Because of Bad Weather

Neenah—Robert Ebert of the National softball league and George Burnside of the American league, have been elected as members of the board of control to act with Coach George Christoph on all questions concerning the playing of these leagues in tournaments. Umpires were selected to have charge of the games during the season, the men selected from one league to umpire for the other league games. From the American league, Schultz, Burnside, Wacholz and Parish were selected and Thornton, Kuch, Mason and Handler from the National league. These men will umpire with Kalfahs, Johnson, Mielke and W. Haase, selected from outside the two leagues.

Changes in the schedules on account of bad weather were made and the National league teams which were to have played Thursday evening, will play Friday evening this week and American league teams to have played Friday will play next Tuesday evening. On account of wetness of the Columbia park diamond No. 2, the Hardwood and Neenah Mill game Friday evening will be played on No. 2 diamond at Washington school. Entries for the washer tournament will close Saturday night. Three prizes will be given in this tournament, which will start next week.

NEENAH PERSONALS

Neenah—Francis Hasler will go to Grand Rapids, Mich., next week to take part in the Olympic athletic trials. Hasler is in the wrestling class, having received the right at Miami, Fla., college, where he won from all comers in his class.

Arthur Strey is home from Florida where he has been spending the last two years.

Mr. and Mrs. Oscar Simpson have gone to Minneapolis to spend a few days with relatives.

Mr. and Mrs. J. R. Barnett and son, Douglas, have gone to Cadott where they will spend the week.

Mr. and Mrs. John Holzman have returned from their honeymoon trip to the northern part of the state.

Mrs. Orrin Thompson has returned from Highland Park, Ill., where she has been visiting her daughter, Mrs. R. H. Kuehnstedt.

Mr. and Mrs. A. J. Soth, Los Angeles, are visiting at the home of Mr. and Mrs. Louis Kronberg.

Mr. and Mrs. Fred Werth, Beloit, are spending the weekend with twin city relatives.

Mr. and Mrs. Henry Stacker spent Friday with relatives at Oshkosh.

Fred Fritz, Milwaukee, called on relatives here Friday on his way to Minneapolis.

Waldemar Olson has returned from Waupaca, where he has been at the Brigade camp.

Mr. and Mrs. George Vette and child, of Fairbanks, Alaska, are spending a few days with relatives here.

Mr. and Mrs. P. W. Norris, Minneapolis, are visiting relatives here for a few days.

Walter Schroeder, Milwaukee, was a Neenah visitor Thursday.

Miss Florence Koepsel left Friday for New Jersey where she will try out the girls' running team for the Olympic meet. Miss Koepsel is a student of the University of Wisconsin, where she has won recognition for her speed in track work.

Miss Ethel Liebl, Menasha, submitted to an operation Friday morning at Theda Clark hospital, for removal of her tonsils.

Donald Harrington had his tonsils removed Friday morning at Theda Clark hospital.

OPEN NEWLY PAVED STREET TO TRAFFIC

Neenah—The Doty-ave. and S. Commercial-st intersection, closed the last four weeks for paving, was reopened Friday morning. Quick drying cement was used at this particular crossing, which is an important and much used intersection for east and west traffic. The remainder of the S. Commercial-st pavement will not be open to traffic for at least another week. Work on continuing the work on to Wisconsin-ave has been delayed for the time, owing to wet weather conditions.

TRIO WINS HONORS AT CAMP FIELD MEET

Neenah—Loyal Boelter, Herbert Therman and Grogan Brown won honors in the field meet held the last afternoon of the Boys' Brigade camp at Onaway Island. In the 50-yard dash, Boelter was first, Brown second and Therman third. The 10-yard dash was won by Therman, Boelter and Brown; hurdles, Brown, Marj and Therman; undressing race, Therman, Brown and Ehlert; standing-broad-jump, Brown, Therman and Stanton; relay was won by the team composed of Brown, Boelter, Therman and Grogan with the team composed of Ehlert, Vurnside, Smith and Stanton.

In the tent inspection, the tent in charge of Schneller won first place for neatness and order, that of Boelter second and Therman third. Boelter broke the camp records by having his tent receive first honors for three consecutive days in the daily inspection. The baseball team captained by Paul Grogan won first place, one captained by Therman second and that of Schneller, third.

DIES IN BATH

London—"Accidentally Drowned" is the verdict resulting from an inquest into the death of Edgar L. Smith. He went for a bicycle ride and on returning took a bath. It is thought a fall asleep while in the tub, led him to one side into the water and thus drowned.

HE LIKES REAL SOLDIERS

They say at the Roumanian royal palace that King Michael, with all the dignity of his six years, cast his toy soldiers into the rubbish heap after he reviewed the nation's troops for the first time. Here is the lad, with Queen Marie and Princess Helen, his mother, returning the salute of the regiments from the reviewing stand.

NEENAH CONTRACTORS FIGURE CLOSELY FOR REPAIRING CITY HALL

Neenah—With but \$1 difference in the bids of F. L. Haerli and A. H. Angermeyer for plumbing in the city hall where offices are being enlarged and remodeled, Haerli's bid of \$645 was accepted and will be recommended to the city council.

Bids on the carpenter work was even closer than that of the plumbing as Anton Nielson and Son, who were awarded the contract, were just 38 cents lower than R. O. Sindahl, the next lowest bidder.

DRIVER HURT WHEN TRAIN STRIKES CAR

Machine Runs Through Two Yards After Being Hurled from Pilot

Neenah—Edward Kerriek is at Theda Clark hospital with a broken leg and bad cuts and bruises as a result of a collision Thursday night with the 10:45 south-bound Chicago-Northwestern express train at the E. Wisconsin-ave crossing.

Kerriek, who is spending the summer at one of the cottages on the lakeshore, was on his way to work at the Lakeside mill when the accident occurred. He was driving west on Wisconsin-ave and evidently did not see the wig-wag signal for the approach of the train from the north. The car was raised onto the pilot of the engine and carried it for 20 feet before it fell off and continued running through the Stephen Zernick and August Nyman back yards before it stopped.

There is no flagman at that crossing during late evening hours, the wig-wag signal warning people of the approach from both directions of a train. This is the second accident to occur there within the last few months. Philip Helmer and his car were struck in a similar manner and at about the same time of day.

NEENAH SOCIETY

Neenah—Mrs. Letta Hanson entertained her crocheting club Thursday afternoon at her home on Bond-st. A dinner was served at 6 o'clock.

A group of friends called at the home of P. C. Remusson on Wednesday evening to bid her bon voyage on her trip with her husband to Denmark starting the latter part of the week. The evening was spent in games. Prizes were won by Mrs. Fisher, Mrs. Dryer and Mrs. Williams.

Frank Schneller's Felix Vagabond King orchestra will give a dancing party Friday evening at Menasha park.

Immanuel Lutheran Ladies' Sewing circle was entertained Thursday afternoon and evening by Mrs. Allan Haase at her home in West Menasha. A dinner was served at 5:30 after which the evening was spent in games. Prizes were won by Mrs. Chris Walker, Miss Ida Heinicke, Mrs. Joseph Belsentien and Miss Emily Walter.

The South Greenville Grange will hold its annual picnic and outing Saturday at the Grange park. A program of short talks, games and music has been arranged with a picnic dinner at noon and dancing in the evening to music to be furnished by the Aerial orchestra.

\$3.00 A MOUTHFUL

Toledo, Ohio—Rudolph C. Westmeyer's dog is particular about his food. In fact, he's a wee bit cannibalistic. Or else he didn't like Glen E. Sellick. When Sellick entered Westmeyer's hardware store the dog sprang at him barking him in the face and leaving scars. Sellick asked \$5,000 in a suit against Westmeyer.

YOUNG KING DISCARDS TOY SOLDIERS AFTER FIRST TROOP REVIEW

Young Michael of Roumania Thinks "Real" Soldiers Are About the Right

Bucharest—(AP)—Toy soldiers will never again thrill the heart of six-year-old King Michael of Roumania. He has just reviewed his own real troops for the first time, and stodgy, lead soldiers who stand stiffly at attention all the time can never again compete with the smart goose-step of the Roumanian regiments for the little sovereign's affections.

Palace officials relate that His Majesty threw all his toy soldiers in the dust bin the day after he received his first salute from 2,000 Roumanian soldiers on the national Independence Day.

It was a great game for the little king. He stood stiffly erect in the center of a great reviewing stand, beside his grandmother, Queen Marie, and his mother, Princess Helen.

As each unit of soldiers swung past in their ceremonial goose-step and the commanders brought their swords smartly to their chins in his honor, King Michael drew himself up proudly and returned their salute with a vigor and snap that an old army sergeant well might envy.

It was the wettest day in three years—the rain seems to follow King Michael every time he appears in public, since it rained even the day he was crowned.

Accompanied by Queen Marie and Princess Helen, he drove through the steady downpour in an open barouche across Bucharest to the palace.

A member of the court asked the little king, "Does your Majesty like the rain?"

"Yes," he replied with the candor of youth. "Today my mother says I may sail my boat in the backyard when we go home, and Grandma is coming with me to play crossing the ocean with me; then she will tell me about the Indians with feathers in America."

Big Old Time Dance, Tonight at Sheahan's Hall, Little Chute. Prizes given. Square dances a specialty.

CONTINUED FROM PAGE 1

FIRST BALLOT PUTS GOVERNOR SMITH ON DEMOCRATIC TICKET

committee report was adopted with a crashing chorus of approval and only a few scattered "no's."

The only other part of the Democratic declaration of principles to make serious trouble in committee was the farm plank. As finally brought in and adopted, it pledges the party to take immediate and effective steps to deal with the problem of farm surpluses and the prehabilitation of agriculture generally. Some party leaders believe that Governor Smith will make a make detailed announcement on this subject early in the campaign.

DAVIS SPEAKS

A long program of nominating and seconding speeches preceded consideration of the platform on the convention floor, and even after the platform was approved and the nomination made to the tune of a long and loud demonstration, the convention stayed on until well after midnight hearing exhortations to battle. Besides Senator Reed, John W. Davis, the party nominee four years ago, was brought to the convention platform. He told the cheering delegates that the chief of the party in 1928 was harmony under the leadership of Smith.

In the final tabulation of the vote by which the New Yorker was chosen, only five states appear as having failed to give the leader at least a part of their support, and one of them, the Reed's own state of Missouri, which was blocked by convention rules when it sought to turn the bandwagon movement to Smith into a nomination by acclamation. The others were Florida, Georgia, South Carolina and Texas—representing the sections of what the anti-Tammany phalanx against the nomination of the New York governor.

AL HAS BIG LEAD

The final totals of the official ballot revealed to show that Smith after his nomination became inevitable, tells impressively the margin of his victory:

Smith 848 2-3.
Senator George, of Georgia, 521-2.
Senator Reed, of Missouri, 52.
Representative Hull, of Tennessee, 48-5.
Jesse Jones, of Texas, 43.
Chief Justice Waite, of South Carolina, 18.
Senator Harrison, of Mississippi, 81-2.
Evans Woollen, of Indiana, 7.
Governor Doherty, of Ohio, 5.
Representative Ayres, of Kansas, 3.
Former Senator Pomeroy, of Ohio, 3.
Former Senator Hitchcock, of Nebraska, 4.
Houston Thompson, of Colorado, 2.
Governor Bilbo, of Mississippi, 1.
Not voting 21-2.

OHIO SWINGS VOTE

It really was Ohio that consummated the nomination. When the first call of the role had been completed, Smith's total stood at 724-23, or nine short of the number needed to nominate. But having paid their tribute to their respective favorite sons, a half-dozen states were ready to change their votes and get aboard the bandwagon. For several minutes a presidential nomination hung in the air, while delegation chairmen from sections of the hall tried to shout each other down in their rival attempts to be first to switch to Smith. Chairman Meeker, of Ohio, standing on his chair in the right center of the delegate section, won out and cast for the New York governor 44 Ohio votes, which had had but one on the initial roll call.

Mississippi—Indiana, Nebraska, Kansas, and Tennessee quickly followed, giving Smith votes he no longer needed, and reducing the Anti-Smith residual to but 250 of the convention's total strength of 1,100 delegates.

CONTINUED FROM PAGE 1

SMITH'S HEART HOPS AS BALLOTING ENDS

and then changed to give Smith one. "Find out tomorrow who that fellow is," the governor called to his secretary. "We'll send him a telegram."

It was Ohio later that gave the governor the nomination on the first ballot by changing its first vote.

"There is," he cried as the change was announced, "Ohio does it."

Immediately the governor's friends surrounded him and after he had been enthusiastically kissed by his daughter, they shook hands with him and shouted their congratulations.

The news spread rapidly to the crowd that had steadily increased on the lawn, and several hundred people broke into the strains of "The Side-walks of New York."

The governor issued the following brief statement, indicating that for all his seeming composure since the convention opened, in reality his emotions had been deeply stirred. "My nomination on the first ballot fills me with joy and satisfaction that I know is shared by my family and friends, and my heart is where my palate ought to be."

The guests, realizing the strain the governor had been under, left the executive mansion soon after the nomination was assured, and the governor immediately prepared to retire. As he was in the shower bath he was delivered a message, sent by John W. Davis, congratulating him and promising support. It was the first congratulatory message received from out of town and the governor expressed keen pleasure on reading it.

ROBINSON HELD 3 HIGH OFFICES IN TWO WEEKS PERIOD

Democratic Vice Presidential Nominee One of Strongest Men in Senate

Houston, Texas — Senator Joseph Taylor Robinson, of Arkansas, selected by the Democrats here today as its candidate for the vice presidency of the United States, is a southerner by birth. He once had the unique experience of being a congressman, governor of his state and United States senator within the brief space of two weeks.

With a wide political background in which this rather remarkable circumstance was the outstanding episode, Mr. Robinson rose to the leadership of his party in the Senate leadership circle and aggressive—and came to be one of the "dark horse" possibilities in those turbulent days of the McAdoo-Smith deadlock in the 1924 Democratic national convention.

All in all, he probably is one of the most aggressive leaders the Democrats of the Senate had within a generation. Possessing a robust physique and a thundering voice, he can charge down on the enemy across the aisle as though to rend them by sheer physical power.

Born at Lonoke county, Arkansas, Aug. 26, 1872, Mr. Robinson was sent to Congress at the age of thirty, and was serving his fifth term there when on January 14, 1913, he resigned and was inaugurated Governor on January 16.

Twelve days later the State Legislature elected him to the United States Senate, and he took his seat on March 10, 1913.

The people of his state were not wholly pleased at his sudden elevation to the Senate, but he made good there and the storm had passed before he came up for reelection with a result that he was renominated over the opposition of one of the ablest and most popular men in the state.

By that time Robinson had been in politics in his home state for thirty years, having served as 'State legislator at the age of twenty-two, and as Presidential elector in 1900, before going to Congress, where he spent ten years. He is a lawyer, and had built up a fine practice in his state.

Chosen as a delegate to the Democratic national convention in San Francisco in 1920, he expected to be no more active there than the thousand and one other delegates, but the party leaders, facing a mad scramble by a score of candidates for the nomination, decided it was necessary to have a two-fisted permanent chairman and the Arkansas got the call.

Taking charge of the convention as if he had been born to the job, Robinson stood up under the trying grind of forty-four ballots during days and nights. The record he made there had no small part in his selection three years later as the Democratic leader in the Senate when Oscar W. Underwood laid down the reins.

Senator Robinson is especially informed regarding foreign affairs. His arguments against the Four Power Treaty which Senator Underwood helped to frame as an American delegate to the Arms Conference, were among the most memorable of his Senate career.

While serving as Governor of his state for only a very brief space, his administration was attended by legislative enactments of prime importance, including the corrupt practices act, the reorganization and reform of the state banking system, and changes in the control of the penal institutions in the state.

Like many other of the Americans who rose to prominence in his day, Senator Robinson had no easy way in his childhood. The son of Dr. James Robinson and a Maudie Robinson, he got his early education at home and in rural schools.

At the age of seventeen he began teaching to earn money to enable him to continue his studies. He attended the State University and later studied law at the University of Virginia. He was admitted to the bar in 1896.

SHATTER OLDEST TURK'S DREAM OF SEEING U. S.
Constantinople — (AP) — What he claims to be the first great tragedy in all his 155 years, has been Zaro Agha, the "Grand Old Man" of Turkey and self-styled oldest man in the world. The tragedy is the pricking of his favorite bubble—the dream of a trip to the United States.

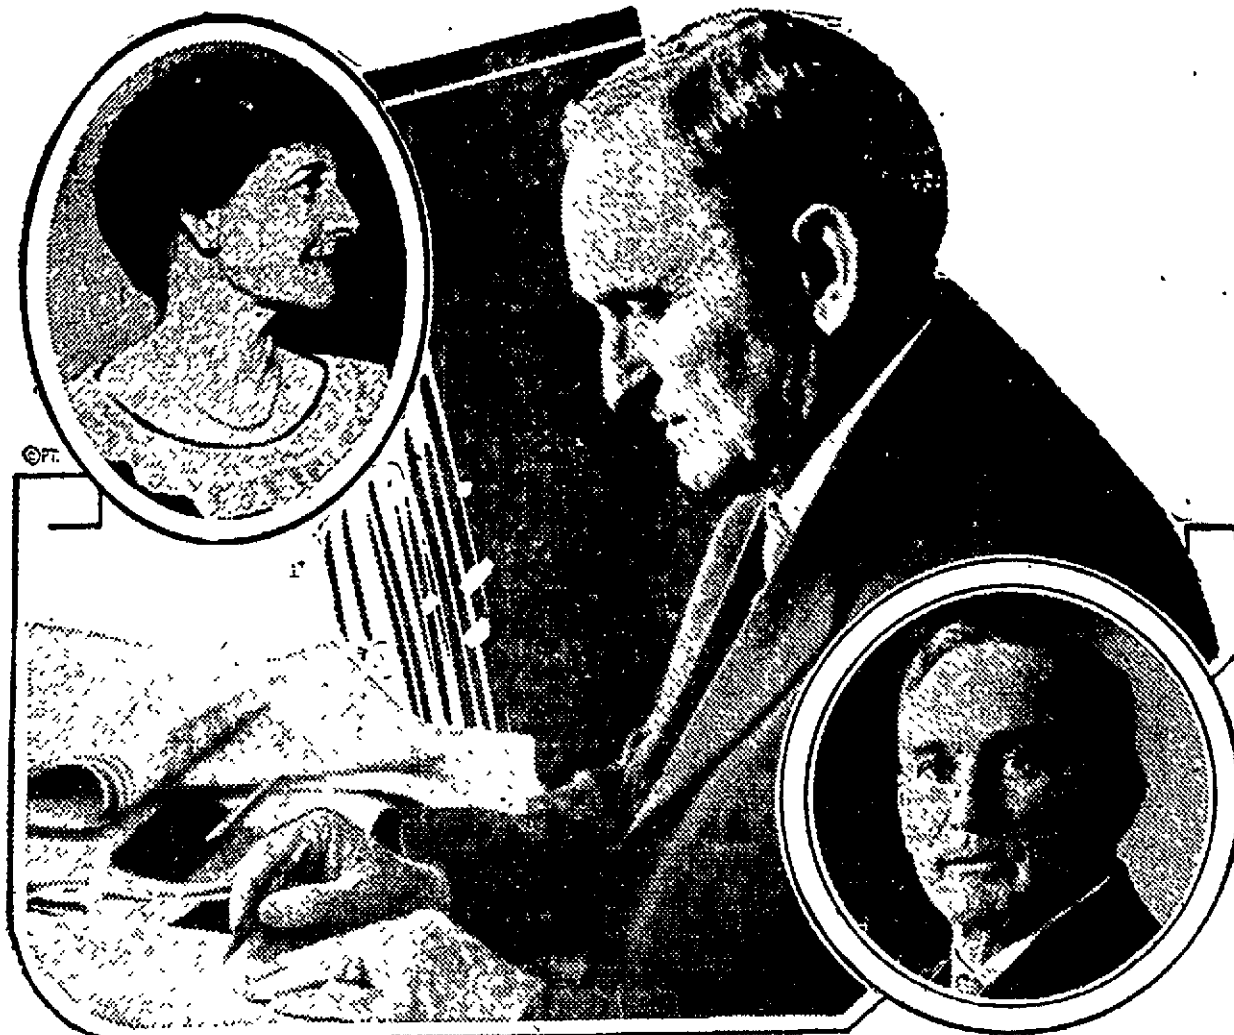

A facetious and wealthy Turkish merchant offered to finance the old man's trip. Nimble and energetic, Zaro Agha had proceeded to make his preparations, threw down his job as door-keeper at the city hall and then demanded the promised travel-money from the merchant. With the latter's avowal that he had only been fooling, Zaro Agha has gone back, broken in hope, to his job at the city hall, at the same time bringing suit against the playful merchant demanding reimbursement for the \$50 spent on new clothes for the American venture and the loss of salary as door-keeper during the past month.

INJURED PAINTER'S CONDITION UNCHANGED
No change has been noted during the last two days in the condition of W. H. Ottman, a painter who broke his back in a fall from a house several days ago. The man is in St. Elizabeth hospital. His spinal cord was cut by the fracture and little hope is held for his recovery.

LOCAL LEGIONAIRES PAY VISIT TO TOMAHAWK LAKE
Four Appleton legionnaires were to leave Friday afternoon for the Appleton legion camp at Tomahawk lake where they plan to spend the week-end fishing. Those who will make the trip are John E. Hantschel, Alfred C. Bosser, Hugo L. Keller and James Baitell.

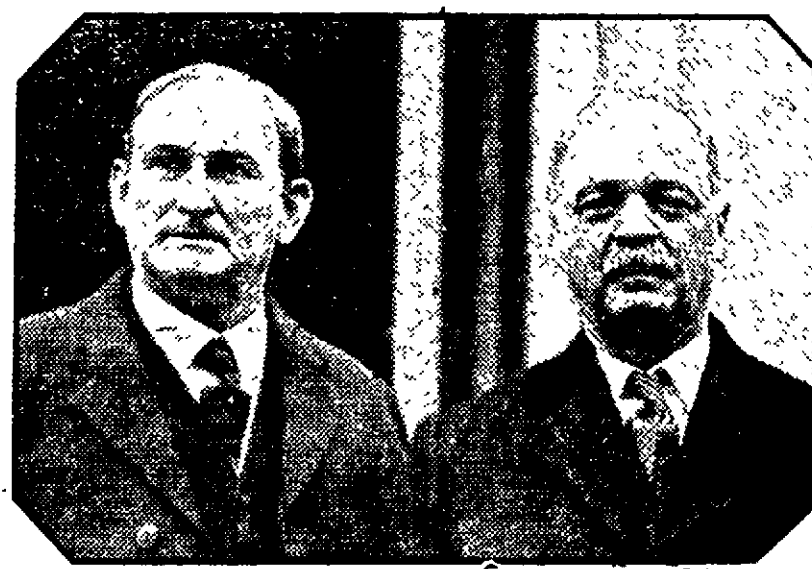

THIS WOMAN PAID!
Cincinnati — Just another case in point that the old saying, "The Woman Pays," is true. In a divorce suit, Mrs. Cora M. Ross told the judge that despite the fact that she had used her savings to buy her husband two automobiles, he charged her \$3 every time she went for a ride.

AL SMITH'S RUNNING MATE IN CAMPAIGN

Senator Joseph T. Robinson of Arkansas, permanent chairman of the Democratic national convention, was selected as the party's vice presidential candidate by an overwhelming vote today. Robinson, Democratic leader of the senate, is a Protestant and dry and is regarded by party leaders as a candidate well suited to hold the "solid south" in line next November. The veteran senator attracted nation-wide attention last winter when he publicly and scathingly rebuked Senator Heflin, Alabama, for a Senate speech in which Heflin assailed Catholics. Insets are Mrs. Robinson and a closeup of the senator.

At the right, Senator Robinson is shown with Senator Curtis, Republican vice presidential nominee. This photograph was made when they—as Democratic and Republican leaders of the Senate—paid a joint visit to the White House.

Hoople Broaches Plan To Improve Conventions

CONTINUED FROM PAGE 1

presented in the finger sign system or lip reading.

That the platform speech be sent out by circular letter to wrong addresses.

That nominating speeches of a candidate be limited to the truth, which would only require three minutes to deliver at the most.

The speeches seconding the nomination.

GERMAN YACHTS STILL FLY MONARCHIST COLORS

Potsdam — (AP) — Black, red and gold, the colors of republican Germany, are hardly ever seen on the lakes and rivers surrounding greater Berlin, in the opinion of the "Reichsbanner," or Republican League. To see to it that the old monarchist colors now mostly displayed by yachts, launches and sailboats are replaced by the republican colors, will be one of the chief tasks of the "Reichsbanner" during the spring and summer months.

As a further means of making propaganda for the republican idea on German inland waters, the "Reichsbanner" has just launched two eight-oar and one four-oar skiffs and has given them the names "Deutsche Republik," "Reichsbanner" and "August Bebel"—the latter after the famous late Socialist leader.

The dedication took place in the presence of Prussian officials, trade union leaders, and the widow of President Ebert.

LAYING TRACKS FOR NEW FREIGHT DEPOT

Section crews of the Chicago and Northwestern railroad started laying ties and rails in the yards of the new freight depot Friday morning. The first section of track is being laid parallel to the main building and is to extend to N. Superior-st.

Now Children Beg Mothers for this Mouth and Teeth Cleanser

Semafor is the new scientific purifier whose RED color changes to WHITE if disorders lurk in mouth and throat.

Because Semafor's scientific COLOR CHANGE interests and fascinates children, they never grumble at brushing teeth and gargling the mouth and throat at bedtime. On the contrary, they actually beg parents to keep Semafor handy on the bathroom shelf.

"Before we got Semafor," one mother says, "I was literally exhausted every night from compelling our children to brush their teeth and gargle. Now the tables are turned, the children remind me that it's time for their Semafor. And I always know they've gone to bed with clean teeth and mouths. And they never have canker sores and gumboils anymore."

All druggists handle Semafor. We buy new users their first 35c bottle. No charge. Just send your address on this coupon. Make tests shown in accompanying booklet "Visible Mouth Hygiene." Clip coupon now.

For 35c Bottle Free
Try Semafor. Send this coupon (no money) to Indiana Laboratories, Inc., Dept. A10 154 E. Erie St., Chicago

LEGIONAIRES NOT SATISFIED WITH BASEBALL TOURNEY

Outagamie-co Council Meets at Kaukauna With New Officers Presiding

About 25 members of Outagamie-co council of the American legion were present at the regular monthly meeting of the group at Grand View hotel, Kaukauna, Thursday evening. The meeting was the first under the new officers of the council, Donald Mathewson, Hortonville, chairman, Matthew Revenben, Little Chute, vice chairman, Oscar Ehlike, Kimberly, treasurer and Alfred C. Bosser, Appleton, secretary.

The legionaires are not satisfied with the manner in which the legion baseball tournament is being carried on throughout the country and went

on record as favoring a revision of rules. Several legionaires maintained the small cities and villages in a community were at considerable handicap because they do not have the same choice of players as cities. The matter was referred to George Dame, county contact officer, who will present the question at the state convention of the legion at Wausau, in August.

A plan whereby the county unit can gain recognition during the state legion parade and convention also was discussed by the legionaires as it was estimated about a hundred county legionaires would be at the convention as delegates. A committee composed of Arthur Schmalz, Kaukauna, Oscar Ehlike, Kimberly, and John Hantschel, Appleton, was appointed to handle the problem and report at the July 28 meeting of the council.

E. L. Madsen, editor of the Badger Legionaire, official organ of the state department, attended the meeting and reported on the dedication of the state legion game preserve at Tomahawk lake several weeks ago. The preserve is on the legion camp grounds site at the lake. He also discussed new

policies being worked out by the state department of the legion. A plan of celebrating Armistice day also was brought before the meeting for discussion but councilmen were undecided whether one central program would be a fitting observance or whether each post should hold its own services. The matter again will be brought up at the July meeting of the group.

INDORSE CLINIC FOR CRIPPLED CHILDREN

Members of the county health committee, at a monthly meeting at the courthouse Thursday afternoon, voted to cooperate with the Appleton Civic council which is to sponsor a clinic for crippled children in Outagamie-co. The board also voted to have a health exhibit at the county fair at Seymour next September. Miss Marie Klein, county nurse, is to have charge of the exhibit. Miss Klein also presented her monthly report at the meeting and other routine matters were transacted.

COMMITTEE PLANNING FOR HARVEST DINNER

Preliminary plans for the annual Harvest dinner will be made at a meeting of the rural affairs committee of the chamber of commerce at its meeting at 9:30 Monday morning at the chamber offices. The dinner in past years has been well attended by farmers and business men.

Completion of plans for assisting in calf club work in the county also will be made at the meeting.

DEMOCRATS PICK STATE CONVENTION DELEGATES

Outagamie-co Democrats will meet at Hotel Northern at 7:30 Monday evening to elect 14 delegates to the state convention of the party at Milwaukee on Saturday, July 7. The state meeting has been called to recommend and endorse Democratic candidates for state offices and for United States senator, draw a platform, and transact other business which might come before the meeting.

This Store will be open Saturday Nights as usual. But not on Friday Nights

CATLIN MAKES RAGE FOR STATE SENATE

Appleton Attorney Has Been
Prominent in Politics for
Many Years

Nomination papers for Mark Catlin, Appleton attorney, as candidate for state senator from the district which comprises Outagamie and Shawanago, were placed in circulation this week. Mr. Catlin announced he would run on the Republican ticket.

Mr. Catlin, who practiced law in Appleton since 1909, served in the state legislature as a member of the assembly in 1921 and 1922. He resigned last spring as coach of Lawrence college football team.

A graduate of the University of Chicago, where he obtained his doctor of Philosophy degree, Mr. Catlin completed his school work at the University of Iowa where he obtained his degree as a doctor of law. It was while at the University of Chicago that he won nationwide fame as a football player.

He served Outagamie-co as district attorney for four years, from 1914 to 1918, and in 1924 was elected alderman of the First ward; which position he still holds. He was connected with the coaching staff of Lawrence college from 1909 to 1916, again in 1918 and from 1924 to this year.

SPEEDER ADMITS GUILT; FINED \$10 AND COSTS

Edward Kippenahm, 1315 S. Mason-st., was fined \$10 and costs by Judge Theodore Berg in municipal court Thursday afternoon when he pleaded guilty of speeding. He was arrested Wednesday by Fred Arndt, motorcycle officer, for traveling 34 miles an hour on S. Cherry-st.

MAKING ASSIGNMENTS AT VOCATIONAL SCHOOL

Registration cards for students who will enter the Appleton vocational school next fall have been filled out and individual assignments arranged by Miss Laura Reier, in charge of the office during the absence of Herb Heilig, director, is attending summer school at Fort Collins, Colo. The cards are being filed according to class order to avoid confusion when school opens.

BAD WEATHER KEEPS YOUNG DEER INDOORS

Rainy, cold weather has prevented state game warden, Louis Jeske from placing the fawn, which has been in the Roach Sport shop window, in Alicia park as was contemplated Wednesday afternoon. The pen for the youngster has been constructed but until the weather man sends more seasonable temperatures, the fawn will be kept indoors.

Woman Denies German's Charge That Her Sex Is Man, Ape Link

EDITOR'S NOTE—This is the second of three articles discussing the theory of Dr. Adolf Heilborn, German scientist, that women are not human beings but a mere link between man and ape.

Chicago—Dr. Adolf Heilborn, the famous German anthropologist, who recently declared that women are not a human being but a weird "freak," part way 'twixt man and animal, is nothing but "a man with a peeve who has been turned down by too many women."

Who says so? A woman can pretty well match Dr. Heilborn himself with degrees, various honors and professional record.

The woman is Dr. Maude Slye, associate professor of the medical college of the University of Chicago. Her autopsies performed on nearly 100,000 mice, together with years of study of mice habits, have done more to further medical understanding of the hereditary phases of cancer than any other research work.

"If women are not human beings, then the whole race is obviously condemned," said Dr. Slye, raising for a moment before the cage of her famous dancing mice in her laboratory.

"I cannot speak in detail about Dr. Heilborn's book because I know only the reviews upon it. But speaking as a woman rather than a scientist, I wonder how many women have turned that man down."

SAYS SCIENCE CONTRADICTS
Turning scientific, however, Dr. Slye discussed the charge that woman is merely the link between an ape and a man.

"Let's look at the lower forms of nature first," she said. "In every branch of life you'll always find that the female is exactly as good a fighter and a provider as the male, and sometimes better. This in spite of the fact that the female is burdened with the immediate production of posterity."

"And the same laws of nature are as true with the human form of life as with any other. There would be a definite and inexplorable break in the theory of evolution if a different law should apply to sex in the human species."

"So by absolutely scientific proof in the theory of evolution and the discovered laws of nature, woman is inherently man's equal and occasionally his superior."

But what civilization has done peculiarly to women must be watched, says Dr. Slye.

"We have proof that the Amazons were huge in stature, fighters and providers. But from that time to this man have been subduing women, making them chattels and slaves, denying them physical and mental development."

"Women have been used for nothing but the breeding of posterity and it has taken time and tremendous effort to break away from the shackles men have imposed. But we are doing

Dr. Maude A. Slye, world famous for her researches in cancer, photographed among her experimental mice in her laboratory at the University of Chicago. She says science disproves of Dr. Heilborn's theory that woman is merely a link between man and the ape.

it every day. We have begun. There is no doubt about it."

WHAT WOULD A MAN DO?
Dr. Slye smiled at this point.

"I am thinking of the comparison Dr. Heilborn makes between male and female success in the fields of science and art," she continued. "How absurd! Take a man, put him without four walls, give him eight children to bathe, feed, teach and watch over, give him the cooking to do for an irritable wife, demand of him a clean house. Do this to him for generation upon generation and see how much accomplishment he would have made in the field of arts and sciences."

"I am not backing up my argument at this point with scientific facts. But I am personally convinced that we would see little endurance on the part of the male under such conditions, let alone achievements in fields outside the home, his own ballroom in which he was incarcerated."

"Now, going back to Dr. Heilborn's claim that women are smaller-boned, softer-muscle, poorer-blooded than men. How, then, do we get our fine strong sons? After all, you know, the boy gets 50 per cent of his inheritance from his mother, and sometimes more. My mice here in the laboratory teach

me that. Very often the male is completely albino like his mother, though the father is entirely gray."

CHILD HALF OF MOTHER
"The child is not only subject to a 50 per cent inheritance of his mother's mental and physical endowment, but is nourished and formed for nine months before birth by this 'poor blood' of his mother."

"So, going right back to the starting point, this ape-like creature, woman, is so important to the human race that if she be ape-like, a semi-sex, 'a missing link,' 'a something not human,' so will the entire species be because it must, by sheer force of nature, inherit half of her qualities."

But Dr. Slye was ready for her mice again.

"Such a discussion is futile," she said. "Naturally, the female of any species is formed a little differently from the male. But both science and achievement, in spite of the chains of man-made civilization, prove that physical formation has nothing to do with female mental development."

NEXT: What does the president of the oldest women's college in America say?

STAGE And SCREEN

FAIRBANKS A DARING GAUCHO IN NEW FILM

In Douglas Fairbanks' new picture, Douglas Fairbanks as The Gauchito, at the Elite Theatre, tomorrow and Sunday, he has the most dashing part he ever played. The Gauchito is a picturesque nineteenth century character little known to the States, and apparently destined to attract more than ordinary attention there as well as in South America.

The scenes of Doug's plays have been veering southward, France, England, Arabia, Spain, the Antilles—and now the Pampas. The story has no definite locality but is laid in the Pampas regions at large, making no pretense at historical accuracy, but using the picturesque environment as a background for romance.

Douglas Fairbanks as The Gauchito is a tale of treasure, combat, intrigue and love, concerning the adventures of a bandit who crosses the Cordilleras with his riders to seize a city grown rich from the offerings of pilgrims to its sacred shrine. For the first time the star has two leading women, one a wild madcap, the other a saintly character. The production has a conflict of love interests, said to be much stronger than in any previous Fairbanks picture.

Under the instruction of real gauchos from Argentina, Fairbanks has become an adept with the boleadoras, which he uses in the picture as one of his many striking feats of prowess.

ESTHER RALSTON THRILLS AUDIENCE IN "SOMETHING ALWAYS HAPPENS"

Ghosts fluttering about cobwebby beams; hideous faces peering at a beautiful blonde trapped in a den of mysterious creatures; eerie noises and chilling screams, and with it all many laughs and a splash of romance.

That is a brief description of what goes on during the action of "Something Always Happens," Esther Ralston's latest Paramount starring vehicle which opened today at Fischer's Appleton theatre.

The story is, in a few words, a detailed account of hilarious happenings in a haunted house, with Esther Ralston playing the girl in the den of spooks and Neil Hamilton as the boy friend who arranges for the ghostly occurrences, not figuring on a band of real crooks.

A peppery plot, with action happening at lightning-like speed, "Something Always Happens" is Miss Ralston's best effort. We have seen her in "The Spotlight," in "Figures Don't Lie" and in "Love and Learn," among others, and have watched her climb

into the public's heart. She reaches a new peak in this latest. It's a dandy.

Frank Tuttle, author of the original story and director of the picture, has done a remarkably fine piece of work.

Chief in the big supporting cast are Soffel, oriental actor; Roscoe Karns, of Beau Sabreur fame, and Charles Sellen, who made a big hit on the stage as the uncle in Holbrook Blinn's "The Bad Man."

PERMIT POWER COMPANY TO RUN KIMBERLY BUSESSES

Permission has been granted by the Wisconsin Industrial Commission to the Wisconsin-Michigan Power company Appleton, to operate a bus line between Kimberly and Appleton over the same route and with the same equipment now used by Carl Peatler. Mr. Peatler now operates a bus over County Trunk Z, on the south side of the Fox river. The order from the commission does not allow the power company to compete with Otto Lundquist on Local traffic between points which his busses serve. Mr. Lundquist's line operates on Highway 41 on the north side of the river, crossing the bridge to the village of Kimberly.

Power company officials said Friday they were not prepared to say when the change would take place.

WANT POLICE TO HELP IN SEARCH FOR MAN

Acting Police Chief V. J. Vaughn received a letter from a Milwaukee woman Friday asking help in locating her father, Emil Kallies, who is thought to be in Appleton. Chief Vaughn has requested that anyone having information regarding this man should get in touch with him.

The Rev. J. A. Holmes who has been at his summer cabin "Homeside" near Hayward since Tuesday, June 19 returns here Friday. He will leave again next Tuesday for his summer home where he will remain for the greater part of the summer.

Mrs. Herb Heilig and family left Friday for Galva, Ill., to spend the remainder of the summer with friends and relatives.

Misses Marie and Wilma Weemer, Sheboygan, and Miss Helen Jones, Milwaukee, are visiting friends here.

AMUNDSON LOST BEFORE

This is not the first time that the world has counted Capt. Roald Amundson as lost in the Arctic wastes. When he flew over the north pole with Noble and Ellsworth in the Norge, anxiety was felt for his safety. Yet here he is shown as he was welcomed in Seattle, Wash., after the venture two years ago.

FRANCE PUTS BAN ON EASY MARRIAGES

Paris.—(AP)—Simultaneously with the tightening of the regulations covering the divorcing of foreigners by the French courts, the ministry of justice has issued instructions that greater attention must be paid to marriage laws.

This is proving somewhat costly to American lawyers in Paris and on the Riviera who have made a specialty of handling all the details of a French civil marriage on brief notice. In many cases which have been brought to the attention of the "procureur general" the necessary banns apparently have never been published, birth certificates have not been provided and in the case of divorced persons the extracts of the divorce court's decree have not been filed.

At considerable cost to clients lawyers have had marriages performed within twenty-four hours after the arrival of the parties in France, whereas the law calls for residence of twenty-one days and at least eight days open publication of banns.

Mayors have now been advised that all marriage returns are to be closely reviewed and in cases where the law has not been complied with the right of the ministry of justice to annul marriages will be exercised.

Incubators were first used in Europe in A. D. 1777, but the Chinese and Egyptians practiced artificial incubation over 2,000 years ago.

RESTORE GOLD CHAIR OF QUEEN HETEPHERE

Calro, Egypt.—(AP)—Queen Hetephere's carrying chair has been restored after two years careful work and delivered to the Calro museum. The chair was made by her son.

King Cheops, some 6,000 years ago. It is caused in pattered gold and inlaid with solid gold hieroglyphics. Its great beauty is said to throw considerable light on the artistic sense of Egyptian craftsmen of the pyramid age.

When discovered the wood of the chair was entirely decayed or shrunk

to one-sixth of its original volume, but the joints of tenons and mortises were in perfect preservation. New wood exactly like the old was used in reconstruction and the gold-cases and gold hieroglyphics were mounted on it. Mr. and Mrs. R. M. Dabike, Racine, spent Thursday with relatives here.

SOCIAL ACTIVITIES

Women Meet And Choose A Delegate

MRS. E. O. Miller was elected a delegate of the Women's Missionary society of Emanuel Evangelical church Thursday afternoon at the home of Mrs. Henry Greiner, Appleton, route 6, to the state convention of missionaries societies at Lomira in August.

Members of the society met at the homes of Mrs. Lydia Gorges, N. Superior-st., and Mrs. Frank Salberlich, N. Drew-st., and were taken to the farm in cars. Devotional were led by Mrs. Bernard Salberlich and Mrs. Edward Miller lead the discussion of the topic, "Christian Missions and Modern Industry."

A musical program was composed of selections by a vocal quartet, Mrs. Edward Petzick, Mrs. John Trautman, Mrs. Amos Greb and Mrs. J. F. Nienstedt; a vocal duet by Miss Lois Nienstedt and Miss Marguerite Greb; instrumental selections by Miss Janet Radtke. A reading, "The Water-fowl" by William Cullen Bryant, was given by Miss Alice Miller.

Members of the social committee for the meeting were Mrs. J. Sorenson, chairman, Mrs. Bernard Salberlich, Mrs. H. Peotter, Mrs. E. Meisner, Mrs. F. Horn, Mrs. E. Miller, Mrs. Oscar Wulff, Mrs. William Sager and Mrs. Ernestine Breitenfeldt. The meeting was attended by 50 members and friends.

STUDENT RECITAL IS WELL ATTENDED

An appreciative audience attended the piano and violin recital students of Marjorie Miller and Marion Miller presented at the Methodist Episcopal church, Thursday evening. The last two sections, both played with string accompaniment, by Duane Fish and Virginia Rammer, were especially well received. Although some of the pupils were very young, all the selections were advanced. Ten piano and six violin numbers were played.

WEDDINGS

Mr. and Mrs. August Dobler, 1321 W. College-ave have announced the marriage of their daughter, Edna, to Edward Court, on June 23, at Wauegan. The bride is employed at the Badger Printing company and Mr. Court is employed at the Ryan and Long planning company. They will make their home with the bride's parents at 1321 W. College-ave.

Mrs. Grace Lang, 745 W. College-ave and Robert Noel, also of this city, were married Monday at Wauegan. Mr. and Mrs. Noel will live in this city.

Carl Walker, son of Mr. and Mrs. Joseph Walker, Menasha, who taught manual training in the Appleton high school in 1927, married Emily von Jasmund, niece of Mr. and Mrs. Mortimer Henry von Jasmund, Detroit, were married Wednesday evening at Detroit. Mr. Walker was graduated from Menasha high school and attended Lawrence college and Oshkosh State Teachers college. He has been employed as a manual training instructor in public schools at Detroit for the last year.

Robert Elch of Chicago, son of Mrs. Minnie Elch, a former Appleton resident, and Miss Clara Elch, also of Chicago, will be married Saturday evening at Bethel church, Chicago.

CHURCH SOCIETIES

Special summer services will be held at First English Lutheran church beginning Sunday. The services will start at 9 o'clock in July and August.

Committees have been appointed for the ice cream social to be given by the Baptist Young Peoples Union Saturday afternoon and evening at First Baptist church. Miss Gwendolyn Vandawarka is chairman of the general committee and will be assisted by Robert Eads and Miss Myrtle Trentlage. Miss Alice Taylor is chairman of the serving committee and Miss Kristin Arvola and Miss Clara Stallman are members of the committee. The proceeds of the social will be used to send several members of the union to the summer assembly at Green Lake.

Mrs. A. Bartlein will be chairman of the food sale held by the Martha Household Saturday at the Ryan and Long store. Mrs. Earl McGinnis, Mrs. Richard Long and Mrs. Edward Cummings are members of the committee.

Mrs. F. O. Lettis, Appleton, route 4, entertained 19 members of Circle 12, of First Congregational church Thursday afternoon at a regular meeting and strawberry social. Members gathered at the homes of Mrs. L. F. Bushey, E. Pacific-st., who is captain of the circle, and Mrs. John Graef, E. Atlantic-st., and went to the farm in cars. At the short business meeting, reports of the last year work were given and plans were made for continuing the work of raising money for the church treasury and promoting sociability among church members. Mildred Lettis entertained with music and a clever stunt.

LODGE NEWS

The meeting of Equitable Fraternal Union scheduled for Thursday night at Odd Fellow hall was dispensed with because of the weather. The next meeting will be a business session the second Thursday in July.

A picnic on July 12 at Pierce park will entertain members of Delta chapter. Employees Mutual Benefit association, and their families. Cards will amuse the grown ups and there will be games and contests for the children. Mrs. Homer Fumal will be in charge of cards and Mrs. Milo Welch in charge of organized play. About 15 members were present at the meeting of the chapter Thursday night at Odd Fellow hall, the last regular meeting since Sept. 21.

LOUISE MARSTON IS HONORED AT CLUB LUNCHEON

Mrs. Roy Marston, 538 E. College-ave, entertained 26 guests at a 1 o'clock luncheon Thursday at River-view Country club in honor of her daughter, Louise, who has arrived in Appleton to spend the summer with her parents after completing a year at Milwaukee Downer college. The luncheon was followed by bridge and honors went to Miss Ruth Smith of Green Bay and Miss Edith Shepherd of De Pere. Out of town guests were Miss Smith and Miss Shepherd, Miss Phyllis Heintz of Green Bay, Miss Priscilla Bishop and Miss Helen Wheeler of Oshkosh, Miss Alice Brigham and Miss Annette Brigham of Arcata, Calif., Miss Alice Benzing of Buffalo, N. Y., and Miss Betty Post, Milwaukee. The Misses Brigham and Post family lived in this city.

SEND DELEGATES TO CONVENTION

Four Appleton women left Wednesday for the eleventh annual convention of the Wisconsin chapter of the P. E. O. Sisterhood at Dodgeville. They are Mrs. F. G. Wheeler, Mrs. A. E. Rector, Mrs. E. L. Bolton and Mrs. F. G. Hyde and they will represent the Appleton chapter of the Sisterhood at the convention.

Seventeen Wisconsin cities are being represented at the convention, which began Thursday night and will last through Saturday. Friday evening, a dinner will be given for the members and business sessions will be on Saturday.

PARTIES

Miss Agatha Bloedow entertained at a 1 o'clock luncheon Friday at Steins Tea Room at Oshkosh in honor of Miss Maude Krake, who will be married soon to Arnold Welch. Guests were Mrs. Arthur Welch, Mrs. William Bloedow, Miss Agnes Schiebler and Miss Esther Schurtzke.

Mr. and Mrs. Herbert Schultz, Oshkosh, entertained a group of friends Tuesday night in honor of their first wedding anniversary. Appleton guests were Miss Lydia Dahlman, Miss Ella Schultz, Miss Grace Robke, Lena Wasserschbach and Marvin Wasserschbach. Mrs. August Brandt of Kewaunee and Mrs. William Braemer of Chicago also were guests at the party. Mrs. Schultz formerly was Miss Loretta Braemer of this city.

Mr. and Mrs. Leo Schreiter entertained a group of friends at their home 1352 W. Lawrence-st, Thursday evening in honor of their first wedding anniversary. Mr. and Mrs. E. M. Schreiter and Mr. and Mrs. M. E. Casper were the guests. The evening was spent informally. Mrs. Schreiter was Miss Viola Eggert before her marriage.

Miss Irma Dettman, 953 E. Pacific-st entertained eleven friends at her home Thursday afternoon, the occasion being her birthday anniversary. Games amused the guests.

CARD PARTIES

Ten tables of cards were in play at the open card party given by the Ladies Aid society of St. Joseph church at St. Joseph hall Thursday afternoon. Mrs. Joseph Dorn and Mrs. C. A. Kaufman won the prizes at Schafkopf and Mrs. Michael Alberty the prize at plumsack. The next open card party will be on July 5 at St. Joseph hall.

CLUB MEETINGS

Mrs. William Spehr, W. Wisconsin-ave, entertained the Chatter club Thursday night at her home. Mrs. Casper Lyon and Mrs. George Witt-huhn won the prizes at cards. The next meeting will be in two weeks with Mrs. Lyon as hostess at her home at Sunny Slope.

WISCONSIN WEATHER

General fair tonight and Saturday; not much change in temperature.
GENERAL WEATHER
A low pressure area overlies the lake region this morning, attended by rains within the sphere of its influence. Its center has now passed this section and the high pressure area over the plains states is spreading its influence eastward, promising slowly clearing weather here this afternoon, following by generally fair weather tonight and Saturday. No material temperature changes are anticipated with this movement of the weather controls, however.

Clement Schreiter, clerk at the First National bank, returned Thursday afternoon from Detroit, where he spent his vacation.

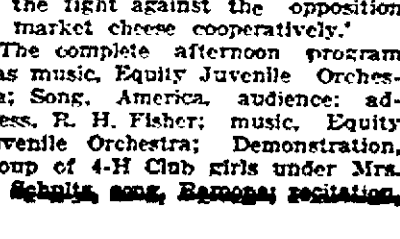

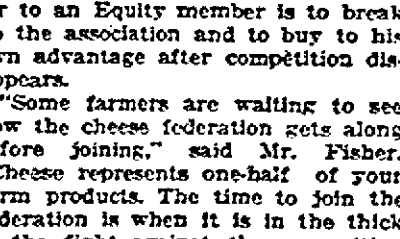

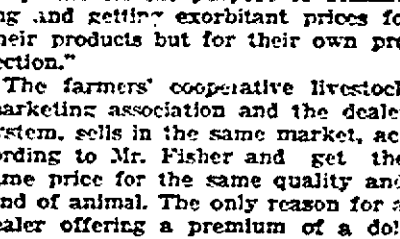

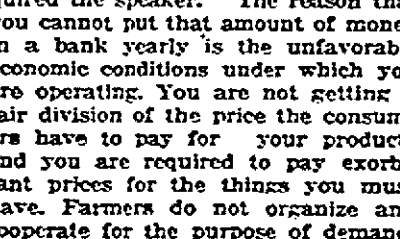

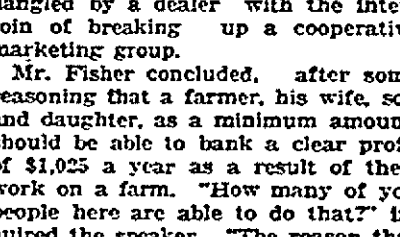

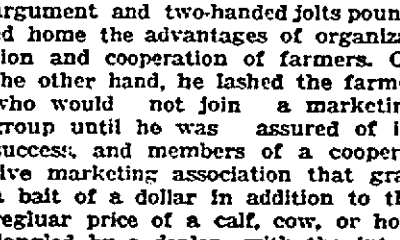

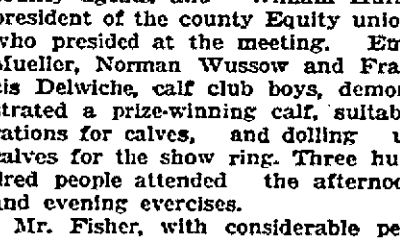

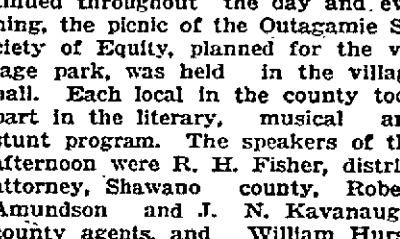

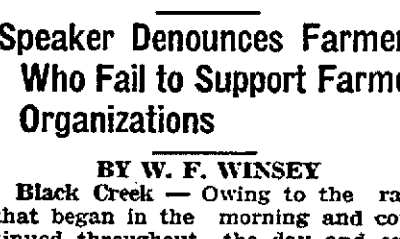

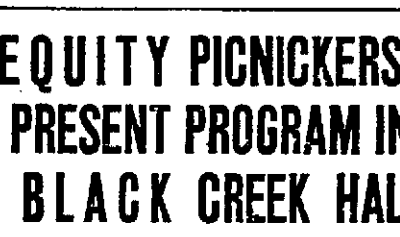

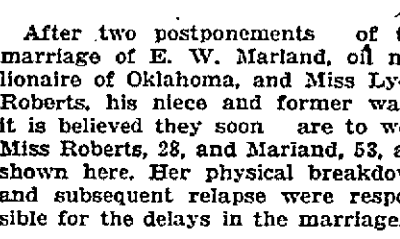

Leo Kraft, Appleton, returned Thursday evening from Milwaukee where he visited his sister.

LETTER GOLF

THE ANSWER
Here is one solution to the LETTER GOLF puzzle on page 2:
GIVE, LIVE, LIKE, LAKE, TAKE.
The hair on a man's head, if left uncut, rarely grows longer than 12 inches, according to one expert.

LADY POLITICIANS BECOME EMOTIONAL DURING NOMINATION

Mrs. Smith Breaks Restraint as Delegates Name Husband

BY MARTHA DALRYMPLE
Houston — (AP) — The politically-minded woman gave away during the nominating and balloting sessions of the Democratic convention to the typical, emotional near-hysterical woman whose interests in the proceedings were more personal and less business-like.

Led by Mrs. Smith, whose acceptance of the wild demonstration of her New York friends in their enthusiasm over her husband's nomination was

Who's Afraid? Eugene Elck; The Unknown Hero, Otto Kollath, Essay on Eggs, Hubert Elck; Dialogue, Least Said, Sonnet Mended, Daphn young people; song: Whispering Hope, by Miss Sassen and Miss Schelver; demonstration by Sunnyside calf club; demonstration by a Brown-coat club; stunts, conducted by John Becher, Greenville local.

The evening program included an address by Mr. Mendenhall, Fond du Lac Training school; dancing contest by representatives of the various locals, each local furnishing four couples, music and caller; old and modern dances for all.

SMITH ROSE FROM GOTHAM SIDEWALKS TO LEAD HIS PARTY

Democratic Nominee Started Life in Crowded Tenement District of New York

New York—Alfred E. Smith, nominated for the presidency by the Democrats at Houston Thursday night, rose from an obscure youth on the sidewalks of the east side of New York to become governor of the Empire State four times and a candidate for the highest office in America.

FROM TENEMENT TO NOMINEE

Dec. 30, 1873—Born in a tenement on New York's east side.
1900—Married Catherine A. Dunn of New York.
1903—Was elected to the New York assembly, serving there until 1915.
1915—Left the legislature to become sheriff of New York county.
1917—Elected president of the New York City board of aldermen.
1918—Elected governor of New York state.
1920—Retired to private life after defeat for re-election.
1922—Became governor again by a margin of over 300,000 votes.
1924—Re-elected governor despite Republican landslide in presidential election.
1924—Candidate for nomination for presidency; defeated by John W. Davis.
1926—Re-elected governor, the first New York governor to win four terms in the office.

ed political life in a state that is normally a Republican stronghold, especially in presidential election years. Only once in more than a quarter of a century of almost continuous public life has he been defeated for office. On that occasion, when Nathan L. Miller, defeated him for governor in the year of the Harding Presidential landslide in 1920—he ran a million votes ahead of the Democratic ticket. Generally is one of the outstanding Smith attributes and accounts for part of his immense personal following in his home city. But he has a rigid sense of public duty, with which his good nature is never permitted to interfere.

He has been called "The Happy Warrior." Fighting is something he has always had to do, commencing with his struggle to overcome poverty in his boyhood, when he helped to support his widowed mother. He repeatedly fought hostile legislatures in Albany and was successful in pushing through many important legislative measures.

He has had many fights with William Randolph Hearst, the publisher, and had a few fits with the late William Jennings Bryan. His last important fight with Hearst, when he stubbornly declined to run on a ticket with the publisher, marked the decline of the latter's influence with the state Democratic party.

Smith's own attitude regarding fighting is shown in his speeches. In the 1926 gubernatorial campaign, when he defeated Ogden L. Mills, later under-secretary of the treasury, the Republicans asserted that Mr. Mills would "get along with the legislature like a cooing dove." The governor said in reply:

"It is known to everybody in the state of New York from Montauk Point to Niagara Falls that I am not a cooing dove and what more I never will be. Everything I ever got in this world I had to fight for. I did not have it handed to me on a gold platter."

On another occasion, replying to criticism concerning his exercise of executive clemency, he said: "I was born on the lower end of the island and I come from the old fashioned kind of stock that never lets anybody put anything over on him."

Smith was born on Dec. 30, 1873, in the shadow of old Brooklyn bridge of Irish-American parents. His father, who was in the trucking business, died when he was 15 years old, and he had to leave parochial school. He sold newspapers in Park Row, was an office boy in an oil factory, clerked in a fish market, joined the Tammany Hall social club and soon came under the eye of the late Tom Foley, an old time Tammany leader. He got his political start when he was named a clerk in the office of commissioner of jurors. In 1903 he was elected to the lower house of the legislature and was re-elected again and again, becoming floor leader and then speaker of the House.

As speaker he was a leading figure in the constitutional convention presided over by Elihu Root and first began to be mentioned as a gubernatorial candidate. For a brief interval he left Albany, was elected sheriff of New York county and later president of the board of aldermen.

He was first elected governor in 1918 when he defeated the incumbent, Charles S. Whitman, by 12,000 votes. Two years later Nathan L. Miller defeated him for re-election. He became president of a trucking corporation and apparently was through with public life, although Gov. Miller named him a member of the Port of New York Authority.

He was practically drafted as a candidate for governor again and defeated Miller for re-election. In 1924 and 1926 he defeated Theodore Roosevelt and Ogden L. Mills respectively.

As governor he sponsored many welfare measures, such as widow's pensions and child labor laws. He also championed legislation favorable to organized labor. He holds honorary union cards as a pressman, bricklayer, stone mason and steam shovel operator.

His most important work, as viewed by his friends, was the reorganization of the state government. After years of effort he was successful in abolishing more than 100 commissions and boards and the vast work of the state is now done by a few departments and the governor's cabinet.

Smith has been a storm center on

WIFE GETS DIVORCE AND CHILD'S CUSTODY

Mrs. Florence Michael, Menasha, was granted a divorce in the Onondaga court by Judge D. E. McDonald Thursday from Charles Michael, Connersville, Ind., on a charge of cruelty and non support. She also was granted custody of their two year old daughter, Patricia.

SAYS UTILITIES ARE KEPT FROM SCHOOLS

Cadby Says Association Gave Nothing and Did Not Tamper With Books

Milwaukee—(AP)—The conscience of the Wisconsin Utilities Association as far as financial support of educational institutions or tampering with textbooks goes, is clear, said John N. Cadby, executive secretary of the Association today.

His statement was issued coincident with announcement that he would go to Washington to testify before the Federal Trade commission in connection with the investigation of public utility activities of the utilities.

Mr. Cadby's statement declared that the Badger utilities group had never tampered with textbooks, although it had suggested "fair" alterations that the publishers might make, that it had called attention and would like to call further attention to the fact that the state has a utilities regulating body to which people may present their complaints, and explained the University of Wisconsin fellowship set up by the association.

An investigator from the Federal Trade commission recently examined the files and records of this association, Mr. Cadby revealed, and "took to Washington material related mostly to legislation pending before various sessions of the legislature since 1921 and reports and correspondence relative to the text books used in the high schools of Wisconsin."

"We may be charged with circulation of propaganda, said the statement. "If that means distorted facts or telling only a part of the story, the public utilities and their associates are not guilty. We believe the public is entitled to know all about our business, and we have made a real effort to open up our books of account, our properties and plans to the public. We have called attention to the basic differences between ordinary competitive industries and a relatively non-competitive state regulating rates, quality of service, accounting procedure and security issues.

the prohibition question. He has frequently said he favored modification of the Volstead Act, but that he was opposed to the return of the saloon. When the legislature decided to repeal the special state enforcement law known as the Mulligan-Gage act he declined to veto it and was severely criticized in many sections of the country.

"I believe in enforcing the law," he said, "and I believe in personal liberty. I could have made a better looking case by vetoing this repeal and talking about enforcement, but in my heart I believe the degree to which personal liberty is being interfered with in this matter is unwise, and I am going to take a position consistent with what I believe in my heart."

In a letter to Senator Fess of Ohio he said: "I have had enough common sense and experience in life to understand that the saloon is and ought to be a defunct institution in this country."

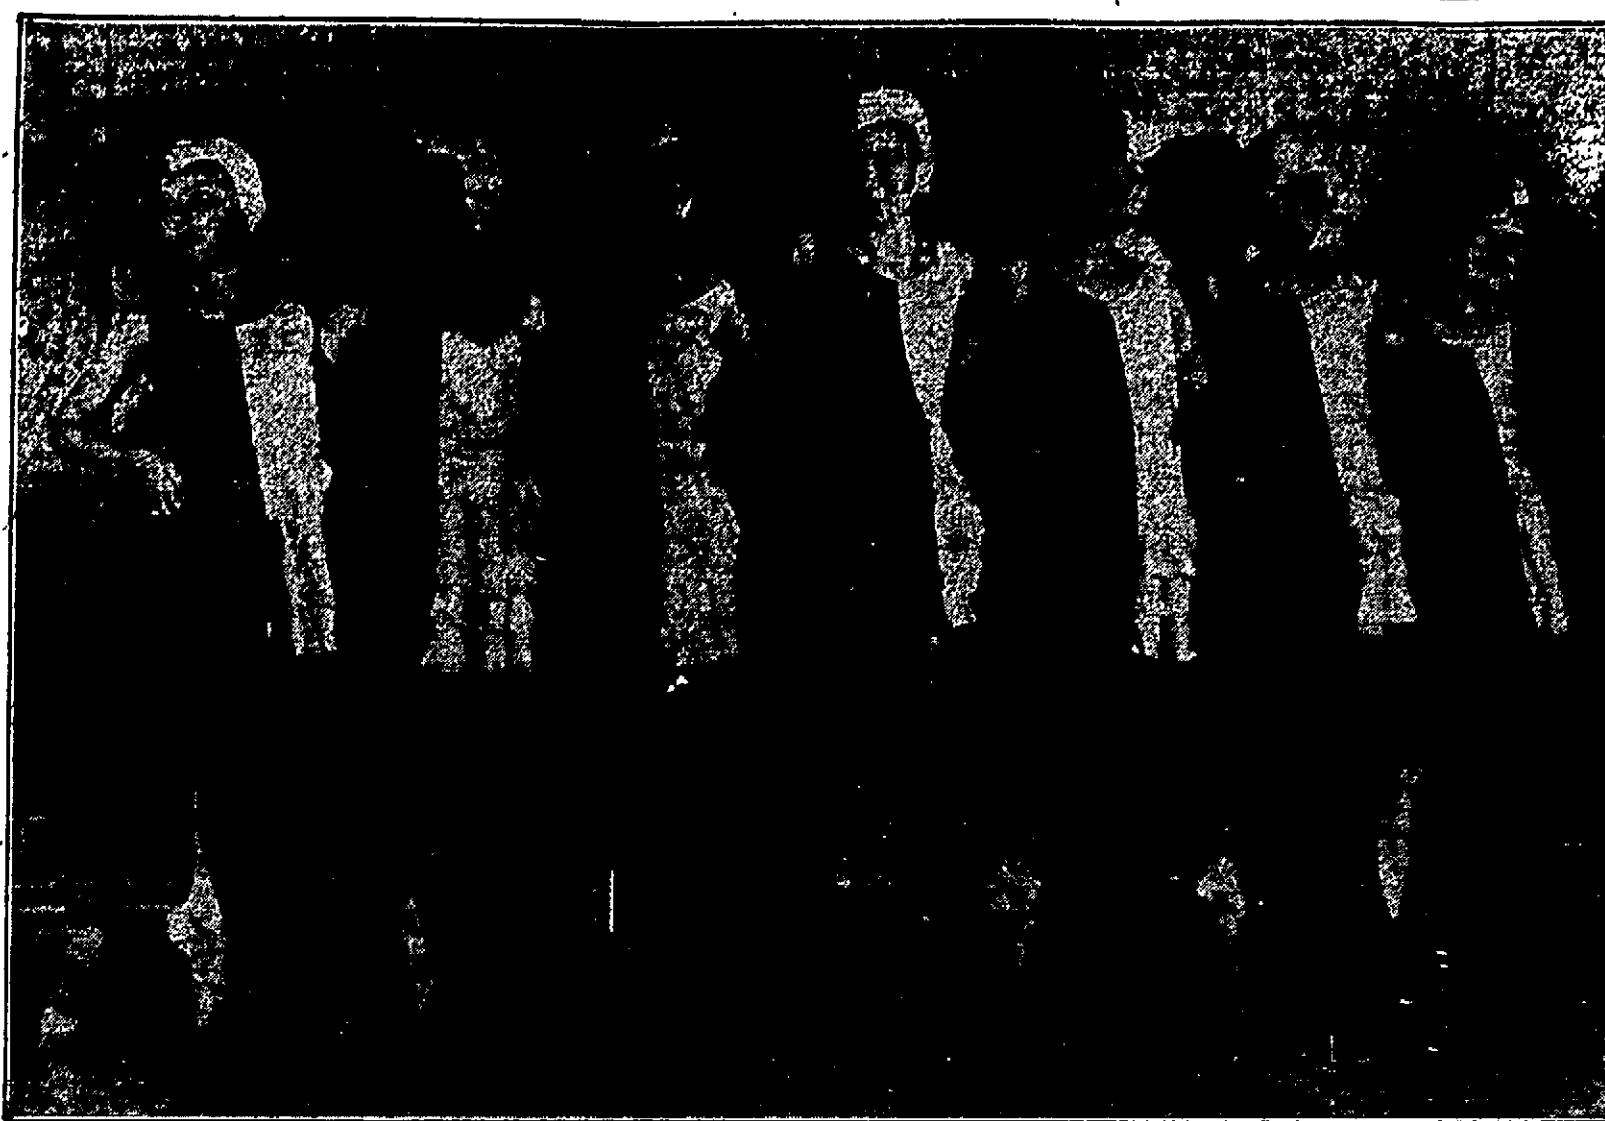

In 1926 he said: "It goes without saying that modification of the Volstead Act is an issue," and he advised the electorate to vote "yes" on a referendum, indicating that it favored modification. The referendum was carried by a great majority.

On another occasion he said: "I am not discussing the wisdom or unwisdom of prohibition. The question is whether all vestige of the rights of states guaranteed by the federal constitution is to be driven from our political theory of government."

The federal government has no right to impose upon the state any obligation to pass any statute affirmatively embodying any federal statute."

In 1900, when he was earning \$75 a month, Alfred E. Smith was married to Catherine Dunn, a neighbor hood belle. They have five children: Emily, now Mrs. John A. Warner, Alfred E. Jr., Catherine, who was married this June to Francis J. Quillman; Arthur W. and Walter J.

SEVEN DANCERS OF "SHARLOT'S RUNAWAY KIDDIES"

HERE ARE SOME OF "SHARLOT'S RUNAWAY KIDDIES" WHO WILL APPEAR IN THE STAGE PRESENTATION AT FISCHERS APPLETON THEATRE FRIDAY, SATURDAY AND SUNDAY IN CONJUNCTION WITH THE PHOTO PLAY, "SOMETHING ALWAYS HAPPENS" STARRING ESTHER RALSTON.

How To Play Bridge

By Milton C. Work

CONTRACT BRIDGE

At the conclusion of the Contract Bridge article last week we were considering the question of whether after an original No Trump game bid, a suit-bid made by the partner of the No Trump bidder should be construed as showing length and some strength in the suit-bid or whether it should be merely show the Ace of the suit named, coupled with a hand that, facing a No Trump game-goer, has slam possibilities; or, to put the question another way, does an original game-going bid in No Trump suit that declaration and make all subsequent bidding slam-showing? Expert Contract players have about decided to answer this question three ways: (1) When the overall is made in a Major suit,

It means length with some strength in the suit named, and is not a slam-shower; (2) when made in a Minor suit at a love score, it is a slam-shower; (3) when made in a Minor suit with any score for the bidding side, it is a strength-shower.

It sometimes is of great value to be able to show an Ace and slam possibilities by overcalling partner's game-going No Trump bid with Ace-suit; also to show slam possibilities but no Ace by jumping the original game-going No Trump. The information given by the jump has more value than the suit take-out and for a considerable time after Contract was introduced, both of these overcalls were conventionally considered to be slam-indicators; but the more that slam-showing was tested by practical application, the more it was found detrimental because frequently it eliminated the advantages showing of long Major suits.

KENOSHANS WANT OCT. 12 MADE A LEGAL HOLIDAY

Madison—(AP)—Legislative enactment is to be sought by Kenosha citizens at the 1929 session of the legislature to designate October 12, as a legal holiday.

If this resolution is adopted by the state of Wisconsin, it will go on record as the 54th state to honor America's discoverer.

A resolution adopted by the Kenosha Optimist Club and endorsed by the county board provides, "that the recurring anniversary of this day—October 12—should be commemorated with suitable patriotic and public exercises in observance and celebration of this great American event in the world history in memory of the courage and achievements of the intrepid navigator, Christopher Columbus, the historical, moral, and material value of whose discovery has been a great force in world progress."

Another provision mentioned is that the city of Kenosha be presented a statue of Columbus as the gift of patriotic and civic-minded citizens.

FARMERS DO ODD JOBS AFTER RECENT RAINS

Farmers in this vicinity are doing many odd jobs about their farms this week while they have been unable to work their land because of heavy rains. Many are whitewashing and painting their barns, chicken coops and sheds. Some are getting machinery in shape for harvesting and others are repairing farm buildings.

MEXICANS AFRAID OF PAPER CURRENCY

Mexico City—(AP)—Mexico continues to be a "hard money" country, despite the efforts and government to induce the people to use paper currency. Most persons hurry to a bank or money changer as soon as they receive a bill of any denomination and convert it into gold or silver coins. Paper money in Mexico now is issued by the government's Banco de Mexico, is always much more than covered by a gold reserve and is literally as good as gold. Nevertheless, the disrepute into which any and all paper money fell during the years of revolutionary disorder preceding the Obregon and Calles regime still lingers, however, unjustified in actual fact.

During this period Mexico was flooded with different varieties of paper money issued by this or that chieftain or so-called government. Most of it turned out to be worthless. Since then very politely to explanations that the pretty bank-note is of the same value as gold. Then they will, with equal politeness, refuse to accept the note of it circumstances force acceptance will rush away to swap it for a metal coin they can bite and ring on the pavement.

London will have a summer ice skating rink.

LEGAL NOTICES

NOTICE TO TAXPAYERS
Notice is hereby given to the Taxpayers of the City of Appleton, Wisconsin, that the Board of Equalization will meet in the Council Chambers, The Second Day of July, 1928, and will be in session two (2) weeks for the purpose of hearing and adjusting complaints pertaining to the assessment of the year 1928.
CARL J. BECHER, City Clerk.

SEALED BIDS
Sealed bids will be received by the undersigned, City of Appleton, up to 10 A. M. July 15, 1928, for furnishing one automobile (Coach) to be equipped with trunk suitable for carrying stakes and engineering equipment.
A certified check in the sum of \$100.00 must accompany each bid. Council reserves the right to reject any or all bids.
Dated June 22, 1928.
CITY OF APPLETON, CARL J. BECHER, City Clerk.

SEALED BIDS
Sealed bids will be received by the undersigned, City of Appleton, up to 10 A. M. July 15, 1928, for furnishing the City, delivered to the buildings as ordered coal and oil for heating purposes for the season of 1928-29.
A certified check in the sum of \$100.00 must accompany each bid. Council reserves the right to reject any or all bids.
Dated June 22, 1928.
CITY OF APPLETON, CARL J. BECHER, City Clerk.

PROPOSALS FOR STATE PRINTING
BIDS FOR STATE PRINTING
STATE OF WISCONSIN, CITY OF MADISON, Office of the State Printing Board.
Pursuant to Section 35.45, Wisconsin statutes, sealed proposals for furnishing during the next ensuing contract period of two years commencing on the 1st day of January, 1929, the printing included in the several classes of printing required by law to be furnished by state printers, and such subdivisions of classes thereof as have been provided for by the state printing board, with all other material which the printing board shall require, will be received and filed by said board at its office in the state capital at the city of Madison, Dane County, Wisconsin, at any time prior to twelve o'clock noon on Wednesday, the 13th day of July, 1928, when all said proposals will be there publicly opened and read. Each bidder may at his option file a proposal to furnish one or more than one or all of said several classes or

LEGAL NOTICES

subdivisions of classes of printing. Upon application said board will in the meantime furnish to bidders a list of the maximum prices established by law and all necessary blanks and information. No bids will be considered that are not presented in the form prescribed.
Dated at the capital in the city of Madison, Wisconsin, this 1st day of June, 1928.
STATE PRINTING BOARD.

STATE OF WISCONSIN, COUNTY COURT, OUTAGAMIE COUNTY.
In the matter of the estate of William J. Morrow, deceased. In probate. Pursuant to the order made in this matter by the county court for Outagamie County on the 26th day of June 1928.

Notice is hereby given that at a special term of said court to be held at the court house in the city of Appleton in said county on the twenty-fourth day of July 1928, at the opening of the court on that day, or as soon thereafter as the same can be, will be heard and considered the petition of Frances M. Morrow for proof and probate of the alleged will and testament of William J. Morrow late of the City of Appleton in said county deceased, and for letters testamentary or letters of administration with said will annexed to be issued to Frances M. Morrow, and

Notice is hereby also given that all claims for allowances against said deceased must be presented to said court on or before the 31st day of October, 1928, which is the time limited therefor, or be forever barred and that the said court will then and there, at a special term of said court to be held at the court house aforesaid, on the 31st day of November 1928, at the opening of the court on that day, decide whether or not the same can be, will be heard, examined and adjusted all claims against said deceased presented to the court.
By order of the Court
FRED V. HEINEMANN, County Judge.

RYAN & CARY,
Attorneys for the Executrix.
June 29 July 6-13

NOTICE
The school board of District No. 3 Ellington, Outagamie County, is prepared to receive bids for the erection of a one room school house in said district. Plans and specifications are on file as follows: Office of Edward Wetzel, Appleton, Office of County Sup't. of schools, Court House, and the Bank of Hortonville. Bids will be received up to July 6. The board reserves the right to reject any or all bids.
Signed: MRS. ROBERT C. BURNS, Clerk of School Board.

Tommy Tucker Bread

Its flavor wins favor

Hidden beneath a ruddy golden-brown crust lies the white, velvety goodness of Tommy Tucker Bread, a flavor reminding of the sweetness of fresh nut meats. Never has a loaf more luscious graced the tables of Wisconsin homes. Never has a loaf of such distinctive tastefulness been offered to Wisconsin housewives. If you haven't sampled this one perfect bread, try it today and be convinced.

Special Offer!

Heavy 12-quart galvanized pail and this large assortment of Procter & Gamble soaps

all for only **99c** (usual value \$1.30)

6 cakes P and G White Naphtha
1 pkg. Ivory Flakes (large size)
1 cake Ivory Soap (medium size)
1 pkg. Chipso (large size)
1 cake Lava Soap (large size)
and
1 12-quart Galvanized Pail

Here's an assortment of soaps that can't be beaten. Every brand is familiar to housekeepers and there's one for every household cleansing need:

P and G, the world's most popular laundry soap; Ivory Flakes, for washing hosiery and dainty fabrics safely; Ivory Soap, for toilet and bath; Chipso, for soaking clothes clean and for washing dishes in one-third less time; Lava, the rich lathering vegetable oil and pumice soap for hands that are extra dirty or greasy.

And with all these high-grade soaps you get a splendid 12-quart galvanized pail for which you'll find dozens of uses about the home. A bargain like this doesn't happen often—it will pay you to take advantage of it.

DR. SCHEDLER'S FAMOUS BLEND

Look for the Black Label

Dr. A. J. Schedler, Ph. D. — who perfected the famous Pabst blend. For 33 years head of the great Pabst laboratories. Previous to that on the staff of the Bavarian Official Experimental Station at Nuremberg.

THE Malt Syrup that changed the nation's standard. A finer blend—supreme in flavor. Made by the famous Pabst formula perfected by Dr. Schedler after countless experiments. And worthy of the fine old name Pabst, that since 1844 has always stood for the best.

Always insist on Pabst Malt Syrup — the can with the black label. It costs little if any more than ordinary malt syrups. Ask your dealer.

DRY AGENTS RAID WONDERS' SALOON AT LITTLE CHUTE

Find Complete Brewing Outfit and 30 Barrels of Alleged Beer in Basement

Tracing a lead of beer they had seized near West Bend back to Little Chute, three federal prohibition agents from Chicago swooped down on Tony Wonders' soft drink parlor in that village and destroyed what was considered one of the largest brewery plants in this section, together with about 30 barrels of alleged beer and considerable alleged whisky, moonshine and gin.

Wonders was not arrested as the agents were unable to find him. They left Little Chute after the raid but the village constable said he believed they would return.

The brewery is said to have had a capacity of about 60 barrels of beer. All the equipment was destroyed by raiders, who first took samples of the alleged beer. The alleged whisky, part of which was bottled and labeled, also was destroyed together with a quantity of alleged moonshine and gin.

CHARGES HUBBY SLAPPED HER FACE; GETS DIVORCE

Charging her husband slapped her while they were standing on College-ave and that he had treated her in a cruel and inhuman manner, Mrs. Genevieve Cochrane, 37, Appleton, was granted an absolute divorce from Thomas Cochrane, 28, Streator, Ill., by Judge Theodore Berg in municipal court Friday morning. Mrs. Cochrane charged her husband often got drunk and that once he attempted to choke her. The judge granted her the use of her maiden name, Miss Genevieve Kober. They were married at Green Bay on Nov. 11, 1927, and separated April 15. Mr. Cochrane did not contest the suit.

CONGREGATIONAL CHURCH ROOMS BEING REPAINTED

The kindergarten room of the basement of the first Congregational church, and all the rooms on the first floor except the auditorium are being repainted. George Jackson is handling the work, which will take about a week for completion.

MILK DEALERS SLOW IN GETTING LICENSES

Only 13 of a possible 66 milk dealers in Appleton have applied for licenses, according to Theodore Sanders, deputy health officer, although Saturday is the final day for securing permits. Dealers will be given about 30 days in which to comply with the law and then police will be asked to make a checkup. Mr. Sanders said. Under the new milk ordinance adopted by the city council a week ago, the deputy health officer, instead of the city clerk, issues milk dealers licenses.

MEAT HOOK SLIPS AND INJURES BUTCHER'S HAND

Elmer Schabo of the Schabo Meat market suffered a lacerated right hand Thursday afternoon, when a large meat hook penetrated the member while Schabo was trying to hang a 25-pound piece of meat on a hook. He was given medical attention and was able to return to his duties Friday.

S. ONEIDA-ST BRIDGE OPENED TO TRAFFIC

The S. Oneida-st bridge was opened to traffic Friday afternoon. Employees of the Meyer Construction company completed work on a temporary support for sections resting on the abutment recently undermined by water. Several 12 by 12 timbers were placed under the sections. The temporary abutment is expected to serve until W. M. Torkelson, bridge engineer, can inspect the structure and bring suggestions to the city council for repairs.

EVANS RETURNS FROM TRIP OF INSPECTION

The Rev. and Mrs. Richard Evans returned Thursday from a trip to Tomahawk, Wausau, Mosinee, Stevens Point, and Oconto Falls where they have been since Saturday. Dr. Evans, who is superintendent of the Appleton district of the Methodist church, attended to church business, preached in Wausau, and held conferences on his regular quarterly rounds. Among the special functions at which Dr. and Mrs. Evans were entertained was a mother and daughter banquet at Tomahawk where Mrs. Evans spoke.

LAWRENCE GRAD IN HOSPITAL RESEARCH

Winifred Wood, daughter of Mr. and Mrs. James A. Wood, 402 E. Washington-st., is doing research work at the Michael Reese hospital, Chicago, this summer. Miss Wood, who graduated at Lawrence college in 1922, has been teaching in the chemistry department of the New Jersey college for women, New Brunswick, New Jersey, for the past two years.

OGILVIE ADDED TO LAWRENCE FACULTY

Albert Ogilvie, graduate of Lawrence college in 1925, has been appointed instructor in the zoology department of the college. Dr. R. C. Mullenix, professor of zoology, has announced. Mr. Ogilvie, who has done graduate work at Columbia University, has been teaching for the past year in the department of biology, Drury college, Springfield, Mo.

BUILDING PERMITS

Building permits were issued by John N. Weiland, building inspector, Friday to D. Shlimovitz, residence at 414 W. Commercial-st., cost \$5,000, and August Laabs, 1624 E. Eldorado-st., porch and basement, cost \$350.

HERE'S HOW THEY VOTED

Houston, Tex.—(AP)—By states, the official result of the one ballot which made Smith the Democratic presidential nominee, taking into account shifts made by a few states just before the result was announced, was as follows:

- Alabama 24 — George 8, Hull 6, Woolen 2, Jones 3, Donahay 4, Smith 1.
- Arizona 6—Smith 6.
- Arkansas 18—Smith 17, Reed 1.
- California 26—Smith 26.
- Colorado 12—Smith 12.
- Connecticut 14—Smith 14.
- Delaware 6—Smith 6.
- Florida 12—George 12.
- Georgia 28—George 28.
- Idaho 8—Smith 8.
- Illinois 56—Smith 56, Reed 2.
- Indiana 20—Smith 25, Woolen 5.
- Iowa 26—Smith 26.
- Kansas 20—Smith 11, 12, Reed 4, Ayres 3, not voting 1.
- Kentucky 26—Smith 26.
- Louisiana 20—Smith 20.
- Maine 12—Smith 12.
- Maryland 16—Smith 16.
- Massachusetts 36—Smith 36.
- Michigan 24—Smith 24.
- Minnesota 24—Smith 9, 1, 2, Harrison 12, Bilbo 1, not voting 1.
- Mississippi 20—Smith 10, Reed 8, Oldham 2.
- Missouri 36—Smith 36.
- Montana 6—Smith 6.
- Nebraska 16—Smith 12, Hitchcock 4.
- Nevada 6—Smith 6.
- New Hampshire 8—Smith 8.
- New Jersey 24—Smith 24.
- New Mexico 6—Smith 6.
- New York 90—Smith 90.
- North Carolina 24 — Hull 19, 13, Smith 4, 2, 3.
- North Dakota 10—Smith 10.
- Ohio 48—Smith 45, Pomerene 3.
- Oklahoma 20—Smith 10, Reed 8, Oldham 2.
- Oregon 10—Smith 10.
- Pennsylvania 76 — Donahay 1, Thompson 1, Reed 1, 2, 1, Smith 70, 1, 2.
- Rhode Island 10—Smith 10.
- South Carolina 18—Watts 18.
- South Dakota 10—Smith 10.
- Tennessee 24—Smith 23, Hull 1.
- Texas 40—Jones 40.
- Utah 8—Smith 8.
- Vermont 6—Smith 6.
- Washington 14—Smith 14.
- West Virginia 16 — Thompson 1, George 4, 1, 2, Smith 10, 12.
- Wisconsin 26—Smith 26.
- Wyoming 6—Smith 6.

'CORN WEATHER' COMING, WEATHERMAN PREDICTS

Prayers of Outagamie-co farmers for "corn weather" will be answered within the next 24 hours, according to the weatherman's predictions for Friday night and Saturday. Fair and warmer weather are following the wet spell which has been prevalent for the past 24 hours.

Mostly fair weather with rising temperatures is prevalent throughout the middle-west. Cloudy weather, with occasional precipitation, prevails in the upper and lower lake regions, according to reports.

Fresh winds which centered in the northwest are shifting to the west and southwest.

SAY SHERWOOD MAN DROVE WHILE DRUNK

Officer Engerson Arrests John Theil at Kaukauna Wednesday Night

John Theil Sherwood, charged with driving an automobile on Crooks-ave in Kaukauna Wednesday night while drunk, pleaded not guilty before Judge Theodore Berg in municipal court Thursday afternoon and his trial was set for July 3. Bonds of \$100 were furnished.

The complaint against Theil was made by R. H. McCarthy, chief of police at Kaukauna, but the arrest was made by Officer Harold Engerson who trailed Theil's car for several blocks before he arrested him. Theil was held at the jail in Kaukauna Wednesday night.

PERSONALS

Miss Mae Bauman who has spending her vacation at the home of Mr. and Mrs. G. L. Bauman, 908 N. Fair-st., has returned to Chicago where she will resume her duties as surgical supervisor at Hancock hospital.

Mrs. John Klipp, 614 W. Summer-st., who submitted to an operation two weeks ago at a Green Bay hospital, returned home Thursday night.

Mr. and Mrs. Joseph Bellin, Jr., are in Milwaukee for a week's visit.

Mr. and Mrs. Frank Hull, Stevens Point, were guests at the home of C. Nelson, 822 N. Oneida-st., Thursday night.

Mrs. G. L. Chamberlin spent Sunday and Monday in Milwaukee. On Tuesday, Mrs. Chamberlin visited in Chilton where her daughter, Vesper, conducts dancing classes from 9 to 5 o'clock Tuesday of every week.

The Rev. and Mrs. W. R. Wetzel returned Thursday from a trip to Chicago Heights where they visited relatives. Miss Hildegard Wetzel went on to Cincinnati, O. where she will visit her brother, the Rev. Walter Wetzel, for a month.

Mr. and Mrs. C. D. Thompson and Mrs. William Thompson of this city attended the wedding, on Wednesday, of Miss Bernice Gibson, Clintonville, and Harley Beal Wiley Milwaukee, at Clintonville.

Mrs. Earl C. Baker, is in Chicago, visiting her mother, who is ill.

Marie Bartsch and Jessie King have returned from a two day business trip to Edgerton.

BODGE-CO PROGRESSIVE FOR HOOVER AND CURTIS

Beaver Dam — (AP) — Charles J. Schoenfeld, of this city, elected as one of the Progressive delegates to the Republican national convention, has announced his withdrawal from the candidacy of Hoover and Curtis.

At a conference here of Dodge-co Progressives he announced his endorsement. He gave as his reason for such an endorsement the fact that he had always favored a high protective tariff.

At the Kansas City convention, Mr. Schoenfeld was one of the two delegates elected as Progressives who did not cast his vote for Herman E. Eklund for vice president. Mr. Eklund was the choice of the Progressives in the Wisconsin delegation, but Mr. Schoenfeld voted for Sen. Curtis.

SMITH, ROBINSON HEAD DEMOCRATIC CAMPAIGN TICKET

Arkansas Man Nominated for Vice Presidency on Convention's First Ballot

ly were late and there was much confusion. The new chairman could not get them quiet for several minutes.

Roosevelt finally got the convention to attention by ordering the band to play the "Star Spangled Banner." When the anthem was completed the opening prayer was offered by Rabbi Nathan Blechman of Temple Beth-El, Houston.

After some routine announcements, Miss Melvina Passmore, of Houston, sang "Dixie," to a cheering convention, and then the roll call for vice-presidential nominating speeches began. Alabama sent to the platform Judge Michael Solite, of Ozark, who made a nominating speech for Major General Henry T. Allen, commander of the American Army of occupation on the Rhine.

Senator Benton, of New Mexico, then placed the name of Senator Robinson formally before the convention. A crash of applause that seemed to sweep nine out of 10 delegations greeted the name of the Arkansan.

Bratton reviewed Senator Robinson's career at great length, praising him for his "rugged honesty" for the sagacity and for the record of his legislative accomplishments. He declared there was no one objection that could be urged against him.

At the close of the speech the Arkansas delegates started a procession around the hall. Pennsylvania, Washington, North Dakota, Arizona, Utah, New Mexico, Oklahoma, Illinois, Maine, Massachusetts, Mississippi, South Carolina, Delaware, Nebraska, Michigan, New Hampshire, Ohio, North Carolina, Oregon, Maryland, Texas and Virginia were among the states who sent their standards to the parade, so close ranked that it looked as though the whole army of delegates had almost gone over en masse to the banner of the Arkansan.

It was not a very noisy parade, for the delegates were about yelled out after the cheering and demonstrating of the past two days. But it was impressive enough in the representative character of its personnel.

After the demonstration had continued for more than five minutes, Senator King, the acting chairman, pounded for order. Then he presented Senator David I. Walsh of Massachusetts, who in a five minute address, seconded the nomination of the Democratic leader of the senate for the vice presidency.

KENOSHA OFFERED AID OF CHICAGO MEDIATORS

Chicago — (AP)—Offers to name a sub-committee to serve as mediators in the Allen-A. Hosley Co. Kenosha, strike is contained in a letter sent out by a committee of Chicago civic workers Friday to officials of the plant, strikers leaders, Gov. Fred R. Zimmerman and Kenosha city officials.

The action came after the committee, headed by J. Addams, social worker, had heard outlines of the situation from the viewpoint of the company and strikers Thursday. William A. Holly, law partner of Clarence Darrow, presided over the meeting which was held in the city club here.

Kenosha, Wis.—(AP)—John H. Brine, vice president of the Allen-Hosley mills, today declined to say what the company's attitude would be as to a conciliatory move. He said, "the letter has not been received yet from the Chicago civic group and until it is there will be no action from Allen-A."

Louis F. Budenz, labor leader, said that the union has made no definite move, but intimated that conciliation might be considered, although not necessarily accepted.

CHICAGO POULTRY

Chicago — (AP)—Poultry alive, earlier receipts: 24; spring ducks 24; spring geese 22.

TOTS COMPLETE VACATION BIBLE SCHOOL CLASSES

"Goodbye, goodbye." Twenty two graduates, most of them on the sunny side of six, filled with the annual picnic lunch, waving diplomas, took their leave of the daily vacation Bible school of the First Congregational church.

The school was conducted by Dorothy M. Leichter, director. Every day the children listened to world friendly stories, and a Bible story. They were given memory work, hymns, scripture readings and calls to worship, and were taught the Jesus way of living.

Handwork was all service work. Part of the toys and puzzles the children made will go to the nursery in the church and part will go to the tubercular children's ward at Hickory Grove sanatorium, West DePue.

Three departments conducted were kindergarten, primary and junior.

Miss Leichter was assisted on the faculty by Beatrice Miller, Esther Bock and Anna Bergacker. Jeanette Hughes, Rosemary Walters, Dorothy Kubitz and Helen Jean Ingold also taught classes at the school.

Markets

STRONG TONE NOTED AS MARKET STARTS

Radio Makes Large Gain Overnight, General Motors Also Up

New York — (AP)—Stock prices displayed a strong tone at the opening of Friday's stock market which was featured by an initial sale of 3,000 shares of radio at 185, an overnight gain at 5 1/2, and a block of 10,000 shares of General Motors at the "split" price of 185 to 190, an extreme rise of 2 1/2 points. Atchison and Columbia Gas each opened a point higher.

High priced specialties, motors, oils and foods and public utilities were prominent in the up-swing. General Motors quickly extended its gain to 3 points, bringing it about 20 points above the week's low.

Weight Automotive and Curtiss recorded early advances of 5 1/2 and 4 1/2 points, respectively. American Republics advanced 4 1/2 points before the end of the first half hour. Houston Oil and Du Pont 4 each, Midland National Products preferred 3 and International Harvester, American Can and Mullins Manufacturing 2 each.

Foreign exchanges opened steady, with Sterling Cables quoted around \$4.87.

Some disappointment was apparently felt in speculative circles over the retention of the 7 1/2 percent renewal rate for call loans in contrast with Thursday's rate of 7 for new businesses, but the market soon got over the selling and many of the customers' orders were filled. Du Pont brought 38 1/2, General Motors 190 1/2, Texas and Pacific reached 15 1/2, a record for all time.

Democratic Platform Pledges Help For Farmer And Enforcement Of Law

Houston—(AP)—The text of the platform submitted by the resolutions committee to the Democratic national convention follows:

With the Democratic party in conjunction assembled, pause to pay our tribute of love and respect to the memory of him who in his life and in his official actions voiced the hopes and aspirations of all good men and women of every race and clime. The former president of the United States, Woodrow Wilson. His spirit moves on and his example and deeds will exalt those who come after us as they have inspired us.

We are grateful that we were privileged to work with him and again pay tribute to his high ideals and accomplishments.

We reaffirm our devotion to the principles of Democratic government formulated by Jefferson and enforced by a long and illustrious line of Democratic presidents.

We hold that government must function not to centralize our wealth but preserve equal opportunity so that all may share in our priceless resources, and not confine prosperity to a favored few. We, therefore, pledge the Democratic party to encourage business, small and great alike, to conserve human happiness and liberty, to break the shackles of monopoly and free business of the nation to respond to popular will.

The function of a national platform is to declare general principles and party policies. We do not, therefore, assume to bind our party respecting local issues or details of legislation.

We, therefore, declare the policy of the Democratic party with regard to the following dominant issues.

RIGHTS OF THE STATES

We demand that the constitutional rights and powers of the states shall be preserved in their full vigor and virtue. These constitute a bulwark against centralization and the destructive tendencies of the Republican party.

We oppose bureaucracy and the multiplication of offices and office holders.

We demand a revival of the spirit of local self-government without which free institutions cannot be preserved.

REPUBLICAN CORRUPTION

Unblinking honesty and integrity are as the record of American progress, industry depressed, American shipping destroyed, workmen without employment, everywhere disgust and suspicion, and corruption unpunished and unafraid.

Never in the entire history of the country has there been so long a period of time or, indeed, in all time past together, such a spectacle of sordid corruption and unabashed rascality as that which has characterized the administration of federal affairs under eight blighting years of Republican rule. Not the least of the evils of this administration is the enormous frauds succeeding that evil era, have approached in sheer audacity the shocking thievery and startling depravities of officials high and low in the public service at Washington. From cabinet ministers, with their hands to the hilt in the pockets of official patronage, from the purchase of seats in the United States senate to the vulgar grafters upon alien trust funds, and upon the hospital resources of the disabled veterans of the world war, from the givers and receivers of stolen funds for the public campaign to the use of the public men who sat by silently consenting and never revealing a fact nor uttering a word in condemnation, the whole official organization under Republican rule has become saturated with dishonesty and public opinion and action are only by a partisan desire to perpetuate its control of the government.

As in the time of Samuel J. Tilden, from whom the presidency was stolen, the watchword of the day should be:

"Turn the rascals out." This is the appeal of the Democratic party to the people of the country. To this fixed purpose should be devoted every effort and applied every resource of the party; to this end every minor difference on non-essential issues should be put aside and determined and a united effort made to rescue the government from those who have betrayed their trust by disgracing it.

ECONOMY AND REORGANIZATION

The Democratic party stands for efficiency and economy in the administration of public affairs and we pledge:

(A) Businesslike reorganization of all the departments of the government.

(B) Elimination of duplication, waste and overlapping.

(C) Substitution of modern business-like methods for setting obsolete and antiquated conditions.

FINANCE AND TAXATION

(A) The federal reserve system created and inaugurated under Democratic auspices is the greatest legislative contribution to constructive business ever adopted. The administration of the system for the advantage of stock market speculators should cease. It must be administered for the benefit of farmers, wage earners, merchants, manufacturers and others engaged in constructive business.

(B) The taxing function of governments, free of despotism, has for centuries been regarded as the severest above all others which requires vigilant scrutiny to the end that it be not exercised for purposes of favor or oppression.

Three times since the world war the Democrats in congress have favored a reduction of the tax burdens of the people in face of stubborn opposition; and each time these reductions have largely been made for the relief of those least able to endure the exactions of a Republican fiscal policy. The tax bill of the session recently ended was grafted by Republican tactics and juggled by partisan considerations so as to make impossible a full measure of relief to the greater body of tax payers. The moderate reductions favored were grudgingly conceded and the whole proceeded in congress, dictated as far as possible from the White House and the treasury, denoted the proverbial desire of the Republican party always to discriminate against the masses in favor of privileged classes.

The Democratic party avows its belief in the fiscal policy inaugurated by the last Democratic administration, which has provided a sinking fund sufficient to extinguish the nation's indebtedness within a reasonable

period of time, without harassing the present and next succeeding generations with tax burdens, which, if not unendurable, do in fact check initiative in enterprise and progress in business. Taxes levied beyond the actual requirements of the legally established sinking funds are but an added burden upon the American people, and the surplus thus accumulated in the federal treasury is an incentive to the increasingly extravagant expenditures which have characterized Republican administrations. We, therefore, favor a further reduction of the internal taxes of the people.

The Democratic tariff legislation will be based on the following policies:

(A) The maintenance of legitimate business and a high standard of wages for American labor.

(B) Increasing the purchasing power of wages and income by the reduction of those monopolistic and extortionate tariff rates bestowed in payment of political debts.

(C) Abolition of log rolling and restoration of the Wilsonian conception of fact finding tariff commissions, quasi-judicial and free from the executive domination which has destroyed the usefulness of the present commission.

(D) Duties that will permit effective competition, insure against monopoly and at the same time produce a fair revenue for the support of government. Actual difference between the cost of production at home and abroad, with adequate safeguard for the wage of the American laborer, must be the extreme measure of every tariff rate.

(E) Safeguarding the public against monopoly created by special tariff favors.

(F) Equitable distribution of the benefit and burdens of the tariff among all.

Wage earner, farmer, stockman, producer and legitimate business in general have everything to gain from a Democratic tariff based on justice to all.

CIVIL SERVICE

Grover Cleveland made the extension of the merit system a tenet of our political faith. We shall preserve and maintain the civil service.

AGRICULTURE

Deception upon the farmer and stock raiser has been practiced by the Republican party through false and exaggerated promises for more than fifty years. Specially favored industries have been artificially aided by Republican legislation. Comparatively little has been done for agriculture and stock raising upon which national prosperity rests. Unsympathetic action with regard to this problem has been the policy of the Republican party. Violent hostility of the advocates of farm relief and denial of the right of farm organizations to lead in the development of farm policy must yield to democratic sympathy and friendliness.

We condemn the policy of the Republican party which promises relief to agriculture only through a reduction of American farm production to the needs of the domestic market. Such a program means the continued deflation of agriculture, the forcing of additional millions from the farms and the perpetuation of agricultural distress for years to come. With continued bad effects on business and labor throughout the United States.

Production of crops whose total value exceeds the total value of the domestic market must continue at a disadvantage until the government shall intervene as seriously and as effectively in behalf of the farmer as it has intervened in behalf of labor and industry. There is a need of supplemental legislation for the control and orderly handling of agricultural surplus, in order that the price of the surplus may not determine the price of the whole crop. Labor has benefited by collective bargaining and some industries by tariff. Agriculture must be as effectively aided.

The Democratic party in its 1924 platform pledged its support to such legislation. It now reaffirms that stand and pledges the united efforts of the legislative and executive branches of government, as far as may be controlled by the party, to the immediate enactment of such legislation and to such other steps as are necessary to place and maintain the purchasing power of farm products and the complete economic quality of agriculture.

Farm relief must rest on the basis of an economic equality of agriculture with other industries to give this equality a remedy must be found which will include among other things:

(A) Credit aid by loans to co-operations on at least as favorable a basis as the government aid to the merchant marine.

(B) Creation of a federal farm board to assist the farmer and stock raiser in the marketing of their products as the federal reserve board has done for the banker and business man. When our archaic banking and currency system was revised after its record of disaster, and panic under Republican administrations, it was a Democratic congress in the administration of a Democratic president that accomplished its stabilization through the federal reserve act creating the federal reserve board with powers adequate to its purpose. Now in the hour of agriculture's need the Democratic party pledges the establishment of a new agricultural policy fitted to present conditions, under the direction of a farm board vested with all the powers necessary to accomplish for agriculture what the federal reserve board has been able to accomplish for finance, in full recognition of the fact that the banks of the country, through voluntary cooperation, were never able to stabilize the financial system of the country until government powers were invoked to help them.

(C) Reduction through proper government agencies of the spread between what the farmer and stock raiser gets and the ultimate consumer pays with consequent benefits to both.

(D) Consideration of the condition of agriculture in the formulation of government financial and tax measures.

We pledge the party to foster and develop cooperative marketing associations through appropriate government aid.

We recognize that experience has demonstrated that members of such associations alone cannot successfully assume the full responsibility of a program that benefits all producers alike. We pledge the party to an earnest endeavor to solve this problem of the distribution of the cost of deal-

ing with crop surpluses over the marketed units of the crop whose producers are benefited by such assistance. The solution of this problem will be a prime and immediate concern of a Democratic administration.

We direct attention to the fact that it was a Democratic congress in the administration of a Democratic president which established the federal loan system and laid the foundation for the entire rural credits structure, which has aided agriculture to sustain in part the shock of the policies of two Republican administrations, and we promise thorough-going administration of our rural credits laws, so that the farmers in all sections may secure the maximum benefits intended under these acts.

FOREIGN POLICY

The Republican administration has no foreign policy; it has drifted without plan. This great nation cannot afford to play a minor role in world politics. It must have a sound and positive foreign policy, not a negative one. We declare for a constructive foreign policy based on these principles:

A—Outlawry of war and abhorrence of militarism, conquest and imperialism.

B—Freedom from entangling political alliances with foreign nations.

C—Protection of American lives and rights.

D—Non-interference with the elections or other internal political affairs of any foreign nation. This principle of non-interference extends to Mexico, Nicaragua and all other Latin American nations. Interference in the purely internal affairs of Latin American countries must cease.

E—Rescue of our country from its present impaired world standard and restoration to its former position as a leader in the movement for international arbitration, conciliation, conference and limitation of armament by international agreement.

(F)—International agreements for reduction of all armaments, and the end of competitive war preparations and, in the meantime, the maintenance of an army and navy adequate for national defense.

(G)—Full and open cooperation with all other nations, for the promotion of peace and justice throughout the world.

(H)—In our foreign relations, this country should stand as a unit, and to be successful, foreign policies must have the approval and the support of the American people.

(I)—Abolition of the practice of the president of entering into and carrying out agreements with a foreign government, either de facto or de jure, for the protection of such government against revolution or foreign attack, for the supervision of its internal affairs, when such agreements have not been advised and consented to by the senate as provided in the constitution of the United States, and we condemn the administration for carrying out such an unratified agreement that requires us to use our armed forces in Nicaragua.

(J)—Recognition that the Monroe doctrine is a cardinal principle of this government promulgated for the protection of ourselves and our Latin American neighbors. We shall seek their friendly cooperation in the maintenance of this doctrine.

(K)—We condemn the Republican administration for lack of statesmanship and efficiency in negotiating the 1921 treaty for the limitation of armaments, which limited only the construction of battle ships and ships of over ten thousand tons. Merely a measure toward peace, it accomplished no limitation of armament, because it simply resulted in the destruction of our battleships, and the blue prints of battleships of other nations, it placed no limitation upon construction of air craft, submarines, cruisers, warships under ten thousand tons, poisonous gases, or other weapons of destruction. No agreement was notified with regard to submarines and poisonous gases. The attempt of the president to remedy the failure of 1921 by the Geneva conference of 1925, was characterized by the same lack of statesmanship and efficiency, and resulted in entire failure. In consequence the race between nations in the building of unlimited weapons of destruction still goes on and the peoples of the world are still threatened with war and burdened with taxation for additional armaments.

WATER POWER, WATERWAYS AND FLOOD CONTROL

The federal government and state governments respectively, now have absolute and exclusive sovereignty and control over enormous waterpowers, which constitute one of the greatest assets of the nation. This sovereignty and control must be preserved respectively in the state and federal governments, to the end that the people may be protected against exploitation of this great resource and that water-powers may be expeditiously developed under such regulations as will insure to the people reasonable rates and equitable distribution.

We favor and will promote deep waterways and removal of discrimination against water transportation. Flood control and the lowering of flood levels are essential to the safety of life and property, and the productivity of our lands, the navigability of our streams, the reclaiming of our wet and overflowed lands. We favor expeditious construction of flood relief works on the Mississippi and Colorado rivers and such reclamation and irrigation projects upon the Colorado river as may be found feasible.

We favor the strict enforcement of the federal waterpower act, a Democratic act, and insist that the public interest in waterpower sites, ignored by two Republican administrations, be protected.

CONSERVATION AND RECLAMATION

We shall conserve the natural resources of our country for the benefit of the people and to protect them against waste and monopolization. Our disappearing resources of timber call for a national policy of reforestation. The federal government should improve and develop its public lands so that they may go into private ownership and become subjected to taxation for the support of the states wherein they exist. The Democratic administration will actively, efficiently and economically carry on reclamation projects and make equitable adjustments with the homesteaded entrymen for the mistakes the government has made, and extend all practical aid to

refinance reclamation and drainage projects.

TRANSPORTATION

Efficient and economical transportation is essential to the prosperity of every industry. Cost of transportation controls the income of every man, being and materially affects the cost of living. We must, therefore, promote every form of transportation in a state of highest efficiency. Recognizing the prime importance of air transportation we shall encourage its development by every possible means.

We reaffirm our approval of the federal roads law, enacted by a Democratic administration.

LABOR

(A) We favor the principle of collective bargaining and the Democratic principle that organized labor should choose its own representatives without coercion or interference.

(B) Labor is not a commodity. Human rights must be safeguarded. Labor should be exempt from the operation of anti-trust laws.

(C) We recognize that legislative and other investigations have shown the existence of grave evils in the existence of injunctions in labor disputes. No injunctions should be granted in labor disputes except upon proof of threatened irreparable injury and after notice and hearing, over ten thousand tons. Merely a measure toward peace, it accomplished no limitation of armament, because it simply resulted in the destruction of our battleships, and the blue prints of battleships of other nations, it placed no limitation upon construction of air craft, submarines, cruisers, warships under ten thousand tons, poisonous gases, or other weapons of destruction. No agreement was notified with regard to submarines and poisonous gases. The attempt of the president to remedy the failure of 1921 by the Geneva conference of 1925, was characterized by the same lack of statesmanship and efficiency, and resulted in entire failure. In consequence the race between nations in the building of unlimited weapons of destruction still goes on and the peoples of the world are still threatened with war and burdened with taxation for additional armaments.

(D) We favor legislation providing that products of convict labor shipped from one state to another state be subject to laws of the latter state as though they had been produced there.

UNEMPLOYMENT

Unemployment is present, widespread and increasing, unemployment is almost as destructive to the happiness, comfort and well being of human beings as war. We favor the adoption by the government, after a study of the conditions, of a scientific plan whereby during periods of unemployment appropriations shall be made available for the construction of necessary public works and the lessening, as far as consistent with public interests of government construction work when labor is generally and satisfactorily employed in private enterprise.

FEDERAL EMPLOYEES

Federal employees should receive a living wage based upon American standards of decent living. Present wages are in many instances far below the cost of living. A fair and liberal retirement law for government employees in the classified service.

VETERANS

Through Democratic votes, and in spite of two Republican presidents' opposition, the congress has maintained America's traditional policy of generously care for the veterans of the world war. In extending them free hospitalization, a statutory award for tuberculosis, a program of progressive hospital construction, and provisions for compensation for the disabled, the widows and orphans of America has surpassed the record of any nation in the history of the world. We pledge the veterans that none of the benefits heretofore accorded by the Wilson administration and the votes of Democratic members and which should be withdrawn, that these will be added to more in accordance with the veterans' and their dependents' actual needs. Generous appropriations, honest management, the removal of vexatious administrative delays, and sympathetic assistance of the veterans of all wars is what the Democratic party demands and promises.

WOMEN AND CHILDREN

We declare for equality of women with men in all political and governmental matters.

Children are the chief asset of the nation. Their protection through infancy against exploitation is an important national duty.

We favor an equal wage for equal service, and likewise favor adequate appropriations for the women's and children's work.

IMMIGRATION

Laws which limit immigration must be preserved in full force and effect, but the provisions contained in these laws that separate husbands from wives and parents from infant children are inhuman and not essential

to the purpose or the efficacy of such law.

Government supervision must secure to all the people the advantage of radio communication and likewise guarantee the right of free speech. Official control in contravention of this guarantee should not be tolerated. Governmental control must prevent monopolistic use of radio communication and guarantee equitable distribution and enjoyment thereof.

CONGRESSIONAL ELECTION REFORM

We favor legislation to prevent defeated members of both houses of congress from participating in the sessions of congress by giving the date for convening the congress immediately after the biennial national election.

LAW ENFORCEMENT

The Republican party for eight years in complete control of the government at Washington, present the remarkable spectacle of feeling compelled in its national platform to promise obedience to a provision of the federal constitution which it has flagrantly disregarded and to apologize to the country for its failure to enforce laws enacted by the congress of the United States. Speaking for the national Democracy, this convention pledges the party and its nominees to an honest effort to enforce the eighteenth amendment and all other provisions of the federal constitution and all laws enacted pursuant thereto.

CAMPAIGN EXPENDITURES

We condemn the improper and excessive use of money in elections as a danger threatening the very existence of Democratic institutions. We favor publicity in all matters affecting campaign contributions and expenditures. We shall, beginning not later than August 1, 1928, and every thirty days thereafter, the last publication and filing being not later than five days before the election, publish in the press and file with the appropriate committees of the house and senate a complete account of all contributions, the names of the contributors and the amounts expended and the purposes.

MERCHANT MARINE

We reaffirm our support of an efficient, dependable American merchant marine for the carriage of the greater portion of our commerce and for the national defense.

The Democratic party has consistently and vigorously supported the shipping services maintained by the regional United States shipping boards in the interest of all ports and all sections of our country, and has successfully opposed the discontinuance of any of these lines. We favor the transfer of these lines gradually to the local private American companies, even such companies can show their ability to take over and permanently maintain the lines. Lines that cannot now be transferred to private enterprise should continue to be operated as at present and should be kept in an efficient state by remodeling of some vessels and replacement of others.

EDUCATION

We believe with Jefferson and other founders of the republic that ignorance is the enemy of freedom and that each state, being responsible for the intellectual and moral qualifications of its citizens and for the education of its children, should have the right to the support of its school, shall use its sovereign right in all matters pertaining to education.

The federal government should offer to the states and such counsel, advice, results of research and aid as may be made available through the federal agencies for the prompt improvement of our schools in view of our national needs.

MONOPOLIES AND ANTI-TRUST LAWS

During the last seven years under Republican rule, the anti-trust laws have been thwarted, ignored and violated so that the country is rapidly becoming controlled by trusts and sinister monopolies formed for the purpose of wringing from the necessities of life an unrighteous profit. Competition is one of the most sacred, cherished and economic rights of the American people. We demand the strict enforcement of the anti-trust laws and the enactment of other laws if necessary to control this great menace to trade and commerce, and thus to preserve the right of the small

merchant and manufacturer to earn a legitimate profit from his business.

PHILIPPINES

The Filipino people have succeeded in maintaining a stable government and have thus fulfilled the only condition laid down by the congress as a prerequisite to the granting of independence. We declare that it is now our liberty and our duty to keep our promise to these people by granting them immediately the independence which they so honorably covet.

PUBLIC HEALTH

The Democratic party recognizes not only the productive wealth of the nation but its contentment and happiness depends upon the health of its citizens. It therefore, pledges itself to enlarge the existing bureau of public health and to do all things possible to stamp out communicable and contagious diseases, and to ascertain preventable means and remedies for these diseases, such as cancer, infantile paralysis, and others which heretofore have largely deferred the skill of physicians.

We pledge our party to spare no

means to lift the apprehension diseases from the minds of our people, and to appropriate all money necessary thereto to carry out this pledge.

FLOOD CONTROL

Being deeply impressed by the terrible disasters from floods in the Mississippi valley during 1927, we heartily endorse the Flood Control Act of last May, which recognizes that the flood water of the Mississippi river and its tributaries constitute a national problem of the gravest character and makes provision for their speedy and effective control. This measure is a continuation and expansion of the policy established by the Democratic congress in 1917 in the act of that year for controlling floods on the Mississippi and Sacramento rivers. It is a great piece of constructive legislation, and we pledge our party to its vigorous and early enforcement.

In the strongest vaults in the world, situated in the Royal Mint, London, bullion worth \$350,000,000 is sometimes stored.

Mr. And Mrs. Alfred E. Smith And Their Family

Intimates of Mr. and Mrs. Alfred E. Smith say that theirs is an unusually happy and loyal family. At the upper right is the group at the executive mansion of the New York governor at Albany at a recent reunion. Rear row: Walter J. Smith, Mrs. Catherine Smith Quillman; Arthur Smith; Maj. John A. Warner, son-in-law; Mrs. Alfred E. Smith; and Mr. and Mrs. Alfred E. Smith Jr. Front row: Mrs. John A. Warner and little Mary Adams Warner; Alfred E. Smith and Walter J. Smith II; Mrs. Arthur W. Smith and Baby Arthur E. Smith. At the left are Mr. and Mrs. Smith on the steps of their Albany residence, and below is the smiling governor in two informal poses.

HINT NEW CHAMP LICKED COACH DOG IN SECRET BATTLE

Oh, Watson, Pugs Hawkshaw, Sherlock and Carolyn Wells. Is the coach dog that was the terror of Appleton, the guard of the grain and seed store steps and the Al Smith banner to the favorite son hearts of the Hotel Northern barbers across the street, nursing his disgrace, his champ crown already fallen in a secret battle?

Was the terrier, his prod and roofer, sent out of town so the fallen champ could nurse his wounds and have a chance to recover?

The big dog hasn't been seen for several days, not, in fact, since his antagonist from the Third ward, an Irish cheechound, so they say, was in the neighborhood.

KIWANISANS NAME JOHNS TO BOARD OF TRUSTEES

Madison—(AP)—Col. J. L. Johns, private secretary to Gov. Fred R. Zimmerman, is one of fourteen trustees of Kiwanis convention of the organization at Seattle.

Among the district Kiwanis convention it will be his duty to visit that of the Wisconsin-Upper Michigan district, to be held in Superior Aug. 18-19.

RAINS STOP WORK OF REPAIRING STREETS

Street repair work in Appleton was halted again Thursday after a single day's activity because of heavy rains. Several streets in the Sixth ward were graded and scarified during the two days of fair weather and Wednesday noon oiling was started. Five blocks were finished but the rain Thursday put a questionable value on the previous day's accomplishments.

STATE BANK BUYS \$175,000 COUNTY ROAD BOND ISSUE

Finance Committee Makes Private Sale of Bonds to Appleton Firm

After rejecting three bids for the purchase of the \$175,000 road bond issue authorized by the county board at a special session last April, the finance committee at a special meeting at the courthouse this week entered into a private sale agreement with the Appleton State bank.

The sale of the bonds will provide funds for highway improvements in the county, the largest of which is the paving of County Trunk Z on the south side of the Fox river from Appleton to Kaukauna. This project will cost approximately \$80,000 and the remainder of the money is divided among smaller projects in various towns.

The First Trust company, Appleton, offered to buy the bonds at par and the county would be expected to pay \$1,495 attorney's fees and other expenses connected with issuing the bonds. Appleton State bank offered to purchase the bonds at par and the county to pay \$560 expenses and Continental National company of Chicago submitted approval to purchase the bonds at par and the county to pay \$370.50 expenses.

Members of the finance committee in rejecting the bids pointed out that to accept any of the proposals would be to sell the bonds below par which is forbidden by law.

Under the terms of the sale with the State bank the bonds will not be turned over to the bank until July 1, although they are dated June 1. Thus the county gets 4 1/2 per cent interest on \$175,000 for one month. On Aug. 1, the bank turns over \$30,000 to the county treasurer and also pays interest at the rate of 2 1/2 per cent on \$175,000 until that date. On Sept. 1, the bank turns over another \$30,000 to the county and it pays 2 1/2 per cent interest on \$145,000 up to that date.

The balance of the money from the sale of the bonds, \$115,000 is turned over to the county on Nov. 1 with interest on that sum from July 1, at the rate of 2 1/2 per cent.

OPEN 2 MORE CHAIN STORES IN WISCONSIN

Montgomery Ward Company to Enter Oshkosh and Sheboygan This Year

Plans for two Montgomery Ward stores to be erected at Sheboygan and Oshkosh have been announced by W. E. Allen, Chicago, real estate manager of the company. When the new stores are completed the company will have four in Wisconsin.

The Sheboygan store will be housed in a new building to cost \$65,000. The structure will have a 66 foot frontage on one of the main streets and will be 100 feet deep. The basement, first and second floors will give the company about 19,000 feet of floor space. The structure will be ready for occupancy by the end of September.

The Oshkosh store will be on Main street and is the three story structure occupied by Percy's fur store. Work of remodeling the building will start about July 1, and be finished in 60 days. Remodeling will cost about \$28,000.

The company opened its first chain store at Monroe in January, 1927, and since has opened another at Racine. Several weeks ago it was said the company would open a store in Appleton and Mr. Allen was in the city looking over sites.

CLERK WANTS TO KNOW WHEN FAMILIES MOVE

Appleton people who move from one section of the city to another, have been asked by City Clerk Carl Becker to give his office notice of the change so that registration cards can be corrected. If change of address is noted on cards before the primary election in September, many voters will have trouble casting their vote. The clerk's office is aware that many more people have moved recently than have made changes of address and he now is asking that movers come to his office to make the correction.

MOST INCOME TAXPAYERS USE MAILS FOR PAYMENT

Approximately 70 per cent of Outagamie county income taxpayers are paying their taxes by mail, according to Miss Marie Ziegenhagen, county treasurer, while the balance call in person at the treasurer's office. More than half of the taxpayers had paid their taxes early this week, she said. The last day for paying taxes without penalty is next Monday and after that day delinquents will be required to pay a 2 percent penalty and 1 percent interest per month for each month the tax is overdue.

RIDES BIKE HERE FROM MILWAUKEE IN 12 HOURS

A bicycle ride of 12 hours brought Edwin Zuelke, Milwaukee, back to his former home in this city Wednesday. He is the son of Mr. and Mrs. Edward Zuelke, who lived in Appleton eight years ago. The youth left Milwaukee at 3:30 in the morning and wheeled up to the home of his uncle, Howard Zuelke, 922 W. Commercial street, at 3:30 in the afternoon. Two flat tires interfered with the trip and necessitated walking two miles in one instance. He will return home Saturday.

CATLIN DIRECTS "Y" SWIMMING CLASSES

John Catlin, of the University of Wisconsin, will be in charge of swimming classes at the Y. M. C. A., according to G. F. Werner, general secretary.

Catlin has been active in swimming and other athletic events at the university. Another swimming class for 4:30 each afternoon has been added to the summer schedule. Classes for boys now are conducted at 4 and 4:30 in the afternoon and at 7:30 in the evening. The average attendance during the past two weeks has been 100 each day, according to Mr. Buck.

While the population of England and Wales has more than doubled since 1838, the general death rate has been reduced one-half.

RAIL EMPLOYEES SEE ATHLETES COMPETE

Five employees at the local Chicago and Northwestern freight office will go to Fond du Lac Sunday to watch the athletic contests to be played between the Lake Shore Division Athletic association teams and those of the Madison division, according to W. B. Basing, agent. Kenneth Chappell will play in the tennis matches on the Lake Shore team. A forty piece band composed of railroad employees from Kaukauna will present concerts during the day. The center of activities will be at Taylor park.

Games and contests will include tennis, golf, baseball, trap shooting, and horseshoe pitching.

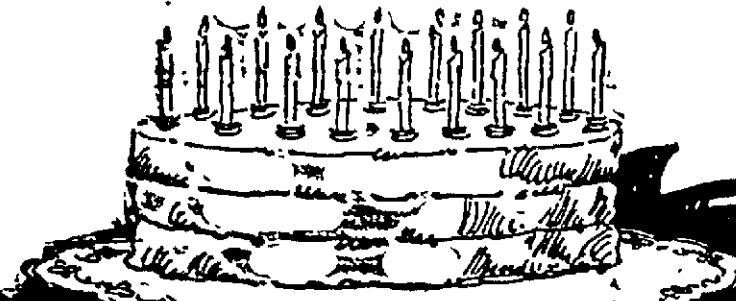

Fireworks For Sale at 12 Corners! Big Variety.

Bunions

Quick relief from pain. Prevent shoe pressure. At all drug and shoe stores. Dr. Scholl's Zino-pads. Put one on each pain in shoe.

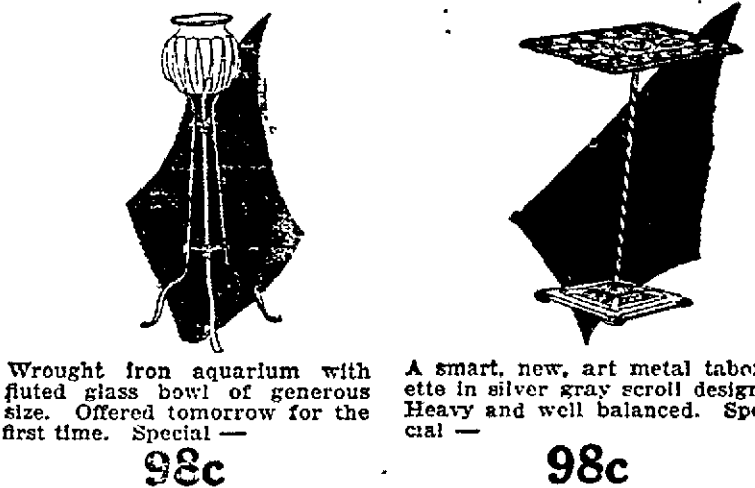

Now Coming to a Close! Only 3 Days More! Tuesday the Final Day!

Another three days and this great sale with its myriad furniture buying opportunities will come to a positive end. The unprecedented low prices now prevailing will be adjusted and the most important sale event of the year will have passed. Right now the question is,—Can you possibly afford not to take advantage of such an exceptional opportunity to profit?

OUR BIRTHDAY SALE

Buy all the furniture you need. Profit through the low sale prices. The many advantages and convenience of our Budget Club Plan are available at no added cost whatever. You do not need all cash,—you can pay for your purchases in small, convenient weekly or monthly amounts. Selections made now, will upon request, be held for later delivery.

AL IS EULOGIZED BY WISCONSIN DELEGATE

Neenah Man Seconds Smith Nomination With Glowing Terms

Houston, Tex. — (P)—Wisconsin is for Governor Al Smith for president of the United States because of his progressive legislative record in matters close to the heart of the people, George Jagerson, Neenah, said Thursday in a brief address seconding the nomination of Governor Smith before the Democratic national convention.

"Representing the great state of Wisconsin," Jagerson said, "we seek the very distinctive honor of seconding the nomination of the next president of the United States. It is not our purpose to stop here, but on November sixth we will again be honored by selecting electors who will cast their votes for Governor Alfred E. Smith.

"Wisconsin is for him because of his progressive legislative record in all matters which are for the best interests of the people. The people of this nation realize the necessity of selecting a man for the presidency who is eminently qualified to fulfill the duties of this great position not only to himself but to the party.

"Let us turn back to honest government, establish a business administration which has been in evidence in the Empire State during all of the administrations of our candidate, and we can assure you that when he is inaugurated as our next president, he will establish a business administration and not a sales agency as was established by the Republican party in 1920."

HISTORIC REGIMENT GUARDING COOLIDGE

Third United States Infantry Is Said to Be Oldest in Army

Fort Snelling, Minn. — (P)—Guarding a president will not be a new experience for the Third United States Infantry, selected for duty at the summer home of President Coolidge in Wisconsin.

Since it was the First Infantry and the entire United States Army, the regiment has guarded the persons or bodies of six presidents, including Washington, Taylor, Lincoln, Grant, McKinley and Roosevelt.

The regiment, declared by officers to be the army's oldest guarded George Washington in the early days of the republic. In 1849 it held the place of honor when Zachary Taylor, who had been one of its members, became president.

Civil war days found the unit guarding Abraham Lincoln and later Ulysses S. Grant selected it as his personal escort.

When William McKinley was assassinated a detail of the Third guarded his tomb. The last assignment to presidential duty found members with Theodore Roosevelt when he visited the World's Fair in St. Louis.

PUT SPRING BOARDS ON RAFT FOR SCOUTS CAMP

The large raft for the valley council Boy Scout camp at Lake Winnebago is being equipped with a six foot tower and two diving boards this week, according to M. G. Clark, valley scout executive. One spring board will be attached to the main deck of the raft and the other to the tower.

BUY FOUR ROWBOATS FOR USE OF SCOUTS

Four fifteen foot rowboats have been purchased by the valley council of boy scouts for the scout camp at Lake Winnebago. The boats, when purchased from a De Pere boat company, are expected to arrive at the camp next week, according to M. G. Clark, valley scout executive.

THE SEVEN AGES OF AL SMITH

① The Sidewalks of New York—Al Smith as a boy.

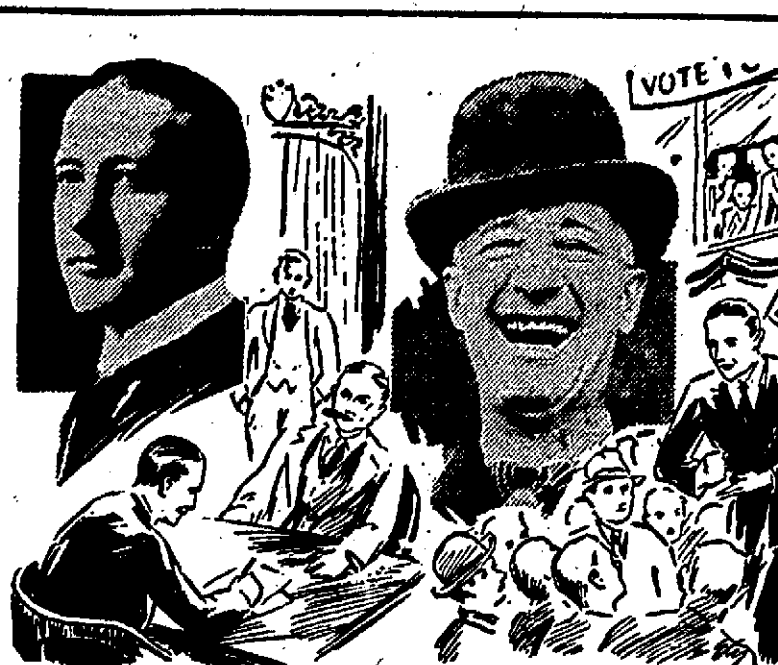

② The Fishmarket Clerk—Al when he got his first job.

③ The Assemblyman—Smith in politics in 1903.

⑦ ALFRED E. SMITH

④ The Alderman—Smith in 1917, before becoming Governor.

⑤ The Brown Derby—Smith in 1922, running for re-election.

⑥ Ambition—Seeking the presidency in 1924.

BRITISH MAKE SURVEY OF RED HAIR MYSTERY

London.—(P)—The mystery of red hair, and why it is prevalent in certain families, may be illuminated as one of the results of a survey now being conducted by British education and health authorities.

An anthropometric committee is collecting data from all parts of Britain on the physical characteristics of school children. The effects of environment on physique will thus be further revealed.

The committee's findings may explain why there are so many strongholds of the red-headed in Scotland, and why a vein of red-haired people runs through some counties in England and Wales while in other localities the "reds" are as rare as albinos.

BAN SHORT SKIRTS AT JAPANESE CORONATION

Tokyo.—(P)—"Flapper" dresses and low-cut gowns will not be permitted at the Imperial Coronation ceremonies which will be held at Kyoto next November. Foreign women will not be excepted from the order.

This decision was reached by the Household department, which has charge of all the rules and regulations pertaining to the enthronement, after consultation with foreign envoys who will represent their countries at the function.

Extremely short skirts and low-cut frocks, the Household officials explained, were not in line with Japanese customs and inappropriate to the solemnity of the ceremonies. So the wives and daughters of the foreign diplomats must govern themselves accordingly.

In addition, the officials pointed out, the great hall at Kyoto, where the enthronement rites are to be performed, will not be heated and it is their endeavor to protect the foreign women visitors against the cold.

EARTHENWARE ORDERED FOR JAP CORONATION

Tokyo.—(P)—Old-fashioned earthenware such as has been used in Japan for hundreds of years, is to be employed largely in the coronation ceremonies at Kyoto next November. Sataro Minami, head of the Fushimi Earthen Ware Makers' association, has been ordered by the imperial household to provide the proper dishes. They will include 1,400 bowls and balls of different shapes, together with 70 flat-shaped pots for serving the sacred black and white sake to the imperial family. Also there will be 200 small sake jars to be used in offering sake to the spirits of the imperial ancestors and the numerous deities.

Meet Next Monday
The first July meeting of members of the water commission will be held Monday afternoon, July 2, at the city hall. Routine business matters will be transacted.

Democratic Nominees Of Former Years

Here are the presidential and vice presidential nominees of Democratic national conventions held since Civil War days. Candidates marked with one star were elected. Two stars indicate the candidate received the majority of the popular vote, but was defeated.

1864 George B. McClelland* and G. H. Pendleton.	1896 William J. Bryan and Arthur Sewall.
1868 Horatio Seymour and F. P. Blair, Jr.	1900 William J. Bryan and A. E. Stevenson.
1872 Horace Greeley and Henry Wilson. (Greeley died before election day and Democratic electors scattered their vote.)	1904 Alton B. Parker and Henry G. Davis.
1876 Samuel J. Tilden and Thomas A. Hendricks.	1904 Alton B. Parker and Henry G. Davis.
1880 W. S. Hancock and William H. English.	1908 William J. Bryan and John W. Kern.
1884 Grover Cleveland and Thomas A. Hendricks.	1912 Woodrow Wilson and Thomas R. Marshall.
1888 Grover Cleveland and A. G. Thurman.	1916 Woodrow Wilson and Thomas R. Marshall.
1892 Grover Cleveland and A. E. Stevenson.	1920 James M. Cox and Franklin D. Roosevelt.
	1924 John W. Davis and Charles W. Bryan.

EXPECT STEEL FOR BRIDGE AT LITTLE CHUTE JULY 1

Steel for the new bridge under construction across the Fox river at Little Chute is expected about July 1, according to A. G. Brusewitz, highway commissioner, and the bridge probably will be completed about a month later. The contract calls for completion of the bridge on July 1. Mr. Brusewitz said, but inability to

secure steel has made it impossible to finish the work. Simson-Parker Construction company of Appleton has the contract to build the bridge but the contract for the structural steel work was sublet, to the American Bridge company of Chicago.

Lightning burst a water main, shattered windows in the church and scattered trees on fire and burned chickens to death at Llanover, Wales, recently.

FRENCH MINT MAY SELL BIG STAMP COLLECTION

Paris.—(P)—France may sell part of her stamp collection. This is the complete set of postage stamps issued by France since stamps first were used here in 1848, a collection that covers 80 years.

The government mint keeps the

rare collection with the old copper plates that made them in a safe that holds the dies for stamping metal money and the official set of platinum weights and measures. There are three keys to the safe, each held by a different official and all necessary for the opening of the big treasure chest. There are several sheets of many issues of the old stamps and often a number of proofs in various colors

that were never adopted. Also, there are many foreign stamps, obtained through exchanges with other governments.

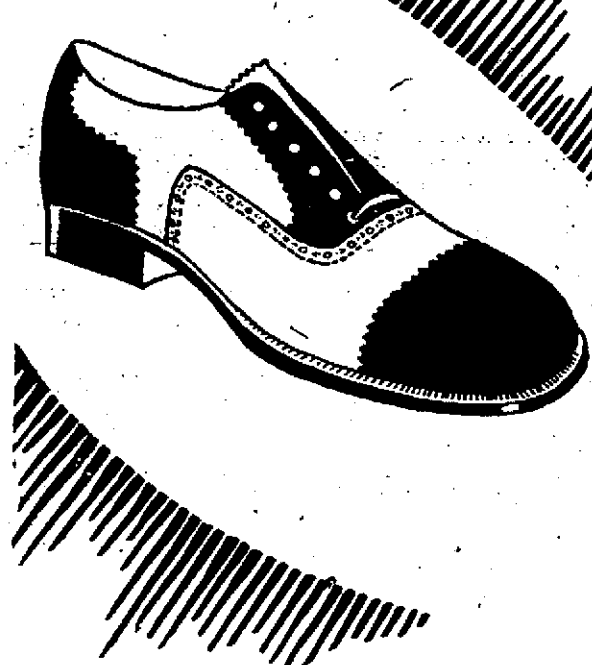

Mint officials propose putting a complete set in the National Library and selling the remainder, expecting to get big prices.

"REAL" NIGHT CAFE TO OPEN
What is described as a "real" night

cafe is to be opened in a building that is to be built upon North Cape in Norway, the most northerly point in Europe upon which a restaurant has ever been erected. It will be frequented by people who will have gone there to see the midnight sun.

The geographical center of Nebraska is ten miles northwest of Broken Bow, Custer County.

WOMEN WIN FIGHT FOR PARTY SUPPORT OF ANTI-WAR PLAN

Labor Federation Also Approves Proposed Social Legislation

BY MARY L. HAYDEN

Houston, Tex.—(AP)—Women's program for international relations and social legislation won Democratic recognition and the unqualified support of the American Federation of Labor Thursday, and in the hurry-burly of Reed demonstrations on the floor, women delegates echoed the satisfaction of their leaders.

Dry women however, withheld their full support from the enforcement plank and the hard-won agricultural plank met with less interest and divided feminine support.

The platform's general declaration for outlawry of war was welcomed by every woman's organization reported in Houston.

"We are delighted that the Democratic party should favor it," said Mrs. Roscoe Anderson, of St. Louis, vice president of the National League of Women Voters, whose chief object has been the renunciation of war.

"It is thoroughly in line with our policy, although we had carried it a bit farther in our women's Democratic union plank," agreed Mrs. Charles Dana Gibson, delegate at large from New York, whose sister, Lady Astor, sits in the British parliament.

"The party's agricultural plank committing it to relief of the marketing situation would also permit cooperative agricultural associations," said Mrs. Henry J. Morganthau, Jr., New York delegate at large and representative of the Women's Democratic Union.

GAIN FEDERATION AID

The atmosphere among the women's groups supporting social legislation programs was electrically cleared today when the League of Women Observers at the resolutions committee labor hearing, among them Miss Adele Clark of Richmond, and Mrs. Larue Brown of Boston, saw themselves supported by William Green, president of the American Federation of Labor.

Dismissing the contentions of the women's minority group, he seconded every plea of the league and New York Women's Democratic Union for women's and children's protective legislation, telling the committee that "the women of the country will rally to your support if you adopt this humane legislation."

The Democrats' enforcement plank, however, met with a less harmonious reception among the dry women leaders, who, unmollified, still threaten to quit the party at the polls.

"If Smith is nominated, I tell you we will bolt the party, we are just as opposed to Reed as to Smith, and we have 50,000,000 women back of us," Mrs. Jesse Nicholson, president of the Democratic Women's Law Enforcement league, was heard to reassert decisively, as Reed's cohorts surged about her. Dozens of women, however, followed Reed's banner from state after state, with war whoops weaker, but no less whole souled than the men's.

MRS. WILSON SPECTATOR

On the platform Mrs. Woodrow Wilson, in polka-dotted navy blue silk and a close blue hat, was an interested spectator. Behind her, Mrs. Genevieve Clark Thomson, wearing a Reed button, watched every maneuver of the shouting hordes.

Mrs. Smith, in her box, chatted with friends, including Senator and Mrs. Peter Goelct Gerry, of Rhode Island. Smith enthusiasm waxed high during the day among many women on the floor.

Sitting with rose-filled lap in the Wyoming delegation, next to Mrs. T. E. Taliaferro, who will nominate her for vice president, Mrs. Nellie Ross reminisced of her first meeting with the Smiths, when she and Mrs. Talia-

LIFE IN PEN

Prominent citizens in Kentucky are intervening in behalf of Heath Grear, 12-year-old mountain youth who has been convicted of killing his pal and sentenced to life in the penitentiary.

HAVANA TAXI DRIVERS STRUGGLE FOR PATRONS

Havana, Cuba.—(AP)—Competition between taxi drivers in Havana is becoming so keen that all manner of subterfuge and trickery is being resorted to in attempts to cripple competitors.

For a time it was not unusual for taxi services to receive calls for cars only to find the call false and the sometimes lone driver wasted. Drivers are now wise to this trick of the trade. When telephone calls are received the number is immediately called back and confirmation of the order is obtained.

Particularly during the lull season of the year when few tourists are visiting Havana, is the taxi trade at low ebb, and drivers go to extremes to get business. The thousand and more taxis, not to mention the numerous "follies" or small cars, are now burdens on their owners, and it is not uncommon to see drivers sleeping in their cars, unable to pay both for automobile and for shelter.

GETTING INTO AVIATION

Many young men who are not pilots wonder how they are going to achieve their ambition of getting into aviation as a business. Burdette S. Wright, until recently director of flying training at the Army Air Corps Advanced School at Kelly Field, Texas, says that aviation is a growing organization and that those young men who get into it with a background other than that of merely a pilot's training will succeed. He is of the opinion that this background should be either engineering education or training in organization and administration. At Kelly Field he saw many boys fail because some background was needed beyond enthusiasm for pilot's work.

ferro visited them together in Albany in 1927.

"I shall never forget that first visit, when Mrs. Smith entertained us with such a beautifully appointed dinner at Albany," said Mrs. Ross. "I was so impressed with his ability, and with her charm in her home."

BOY, 13, KILLS PAL; GETS LIFE IN JAIL

Robust Mountain Lad Pays Penalty That Majesty of Law May Be Upheld

Pineville, Ky.—Heath Grear, a robust 13-year-old boy who lives in the mountain region of Laurel Run, near here, must spend the rest of his life in prison in order that the majesty of the law of the state of Kentucky may be upheld.

Heath shot and killed a playmate, Luther Partin, during a quarrel. He was brought before Circuit Judge D. C. Jones, charged with first degree murder. He pleaded guilty and was sentenced to life imprisonment.

"I don't remember what Luther and I quarreled about," the boy says. "I remember he hit me with a stick and then tried to do it again. I pulled out my gun and shot him."

He had found the gun in his father's house, he said, and wanted to carry it "because all the other boys had 'em—some of 'em littler than I am."

"I didn't know I shouldn't carry a pistol," he says. "All the boys here have 'em, and them as don't have pistols have bottles. I'm sorry I did it and I'll try to be a good boy at this reform place so maybe they'll give me a chance some day."

Heath must go to the state reformatory at Lexington to stay until he is 21; then he is to be transferred to the state penitentiary at Frankfort, to spend the rest of his life there.

Prominent citizens in Kentucky, shocked by the crime and the severe penalty, are talking of appealing to Gov. Flem D. Sampson for clemency. The Pineville Sun, in an editorial, declares that law sentences death only by the courts for carrying concealed weapons are to blame, asserting that the mountain boys see their parents carrying guns and do not know that it is against the law.

Attorney General J. W. Cammuck holds that Heath should have been tried as a juvenile and given a punishment gauged to his years. Pardon Commissioner J. C. Bird predicts Governor Sampson will listen sympathetically to any appeal for clemency, while Robert Logan, former Louisville probation officer, indignantly calls the law sentence given the boy "merciless and archaic."

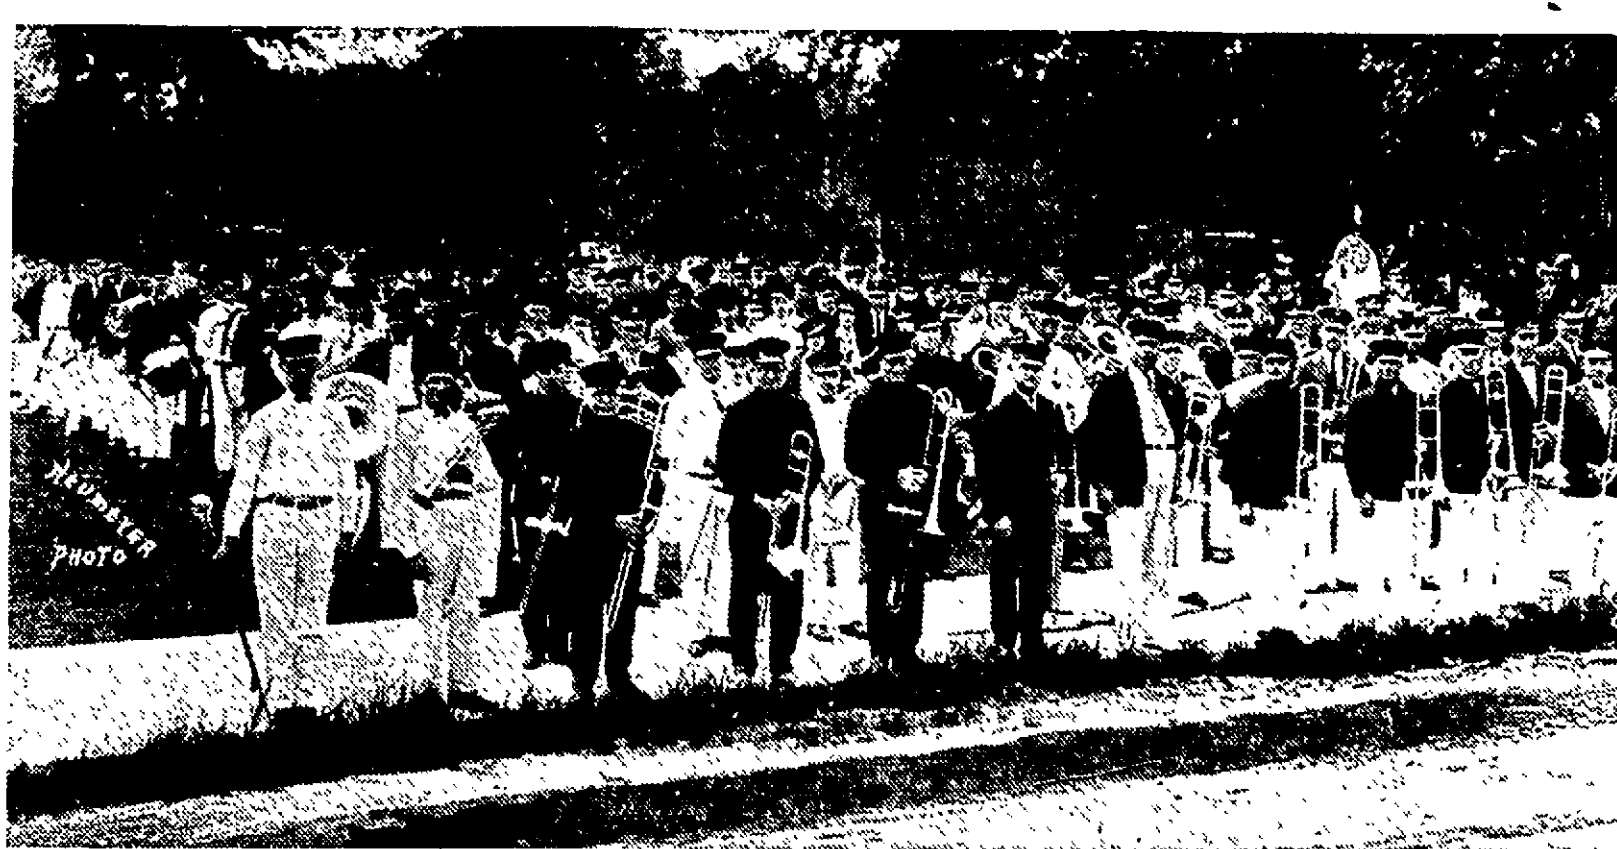

Meanwhile leading Pineville citizens, determined that boys living in the isolated Laurel Run district shall have a chance to imbibes American ideals, are trying to raise \$2,000 to establish a Boy Scout camp there, at which the boys may be taught wholesome sports and weaned away from gun-toting and quarreling.

Hardon Evans, chairman of the committee, reports that the appeal for funds has met with little response thus far.

BOY STARTS STYLE COLOR

That a boy in the country started the fad for mavis blue, is the story being told in England. It is said that the lad found a thrush's egg, which was seen by an official of a chemical organization. The man realized it would make a good shade for women's clothes and within a week had produced a dye of exactly the same color of the egg. The name "mavis" which was given it, is the old name for the thrush.

SEVEN BANDS TAKE PART IN MUSIC FESTIVAL AT HIGH CLIFF

THE feature of the Eastern Wisconsin Band Festival at High Cliff park, Sunday, will be a mass concert of a 250 piece band, composed of players from bands in Plymouth, Elkhardt Lake, Chilton, Hilbert, Brillion, Greenleaf and Wrightstown. Besides the concert, there will be eight vaudeville acts and a Hawaiian orchestra of six pieces. Kronger's orchestra of Two Rivers will furnish music for dancing during the afternoon and evening. The Christian Mothers of St. Mary church of Hilbert will serve dinner and supper at the park. Free parking space will be provided.

KING CAN'T ALWAYS GET THEATRE TICKETS

British Ruler and Wife Like Thrillers but Prince Prefers Music

London.—(AP)—Some of the most enthusiastic theatergoers in the United Kingdom are King George and Queen Mary and the royal family.

The king and queen prefer "thrillers" the Prince of Wales likes musical shows.

The king usually sits in the royal box at London theaters, but the royal box is merely a particular box designated for the king, and if he should apply for the seats after someone else has already reserved the box he stands a fair chance of not seeing the show. In such a case the management usually asks the person holding the box to accept another, but if there are no other seats to be had, the king waits until another night.

The king and queen invariably use a box and enter the theater by a private door. But the Prince of Wales has no such scruples. He enters with the rest of the audience, and rubs elbows with "the common herd" in the orchestra rows or "stalls" as they are called.

The king and queen, as well as other members of the royal family, pay for their seats in the ordinary way, just as Mr. Tom, Dick and Harry.

So keen on the theater is the titular head of the empire and his family that they sometimes meet by accident in

the same theatre. This happened several days ago when the king and queen and the Duke and Duchess of York found themselves seeing the same play from different parts of the show-house.

The royal family is likewise fond of films. The Prince of Wales, the Duke of Gloucester, Prince George and

the Duke and Duchess of York all went at various times to see one movie. They go incognito and pay in the usual way at the box-office. It is only seldom that the public recognizes them.

Roses refuse to grow where water stands about their roots.

LEG AMPUTATED IN STREET

Swerving to avoid collision with a bus, an automobile pinned a girl against a lamp post at Walthamstow, England. Her leg was pinned by a front spring of the car and it was necessary for a surgeon to amputate the limb below the knee before the girl could be freed.

MINNESOTAN CANOES MISSISSIPPI'S LENGTH

Complete Navigation of Father of Waters Is Reported by Mankato Man

Mankato, Minn.—(AP)—Navigation of the Father of Waters in northern Minnesota to the Gulf of Mexico is the feat of a local sportsman which is believed to be unparalleled by any white man.

The achievement of Harvey L. Anderson outdoes those of the early explorers and Jesuit fathers who mounted the river by canoe from New Orleans. Few of them went beyond St. Paul, and none reached the locality where the Mississippi river is narrow enough to jump across.

Long before the coming of the white man some adventurous Sioux may have threaded the tortuously curving brook in that place northern wilderness and descended in his birchbark down to the broader reaches of the mighty stream even as far as New Orleans.

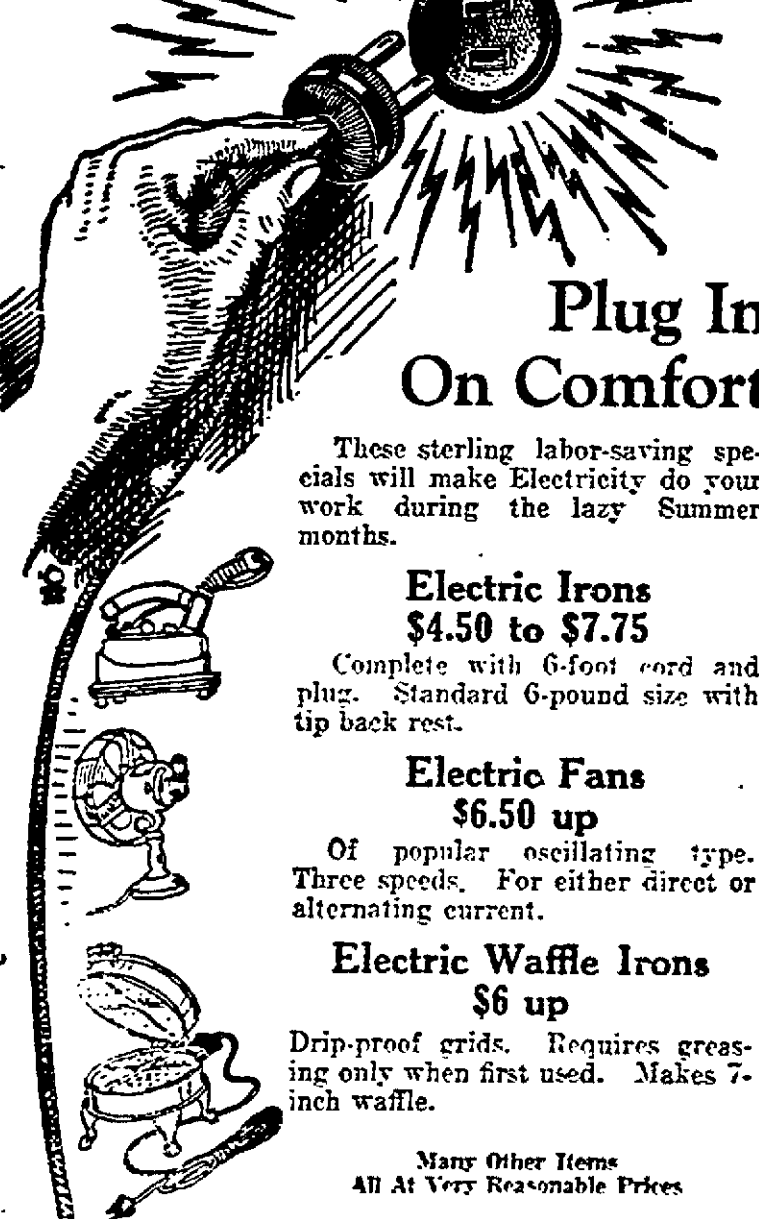

He paddled the distance of more than 2,000 miles from St. Paul to New Orleans in 1927 in an ordinary 17-foot canoe. Recently he covered the rest of the journey from the source of the river in a canoe race to Minneapolis, in which he came in third.

Only Indians were able to beat him. Fred Hanson of Mankato was his paddle-mate in the race. The two outdistanced all other white canoeists in the race and were crowding the Indians when the 500-mile marathon came to an end at Minneapolis.

The earlier journey Anderson made alone. Starting from Mankato November 3, he descended the Minnesota river, on which this city is situated, to its confluence with the Mississippi at St. Paul. He arrived at New Orleans January 27, 1923.

He barely escaped with his life at Muscatine, Iowa, when his canoe got away from him while he was shooting the rapids there during a storm.

DON'T DEDICATE
CHILD TO FULFILL
PARENTS WISH

In helping your child to find his own niche in this world make sure that he has not been dedicated as in some instances quite openly, and in others unconsciously, to carrying out unfulfilled ambitions of a parent.

The mother who is vaguely "musical" feels that she must have a daughter who will shine on the concert stage. How much wiser such a mother would be, says "Children, the Magazine for Parents," if she discovered as early as possible, the trend and extent of her child's real capacities and directed her training toward their development, instead of clutching at an unattainable ideal to satisfy her own vanity.

Home life can be made an experience in real democracy for the child. The school in recent years has come to realize that its autocratic atmosphere, where the teacher was the boss and the pupils did as they were ordered, was poor preparation for democracy. It is now training the pupils to participate in the running of the school by turning over to them the responsibility for its efficient management in all matters suited to their age and ability. Every home which follows that example will profit likewise.

If a child burns himself and the skin is only reddened, an application of vaseline or bland oil may be all that is necessary. But if the burn is severe and the skin is blistered or charred, the application of oil should be avoided, but the sponging on of a solution of baking soda and water may aid considerably. Or, dust on boracic acid powder and keep the burn protected with a piece of clean gauze until the doctor comes.

WOMAN SOLDIER
LEADS WHITE
SLAVERY FIGHT

Warsaw, Poland.—A descendant of the Greek emperors is the leader of Poland's fight against white slavery. She is Miss Stanislas Paleologue, a veteran of the Polish Women's Legion who was wounded in action at the defense of Lwow, and her family coat of arms called "Lascaris" consists of an imperial black eagle with two heads, set on a blue field.

Early in February she organized and became the official head of a corps of 23 women police, all veterans of the Polish Women's Legion, who are in charge of Poland's social crusade. Miss Paleologue's great grandfather came from Greece, and his son participated in the Polish insurgent movement of 1863.

In 1918 Miss Paleologue joined the Polish Women's Legion as aid to Mrs. Zagoriska, the commander. She was demobilized in 1922 after receiving two decorations during the defense of Lwow.

JOKER HAS BEST LAUGH

As the result of a practical joke a man lost his hat in the river at St. Margaret's, England, recently. The joker, a woman, picked up a scarecrow in a field. Tearing the bowler open the joker found hidden in the lining 10 Treasury notes worth nearly \$25.

PULLING TO-GETHER

AIRY PRINTED
FABRICS BRING
DOWN HEM LINE

Paris.—(AP)—Printed crepe de chine and chiffons by reason of their airy qualities are ushering in a slight increase in the length of skirts. The extra length is achieved by means of draperies and irregular folds without appearing to do so, points which lengthen the skirt. The extreme peacock-like long backs are much less frequent than they were a short time ago. Trains, however, are not uncommon for dresses for extremely formal occasions.

HELPFUL SPIRIT
VERY MUCH ALIVE

BY OLIVE ROBERTS BARTON
AN American woman has been decorated by the King of Spain for her tireless efforts in bringing the work of a Spanish artist—no other than the famous Beltran-Massee—before the American public, where he achieved instant popularity. Miss Frances Clyne accepted the honor modestly. "It was no trouble at all," she insisted, although it had taken repeated effort and numerous trips to overcome certain obstacles that stood in the way.

Miss Amelia Earhart is being sponsored by an American woman in Paris who has been for years interested in the Boston girl's career. But for her interest and aid the flight of the "Friendship" probably would be an impossibility.

We hear so often of men and women helping other people to fame that it greatly offsets the prevailing idea that all Americans are selfish and disinterested in affairs that do not directly concern them.

It may be that we are getting away from the habit of rushing in to help out our neighbor when the baby has the measles, or sending in a pile or a loaf of bread on bake days, but so many people are helping in other ways that it behooves us to cease our criticism and go and do likewise.

One woman has had a maid for years, upon whom she depended for everything. Yet recently when this girl expressed a desire to study at night and prepare for an office position—did her mistress storm and try to discourage her?

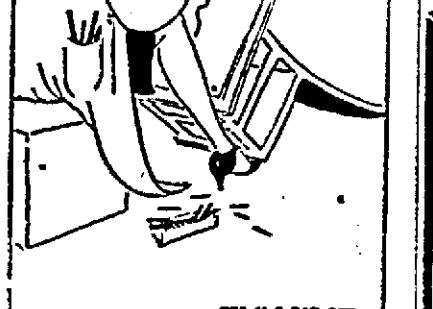

No, she did everything in her power to help her.

Many people who have no children and sufficient means are helping with the education of young friends. It is quite a prevalent custom now, and growing.

Methods have changed, but the spirit of helpfulness and cooperation is still burning bright.

APRICOT FLAVOR

By adding just a few apricots to any fruit jam, jelly or sauce, one can get a tangy flavor that is delicious. Apricot tarts are excellent.

Fashion Plaques

THIS WHITE PIQUE HAT with softly draped crown caught with dark blue grosgrain ribbon takes an important place in the summer wardrobe.

SISTER MARY'S
KITCHEN

BREAKFAST—Cantaloupe, cereal, cream, potato omelet, crisp toast, milk, coffee.

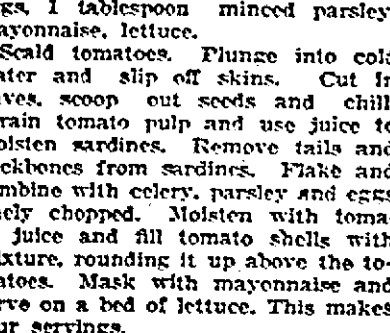

LUNCHEON—Bouillon, toast sticks, tomato and sardine salad, rye bread, grandmother's cookies, chilled cocoa.

DINNER—Spanish liver, baked new potatoes, green bean and celery salad, rhubarb jelly with whipped cream, milk, coffee.

Cook cocoa syrup for chilled cocoa just as if making hot cocoa. Chill the syrup and beat into well chilled milk, adding a drop or two of vanilla. Do not add ice for this makes the cocoa watery rather than rich and milky. Slightly sweetened whipped cream can be dropped on top of each glass.

TOMATO AND SARDINE SALAD
Two tomatoes, 8 sardines, 4 tablespoons minced celery, 2 hard cooked eggs, 1 tablespoon minced parsley, mayonnaise, lettuce.

Scald tomatoes. Plunge into cold water and slip off skins. Cut in halves, scoop out seeds and chill. Strain tomato pulp and use juice to moisten sardines. Remove tails and backbone from sardines. Flake and combine with celery, parsley and eggs finely chopped. Moisten with tomato juice and fill tomato shells with mixture, rounding it up above the tomatoes. Mask with mayonnaise and serve on a bed of lettuce. This makes four servings.

MARYE
and
"MOM"
Their Letters
BY RUTH DEWEY GROVES

Dear Mom:

It's a real pleasure to be able to inform you that the message and the inhabitants thereof are doing nicely. The unsightly bandages which temporarily festooned my visage have been removed, and I am almost as good as new.

It is quite necessary now that I get back to normal, because next week I am going on display—for sweet charity's sake. True to her word, Cousin Julia has been giving thought to my case. She introduced me to a friend of hers, a Miss Evans, who is very much interested in working for a babies' dispensary here.

As soon as she saw me, she decided that I must be one of the mannequins at the fashion show that she is putting on to raise money for it.

One of the best shops is providing the clothes, and she is assembling the girls to wear them. She said, "I was just the type to wear some real Patou sport dresses and coats that are warranted to fill everyone under 50 with envy."

The show is to be at the smartest country club here, and we go on twice a day, just as if we were show folk. Most of the other girls are at the top-notch of real society, and when I mentioned their names Alan was quite impressed. He seemed very glad to have me take part in the affair.

I wondered how he would feel if I were really going to be a model, and get actual cash for my labors. That is something I often have thought of trying to do, but have never mentioned it to the husband.

Personally, I don't quite understand that attitude on the part of men, but I am too much interested in this idea to cogitate much on it now. And Miss Evans has assured me she can keep me busy all summer, doing various things that need to be done for the babies of the slums.

Cousin Julia is determined that I must learn some language, presumably French, and has found a French teacher for me—a gentleman who has fallen from her high estate, and appears to be a bit of a snob.

Oh, yes, I forgot to state: at I have had a telephone conversation with Pele, in which I told him that since he was such a bone of contention in our family that I thought he had better pass quietly and painlessly out of my life.

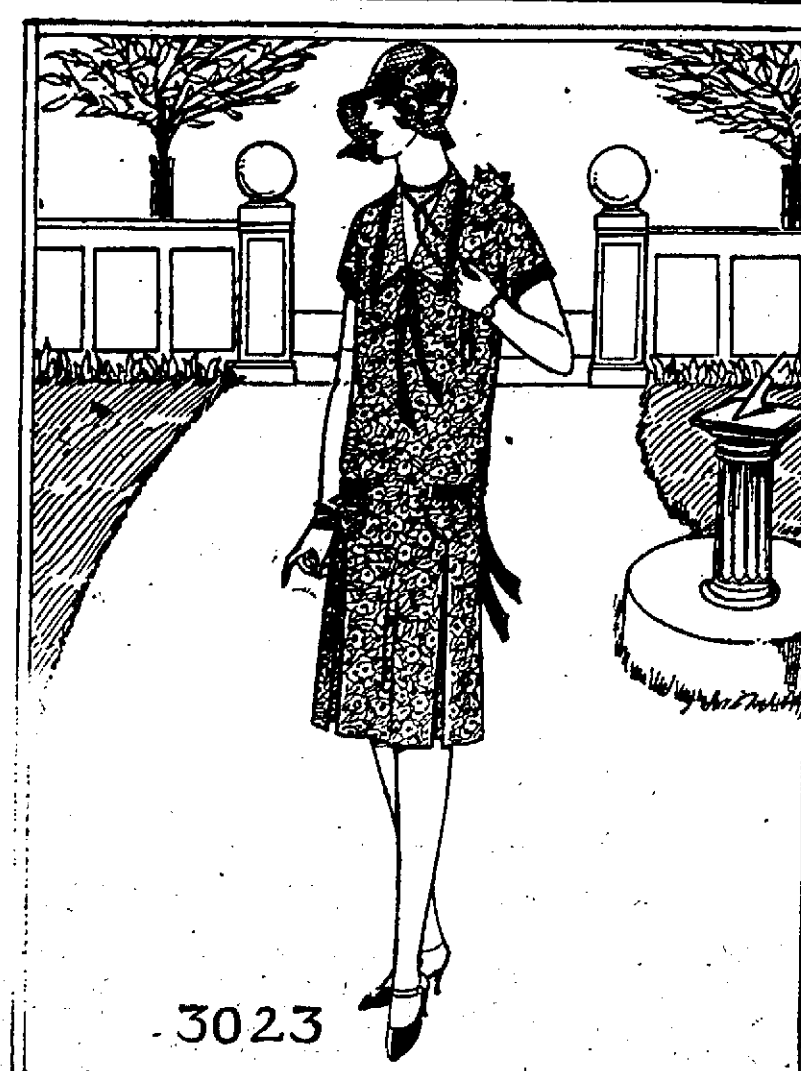

Most politely, he said he quite understood how my husband must feel, and hoped he might have an opportunity to meet Alan some time, and to become a family friend.

I'm sending you a little gift—a peace offering for having worried you. It's a little choker of crystal, cut like the links of a chain. I hope you will like it—it looked like something for a lady, that's why it suggested you.

Yours for reform,
MARYE

NEXT: Mom approves.

SLEEVELESS FROCK A NEED

SMART SLEEVELESS MODE

Just enough sleeve to make it desirable for town on a warm day, and for resort, for fashion decrees the short sleeve frock for mid-summer. It is especially lovely made of printed silk crepe or of printed chiffon to complete an ensemble. For the golf links, it is swagger of beige and tan check sheer tweed, pea green jersey or peach colored shantung. For porch and mornings, it can be made of chiffon voile, challis print, printed linen, silk pique or washable crepe de chine. Style No. 3023 will appeal to the thrifty woman for it can be made with 3 yards of 40-inch, if of one material, and very little time. It is molded through the bodice with snug hip-line, comfortable Vionnet neckline finished with rever collar, with youthful slenderizing line carried out by inverted plaits below jaunty shaped pockets. These plaited sections are inserted in slashed openings; front

and back joined at side seams and shoulder seams closed, with collar and pockets attached. Think of all the lovely dresses you can have at a small outlay of the new fabrics in becoming shades to accentuate your chic, with this pattern on hand, which is designed on sizes 18 years, 36, 38, 40, 42, 44 and 46 inches bust measure. Pattern price 15 cents in stamps or coin (coin preferred). Our patterns are made by the leading Fashion Designers of New York City and are guaranteed to fit perfectly. ALL PATTERNS 15 CENTS EACH In Stamps or Coin (Coin Preferred) Our Summer Fashion Magazine, just off the press, is the most interesting issue we have ever published. Styles for women, the miss, and the kiddies, and valuable articles about

vacation trips, and what the stout and the short woman should wear. Send today ten cents for your copy, addressing Fashion Department.

A New \$10 Hat
for a Dime!

"Yes, my dear, this little hat that you admire so much cost me just ten cents. But it's not as new as it looks. I had laid it aside because it was so soiled. Then it occurred to me to dry clean it with Solvite. Presto—a new \$10 hat for a dime!"

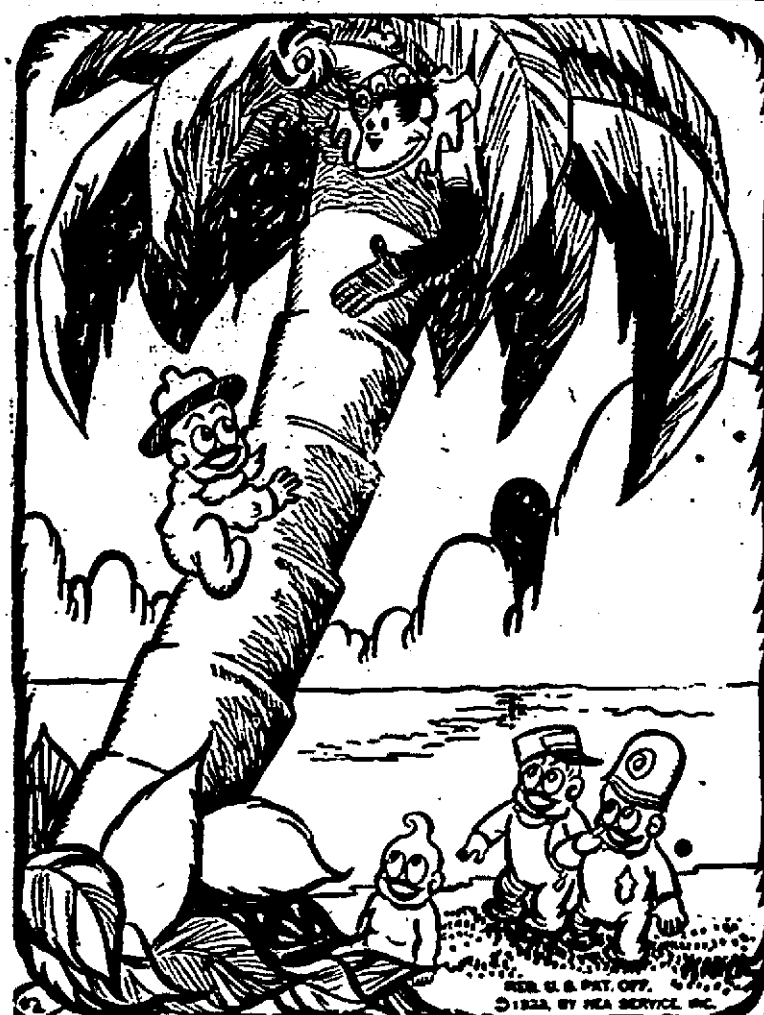

Any woman can easily save five to ten dollars by dry cleaning everything in the home that would be ruined by soap and water. Solvite, dissolved in gasoline, makes everything dry cleaned come out spick and span and bright as new. Nothing fades, shrinks or wrinkles. Get Solvite today at any drug store.

THE TINYMITES

By Hal Cochran

READ THE STORY. THEN COLOR THE PICTURE

POOR Clowny stood out in the stream. Said he, "Well, who would ever dream that crazy little monkey would steal my clothes and run away? I'd have to take a longer swim. Oh look! He's running up a limb. Won't someone kindly catch him quick before he gets away?" "E-e-k, e-e-k," the little monkey cried, and then he tried his best to hide behind some little branches "way up high within the tree. He seemed to know that he had played a clever trick; that's why he stayed clear out of reach where he thought he was safe as safe could be.

The monkey grew busy. "Mercy me," cried Clowny, "he is coming down and then he'll start to run. Don't shake the tree too hard, he'll fall. He really isn't bad at all, and we might hurt the monkey just for having lots of fun." The little monkey then reached the ground and started jumping around. "Don't tear my clothes," cried Clowny, "they are all I have to wear. If anything at all goes wrong, I'll have to stay here much too long. Please take my things off by the shore and kindly leave them there."

Just at this moment Scouty tried to grab the monkey. Then he cried, "Hey, look, the scamp is running off. Come on, now, let's give chase." So the monkeys began to tear. This made Clowny laugh because "twas quite a funny race.

(The monkeys lead the Tinymites into a trap in the next story.)

JUDAH'S ABILITY AS LINGUIST MAKES HIM POPULAR WITH CUBANS

United States Ambassador, There but Short Time, Makes Many Friends

Havana—(AP)—Col. Noble Brandon Judah, United States ambassador to Cuba, has become to this island republic what Dwight Morrow is to Mexico.

At his post only half a year, Colonel Judah already has won expressions of cordiality which extend from the man in the street to the leaders of Cuban life.

He came to Cuba in December to take the post held by Gen. Enock Crowder. Within a few months he has won his way into the confidence of the Machado administration, the hearts of the Cuban people and the homes of Havana society. Among his assets have been a thorough knowledge of the Spanish language and wide experience in the tropics.

When Col. Charles Lindbergh visited Cuba during the Pan-American conference it was Ambassador Judah who escorted the flyer about, and most of his speeches and introductions were in the Spanish language. This, only two months after his arrival, made him popular here. And the stranger in Latin-America who speaks the language is always accepted with acclaim.

Ambassador Judah has won the reputation of being the most accessible man in Cuba, and the embassy is always open to callers. He has cultivated, too, a close acquaintanceship with the people and has adopted the customs of the country.

His title of colonel seems to cherish greatly, perhaps because he won it under fire in the artillery corps during the world war. Mrs. Judah and their little daughters, Katherine and Ann, make their home here during the winter. They are spending the summer vacation in Europe.

U. S. BOOTLEGGERS GET BRITISH AID

Courts of Great Britain Are Directly Opposed to Prohibition

London—History has an uncanny way of repeating itself. If memory does not fail, there was a time when various English gentlemen found the money and the ships, and adventurers found the cargo—slaves—for export to the United States.

The United States today has a nationwide problem—the problem of how to enforce the prohibition law. Periodically the courts of Great Britain have before them cases which show how interested some of the English are in our dryness and the aspirations of some of our people to wetness. For in a number of cases recorded in British courts certain Englishmen apparently found the money and the ships and various adventurers found the cargo—Scotch whisky—for export to the United States.

ASSOCIATES FALL OUT
The way these suits come into the courts of Great Britain is quite simple: The associates in this risky business sometimes fall out. At times the complaint is that there has not been a fair division of the profits. At times the complaint is that the money and ships have not been forthcoming and the complainants have been left with the whisky on their hands.

But one thing sticks out like a sore thumb—the bootleggers have valuable allies on this side of the pond. The Englishmen who engage in this business look upon the United States as a good thing. And no wonder! One ship that gets its stuff over safely may mean \$30,000 profit to the backer. He only risks his money. The adventurers, who actually take the stuff over, not only risk their ship, but, sometimes, their liberty.

Needless to say, decent Englishmen look with great disfavor upon these allies of our bootleggers. They may think Americans were fools to do away with liquor. They may think

The Appleton Post-Crescent Offers to Its Readers An Automobile Road Book.

All motorists, and particularly tourists, have need of a concise road book with descriptions of the highways.

To many people the thought of travel in unknown country entails doubt. For this reason it is imperative that some carefully prepared information be secured.

The Washington Bureau of this paper has for distribution a book that exactly fills the requirements.

In addition to giving descriptions and markings of the great national highways it contains many suggestions that will save time, money, and annoyance.

It will help not only in planning a tour, but also in carrying it through.

Clip the accompanying coupon and send it to the Washington Information Bureau of this paper. Enclose four cents in coin or stamps for return postage and handling. The book will go forward by return mail.

Frederic J. Haskin, Director, The Appleton Post-Crescent Information Bureau, Washington, D. C.

I enclose herewith four cents in coin or stamps for a copy of the AUTOMOBILE ROAD BOOK.

City

State

CUBAN IDOL

Although Col. Noble Brandon Judah has been Uncle Sam's ambassador to Cuba but a short time, he is well liked there. He attributes it to the fact that he speaks Spanish fluently.

enforced prohibition is taking away the rightful liberties of the citizen. But after all, the average Englishman has a great respect for law. If prohibition is the law of our land, he thinks people ought to obey it. And he thinks his own countrymen ought to respect it and not help directly or indirectly to break it.

Both Mr. Mrs. Hoover Are Students Of Applied Science

Washington—(AP)—For the first time in history, a President and First Lady who are both scientists are offered to the American public on a major political ticket.

Applied science, involving geology, mathematics, physics and chemistry, was the work of Herbert Hoover from the time he graduated at Stanford University in 1895 and began his career as a mining engineer until he entered public life during the world war. Mrs. Hoover, whom he met at Stanford and married shortly after her graduation, "majored" there in geology.

Their community of scientific interest has been maintained throughout the years that have followed. This was demonstrated by their collaboration in the four years of study and research which went into the translation, published in 1912, of "De Re Metallica," which was written in Old Latin and credited to "Agricola" in 1555.

The translation of this work is regarded by Secretary Hoover as his profession. It had long been recognized by metallurgists and mining engineers as covering the principles of mining more comprehensively than any other book and as being just as applicable, basically, to present conditions as it was to those prevailing at the time it was written. Because of its great length and the prodigious task of translating the Old Latin text,

however, only scattered parts of it had been made available to modern students.

Mr. Hoover also is the author of "Economics in Mining," published in 1906, and "Principles of Mining," 1909, both of which are still being used as college text books, and are regarded by him as ranking higher in importance than his more recent "American Individualism," published in 1922.

His personal interest in science has never been confined to its mere utility, but has extended into its more fundamental branches. He has been exceptionally active in recent years as chairman of the National Research Fund, which was organized at a meeting of the National Academy of Sciences in 1925 to provide the millions needed for the facilitation and encouragement of research in pure science by skilled investigators.

"Applied science itself will dry up unless we maintain the source of pure science," he observed. "We must add to knowledge, both for the intellectual and spiritual satisfaction that comes from widening the range of human understanding, and for the direct practical utilization of these fundamental discoveries."

"A special study in an industrial laboratory, resulting in the improvement of some machine or process, is of great value to the world. But the discovery of a law of nature, applicable in thousands of instances and

forming a permanent and ever available addition to knowledge, is a far greater advance."

"There is no price that the world could not afford to pay to these men who have the originality of mind to carry scientific thought great strides—and they wish no price. They need opportunity to live and work. No one can estimate the value to the world of an investigator like Faraday. Our whole banking community does not do the public service in a year that Faraday's discoveries do us daily."

MORY ICE CREAM

The Yearly Moth Crop

SUMMER lights afresh its treacherous lure of "any old gas will do from now till winter."

Look well that your car doesn't join the swarm.

True, when the warm days have freed your motor from oil-stiffness, poor grades of gas may seem to lose enough of their stubbornness to claim usability.

But there's no magic in the thermometer's slow rise. The touch of warmer outer air cannot make your motor immune to the dangerous ingredients that are the very cause of poor fuel's hard starting!

Its kerosenish heaviness that so stubbornly resisted the spark in cold weather is still there—unabated — to threaten your bearings with its unburned drip!

Wadhams 370

—the Year-Round Gasoline

holds you safe from the singeing flame.

The character that for years has made it the recognized fuel of winter is the character of correct motor suitability which makes it still more valuable in spring's changeable days and the set warmth of summer.

Because of its perfect firing and freedom from kerosenish residues, it operates on the thin mixture of real economy.

Doesn't it stand to reason that its safety and its savings must be of greatest importance in the season when your car is in greatest use?

Swing wide of the tempter's flame!

RHINELANDER MAN IS DEAD ON WEST COAST

New London Relatives Hear of Clyde Plant's Death at Portland

Special to Post-Crescent
New London—Relatives of Clyde Plant, who was well known here, have received notice of the young man's death at Portland, Ore., June 11. Acute dilation of the heart was the cause of death. Mr. Plant was a graduate of North Pacific Dental college. His parents, Mr. and Mrs. Charles Plant, reside in Rhinelander, Wis. Mr. Plant was 30 years of age. Mr. and Mrs. George Plant, Mr. and Mrs. Charles Plant, Mr. and Mrs. Alex Garrow and Mr. and Mrs. Robert Plant, of Royalton.

MRS. KUTIE SPRINGSTADT
The death of Mrs. Kuttie Springstad, daughter of New London's one time mayor, Judge C. J. Hoxie, occurred June 10, in St. Petersburg, Fla. Mrs. Springstad, for many years a resident of this city, moved to Florida with her family in 1922. She died at the age of 69, following an aneurysm. She is survived by her husband, one daughter and a brother. Interment was in St. Petersburg.

NEW LONDON SOCIETY

Special to Post-Crescent
New London—The club was evening five this week at the home of Mrs. William Werner. Prizes in cards were awarded to Miss Ida Vergove, who held high score. To Mrs. A. W. Anderson, who held second high and to Miss Louise Behl who held third score. Games at this meeting were: Golf, at the home of Mrs. W. E. Schumacher of North Freedom, Mrs. E. M. Worby and Miss Mabel Nook. Miss Louise Behl will entertain the club at the meeting next week.

The July meeting of the Emanuel Lutheran Ladies aid will be held in the church parlors Thursday afternoon, July 5. Plans for the annual picnic of the congregation will be made at this meeting. The social committee in charge at the meeting will include Mesdames William Marasch, William Lintner, August Marasch, Arnold R. Margraf, Oscar Norzick, Henry Norris, Theodore Neitzel, Henry Otto and Charles Pasch.

The July meeting of the Liberty Home Economics club will be held at the George Thern home Thursday evening, July 5.

The annual picnic of the O. N. O. club will take place Sunday, July 8, at Teches Hill, according to announcement by the president, Mrs. Albert Klug. Officers of the organization comprise the committee in charge, and include Mrs. Albert Klug, Mrs. Reinhold Vols and Mrs. William Marasch.

NEW LONDON CHILDREN WILL ENJOY CAMP VISIT

New London—Three members of the Lions club of this city have been appointed to act on the matter of sending twenty or more children of this city to the Clintonville Lions clubhouse on Long Lake, for a period of a week. The matter has been under discussion for some time and it is thought that a group of children will be selected, chosen from among the less fortunate than others, who will be sent to the camp in charge of a director. Those of the committee include M. C. Trayer, G. H. Putnam and Andrew Rumenoff.

100 ATTEND PARTY AT STEPHENSVILLE HALL

Special to Post-Crescent
Stephensville—A birthday surprise party was given by friends for W. Layman and Bert Stangstock of New London at the Stephensville auditorium on Wednesday evening. About 100 persons were present. Dancing furnished entertainment.
Mr. and Mrs. Harry Jack of Hortonville, Mr. and Mrs. Alfred Moehring, of Shiocton, Mr. and Mrs. C. Schwab, Mr. and Mrs. A. H. Dierich, and Mrs. A. Glaser, visited at the Christ Ludwig home Wednesday evening.
Mrs. Charles Steidl, sons Edward and Joyce, daughter Evelyn and Alfred and Albert Geske spent Wednesday evening at Manawa.
Lloyd Leveow, Robert Herbst and Howard Leveow were at Hortonville on Thursday.
L. H. Manley and Miss Alice Mackley returned Monday from a week's visit at Chicago.
Mrs. Rosella Feldhausen is visiting friends at Appleton.

CHAUTAUQUA COMES TO WEYAUWEGA NEXT MONTH

Special to Post-Crescent
Weyauwega—A Chautauqua will be held in Weyauwega July 11-12-13-14, given by the United Chautauqua. The afternoon programs will begin at 2:30 and the evening programs at 8 o'clock.
Mr. and Mrs. Frank S. Grubb of Stanley, and Mr. and Mrs. A. F. Zillmer of Colby visited relatives in Weyauwega a few days, on their return from Madison, where they had been to attend the graduation exercises of Arthur Grubb, son of Mr. and Mrs. Frank Grubb. Mrs. Grubb was formerly Miss Louise Bauer, and Mrs. Zillmer, Miss Emma Bauer of Weyauwega, sisters of F. W. Bauer and Miss Hilda Bauer.
Mrs. Lawrence Miller, who has been spending the past several months in Minneapolis at the home of her son, Bernard Miller, and family, returned home Saturday. She was accompanied by her daughter-in-law, Mrs. B. Miller, and two little daughters, who will visit in the city for a few weeks.

CLINTONVILLE WOMAN BECOMES JUNE BRIDE

Daughter of Prominent Residents Is Wed at Impressive Ceremony

Special to Post-Crescent
Clintonville—The Congregational church in this city was the scene of a very pretty June wedding on Wednesday, at high noon, when Miss Bernice Gibson, youngest daughter of Mrs. R. G. Gibson of this city, became the bride of Harley Beal Wiley of Milwaukee, with the Rev. N. E. Sinninger as officiating clergyman. The invited guests were ushered in to the church by John MacDonald and M. B. Larson. Mrs. Harry B. Dodge presided at the organ, and the first strains of the wedding march from Lohengrin sounded. Florence Nelson and Master Robert Gibson, of Milwaukee, and Frank Wiley, of Milwaukee, and Frank Wiley, of Milwaukee, were bridesmaids. The groom was escorted by John MacDonald and M. B. Larson. Mrs. Harry B. Dodge presided at the organ, and the first strains of the wedding march from Lohengrin sounded. Florence Nelson and Master Robert Gibson, of Milwaukee, and Frank Wiley, of Milwaukee, were bridesmaids. The groom was escorted by John MacDonald and M. B. Larson. Mrs. Harry B. Dodge presided at the organ, and the first strains of the wedding march from Lohengrin sounded. his movements Virginia was not aware of it.

"I can't understand it, Uncle Fredrick," she called Mr. Dean that on occasion—"what shall I do?"

"That's what I've come to talk to you about, my dear. Naturally you will come to us. And perhaps, when the estate is settled, there will be more for you than we think there is."

"I wouldn't mind losing the money if father had lived," Virginia said. "And I don't mind so much for myself—but there's Niel."

"You fear it will make a difference to him?" he asked in surprise. Such an idea had not crossed his own mind, though he welcomed it readily enough.

Virginia smiled wanly at his misinterpretation of her words.

"Niel regretted that he was going to marry a girl with money," she explained hastily. "He wouldn't have taken any of it for himself but it would have made it possible for him to devote himself to his work."

"Ah, I see; you're quite right to think of him, Virginia. When a man knows he is neglecting to provide properly for the woman he loves he is sure to be distracted from his work."

"I think father would wish it," Virginia said softly, "but I don't want to begin my life with Niel under a shadow."

"Then will you come to us?" "I must talk to Niel first, but please don't think I am not grateful to you and Clarissa. It would be so much harder to bear without you two, and Niel."

"Well, I hope you won't let him cloud your judgment. I'm sure you don't realize what a change has come to you, Virginia. Poverty's a rather terrible thing to one brought up as you have been. It will require some time for you to adjust yourself to it."

"I'll try to make him understand," Virginia promised.

Very soon afterwards, Mr. Dean planted a fatherly kiss upon her forehead and left her. In the lobby of the building he met Nathaniel and the two men exchanged brief, unsmiling nods.

Virginia had gone into her dressing room to bathe her eyes in cold water when the maid opened the door to Nathaniel. He had a few moments of fretful waiting before she came in.

"Sweetheart!" he cried, and Virginia thought he acted as though he had not seen her for weeks. "I was a fool to get out," he chided himself openly. "What did Dean have to say to you?"

"He has offered me a home," Virginia said, limp in his arms. Nathaniel sometimes forgot his strength when he held her.

"The nerve! What does he think I am? I hope you told him you're going to marry me without delay."

Virginia smiled up at him, but the smile chilled Nathaniel's hope. He could see it was meant to soften the refusal that was to follow.

to live in the studio. What do you say, dear?"

Madison Youth Makes Boat That Maneuvers By Radio

Madison — (AP) — A radio-operated boat, capable of executing fourteen different maneuvers in response to signals from an operator on shore, is the product of the inventive talent of a 19-year-old Madison boy, employed at a large machine works here.

The only "crew" for his vessel is a delicate radio receiving apparatus, yet it will turn the ship any direction, back up, regulate its own motors and lights, fire a small cannon and blow a horn when a turn is made.

can be dropped from an airplane and guided by radio from the plane to its mark. If fired from a submarine, such torpedo could be steered around any ship in the foreground and into its target on the other side by means of radio signals.

Mr. Wiese has perfected a number of improvements on the control board from which the boat is guided. The main one, he said, is that his control board is always in neutral. That is, after a "command" is sent the boat, the control arm automatically moves to its designated or starting point, and a fraction of a second after the movement of the boat is started, the arm goes back to its neutral point.

APPLETON LEGION JUNIORS HOST TO MENASHA SATURDAY

Class Of City's Youthful Diamond Stars Included In Local Lineup For Big Game

Mortell, Murphy or Priebe to Toe the Mound in Revenge Battle With Pails

A booster day for the future of baseball in Appleton will be held Saturday afternoon at Brandt park, when the Appleton Juniors, the class of ball players of the city under 17 years of age, play host to the strong Menasha Juniors in a practice battle before the district American Legion tournament. The local boys will represent Oney Johnston post in the district meet and the group is composed of the best players of the four teams which formed the local American league this summer.

The local team traveled to Menasha last week and lost a hard-fought battle in the rain and mud and the boys are out for revenge and incidentally their first practice win. Every player on the team is a hustler and the material is above the average for the age, so that any lover of the great American sport and also youngsters who travel to Brandt park Saturday afternoon will not be able to leave so siding the afternoon wasted. It is the biggest opportunity for the boys to show their stuff in a real game as assured in big league style. Murphy or Mortell probably will be the Appleton mound choices with Priebe in reserve and all three will play other positions during the game. Kranzwill be the first base and the remainder of the infield will be picked from Kirk, Grieshaber, Jones, Demerath and Klippstein, with all being given some chance during the game. In the outfield Hill, Murphy or Mortell and Sanders will play. Pope will be behind the plate while Berg will serve. No admission will be charged but the hat will be passed to help defray the expenses of the boys to the district meet.

TWO FAVORITES CLASH IN GOLF TOURNEY

Wakonda Club, Des Moines—(AP)—Rising from the waves of torrential rain that swept the course Thursday, four golfers out of some 200 who started Friday were the sole survivors to contest the semi-finals of the Trans-Mississippi Golf championship at Wakonda club.

SIXTH WARD DODGERS BEAT FIFTH WARDERS

The Sixth Ward Dodgers defeated the Fifth Ward Cardinals, 9-17, in an interplayground League game Thursday evening. J. DeGroot and Goeheer played the best games for the winners. In another game Thursday evening the Fifth Ward Giants took a hard battle from the Sixth Ward Red Sox, 4-3. Eggert hurled for the winners and Glaser for the losers.

Ready to Snap Gelbert
Owners of the St. Louis Cardinals are said to be ready to bring Sheld stop Gelbert to St. Louis from their Rochester farm. Gelbert's play this season has bordered on the sensational.

Ex-Infielders Achieve Fame As Star Twirlers

BY BILLY EVANS
This is a tale of two boys from sunny Tennessee—Bob Smith of the Boston Braves and Red Lucas of the Cincinnati Reds. I might refer to them as the "Gold Dust Twins." They're that much alike, in a way.

Not only have their major league careers run along almost parallel lines but each has been the unique in achievement—unique, at least, in these days of specialists.

Unlike Ruth, Sisler, Sam Rice and others who started as pitchers in the big show only to gain greater fame as outfielders and infielders, Smith and Lucas turned from infighting to pitching for added recognition.

Smith joined the Braves in 1923—as a second-baseman, coming up from New Orleans in the Southern Association. For two seasons Smith was an infielder with the Braves.

Then one day in 1925 Manager Banerhoff, hard-pressed for pitchers, sent Smith to the mound. The second-sacker came through nicely. In fact, performed so creditably he's been pitching ever since.

This year Lucas rates one of the best gunners in the old circuit. In the first five weeks of play he chalked up seven victories in nine starts, leading the circuit in triumphs. A few weeks ago Lucas buried the Reds to a 14-inning win over the Cardinals. The Cards failed to score during the last nine frames. Last year Red hurled a one-hit game against the same club.

Smith doesn't boast quite as fine a record as Lucas, due in part to the fact he's with a much weaker club. However, Bob has turned in his quota of stellar performances, the most notable being a 22-inning battle with the Cubs as the opposition. Smith lost but covered himself with glory. He blanked the foe 16 frames in a row.

This year Smith looks better than ever. And it was Bob who ended the famous 13-game winning streak of the Cubs at a time when McCarthy's boys were sweeping aside all opposition.

During my rounds of the southern training camps two years ago, I looked over both Smith and Lucas. Each impressed me favorably, especially Lucas, who besides being a topnotch pitcher, also ranks as a splendid batter, often being used as a pinch hitter when not on the mound.

LEAGUE GAMES
C. N. W. Railroad 6, Machine Co. 4
Tuttle Press Co. 1, Chair Co. 0.
Two of the best softball games of the season in the American League were played this week when leading teams of the loop were forced to the limit to whip lower rivals. The Appleton Machine Co. team led the crack Chicago, Northwestern Railroads, 4-0, until the sixth inning, only to break down after showing superb ball, to lose a tough battle, 6-4. The Tuttle Press squad whipped the fighting Appleton Chair Co. crew, 1-0, in a game featured by airtight fielding.

The C. N. W. boys by their win kept clean slate in the loop with seven victories without a setback and tightened their hold on first place. The Machine crew dropped from a lone third place to a tie for the post with the Tuttle Pressmen who raised themselves by their triumph.

Playing great ball with perfect support by Herb, Radtke, Fumrimer and Schwandt, the Machine Co. led the undefeated Railwaysmen, 4-0, with two innings to go and had their rivals plenty scared of losing their clean record and a lone first place. In the fatal sixth inning the Machine men went to their feet and before the frame was over C. N. W. tallies had crossed the platter and the game went two extra innings before a decision was reached, the winners finally breaking through to score twice in the last of the ninth.

The Northwestern men played far better than their usual standard and were frequent, Gresenz having four and Potter and Walker being close behind him. With two men on in the ninth Walker, a new man, clouted a double to score the winning runs for the Railwaysmen. The Machine Co. in an attempt to equal the standard, though a runner reached third base, Fumrimer, replacing Brandt in left field for the losers had 11 putouts. The feature play of the game came in the second when Saecker, Machine Co. catcher, overthrew third base in an attempt to catch a runner there and Fumrimer, coming in fast, threw the runner out at the plate by three feet, saving what would have been the winners' first tally.

C. N. W. Ry. 0 0 0 0 0 4 0 0 2 6
Batteries—C. N. W. Ry.—W. Gresenz, Chappell and Reetz; Machine Co.—Schwandt and Saecker.

GREAT SUPPORT
Perfect support by both teams featured the Tuttle Press-Chair Co. game. Purdy held the Chairs to one safety and all the Pressmen could gather off Selig was four. The winners tallied the only run of the game in the third innings. Schultz, Chair left fielder, had eight putouts, all hard tries. Zuehlke, Ellis, Merkle and Bialowsky aided Purdy in holding the losers to one hit.

Chair Co. 0 0 0 0 0 0 0 0 0 0

YANKEES INCREASE LEAD TO 12 GAMES
Take 11 Win in 15 Games from Second-place Macks for New Margin

A dozen games ahead of the pursuing fleet, the Yankee destroyer steamed along confidently and serenely towards another American League pennant. Every rival club in the circuit bears the scars of battle with the defending champions but none has been more badly battered than Connie Mack's Philadelphia Athletics, who in previous seasons predicted to be the only club capable of giving Babe Ruth and Co. so much as a run for their money.

HOMERUN CHIEF

Here's Jim Bottomly, first baseman of the St. Louis Cardinals, whose flock of home runs this season gives him the leadership for that department in the National League. Incidentally, he is playing a great game at first base but two and one half games behind the leading Indians, Minneapolis and Toledo, tied for fifth position, were only five games away from the top.

RAIN CAUSED POSTPONEMENT OF THE two other scheduled games in the Association Thursday.

MINNEAPOLIS BUNCHED THREE OF ITS six hits off Gearin in the first inning for three runs and defeated Milwaukee, 3 to 2, while Kansas City scored four runs in the third inning or enough to defeat St. Paul. The Blues continued their hitting ways, however, and when it was all over had scored a 12 to 1 victory.

AS INDIANAPOLIS WAS AGAIN IDELE, the American Association race tightened up a bit and Friday Kansas City was on at the Apawamus club Friday, the leading Indians, Minneapolis and Toledo, tied for fifth position, were only five games away from the top.

RAIN CAUSED POSTPONEMENT OF THE two other scheduled games in the Association Thursday.

RYE, N. Y. — (AP) — From among eight youths left for the third round of the Intercollegiate Golf championship at the Apawamus club Friday will come a new titleholder. Watt Gunn, the defending champion, was eliminated in the second round Thursday by a comparatively unknown player, Kenneth Williams of Williams College, at the nineteenth hole.

BREWERS LOSE FOURTH IN ROW IN ASSOCIATION

Chicago — (AP) — It took but two big innings to decide the two games played in the American Association Thursday.

MINNEAPOLIS BUNCHED THREE OF ITS six hits off Gearin in the first inning for three runs and defeated Milwaukee, 3 to 2, while Kansas City scored four runs in the third inning or enough to defeat St. Paul. The Blues continued their hitting ways, however, and when it was all over had scored a 12 to 1 victory.

AS INDIANAPOLIS WAS AGAIN IDELE, the American Association race tightened up a bit and Friday Kansas City was on at the Apawamus club Friday, the leading Indians, Minneapolis and Toledo, tied for fifth position, were only five games away from the top.

RYE, N. Y. — (AP) — From among eight youths left for the third round of the Intercollegiate Golf championship at the Apawamus club Friday will come a new titleholder. Watt Gunn, the defending champion, was eliminated in the second round Thursday by a comparatively unknown player, Kenneth Williams of Williams College, at the nineteenth hole.

CHAMPION WATTS GUNN BEATEN IN GOLF MEET

RYE, N. Y. — (AP) — From among eight youths left for the third round of the Intercollegiate Golf championship at the Apawamus club Friday will come a new titleholder. Watt Gunn, the defending champion, was eliminated in the second round Thursday by a comparatively unknown player, Kenneth Williams of Williams College, at the nineteenth hole.

Only one of the survivors of the first day's play was listed among the favorites at the start of play for the individual title. That one is Maurice McCarthy, brilliant young sophomore from Georgetown. With Gunn, Wil Ham Youngs of Princeton, another favorite, J. E. Lehman of Purdue, Western Conference champion, and Chuck Hunter, University of Washington star, went down in defeat Thursday. The Georgetown boy meets John D. Ames of Princeton Friday.

APPLETON PLAYERS FEATURE NET MEET

Brilliant Though Losing Battle of Local Stars Draws Comment

Appleton's two entrants in the Wisconsin State Tennis tournament held this week at Oshkosh, though eliminated in the first day's play in the double, furnished one of the best battles of the entire meet, according to reports from the Sawdust city. The pair, Dr. R. V. Landis and Dr. A. D. Powers, met one of the greatest doubles teams in the state in their first-round pairing in William T. Casper and Erwin Ruchl, Marquette university's stellar pair and gave the much younger players a battle royal. Had the pairings been different the local men might have gone through as far as the semi-finals with the stuff they displayed in their loss to the youthful stars. Here's the account of the match as published in an Oshkosh newspaper:

"At this point in the most brilliant match of the entire day's play of the fourth annual Badger State Closed Tennis championships at the Oshkosh Tennis club Tuesday, William T. Casper and Erwin Ruchl, Marquette university stars, advanced into the second round of the doubles play by defeating Ralph Landis and Archie Power, of Appleton, in three spectacular sets, 3-6, 6-3, 6-2."

The match was a triumph of youth over more experienced and older court players. Throughout the match a good brand of tennis was displayed by both teams and all of the players were undoubtedly "on" their game.

Landis and Power led off by taking the first set and at the beginning of the second set it appeared that their sweeping attack would carry them through to a two-set victory.

At this point in the match, the Milwaukee team rose to their greatest height and wore down their opponents with steady hard driving and good placements. Ruchl's service was going exceptionally well and cut in wickedly. Coach Power, of Lawrence college, had his service biting through the first part of the match but weakened perceptibly in the third set. Landis, a left hander, had the Milwaukee team worrying when he reached out time and again to pick seemingly impossible balls out of the air at the net.

His smashes were telling throughout the first part of the match, but his opponents changed tactics in the second and third set and from then on he had little chance to exercise his smash."

favorites at the start of play for the individual title. That one is Maurice McCarthy, brilliant young sophomore from Georgetown. With Gunn, Wil Ham Youngs of Princeton, another favorite, J. E. Lehman of Purdue, Western Conference champion, and Chuck Hunter, University of Washington star, went down in defeat Thursday. The Georgetown boy meets John D. Ames of Princeton Friday.

TOMMY LOUGHRAN WHIPS COAST STAR

Lighthavy Champion Takes Decision from Flashy West Coast Battler

New York—(AP)—Armand Emanuel, bronzed young battler from the west coast, Friday smarted under his first defeat in two years but took consolation out of the fact that it was no less than a champion that gave it to him.

Making his second eastern appearance, Emanuel dropped the decision to Tommy Loughran, king of the light heavyweights, in a slow ten-round bout at Madison Square Garden Thursday night.

Three drinks of water made the bout a non-titular affair. Originally Loughran had been scheduled to meet Jimmy Slattery in defense of his title but the Buffalo contender suffered an injury in training and was forced to call off the dog. Loughran then agreed to take on Emanuel, but stipulated that the San Francisco battler must come in over the light heavyweight limit. The three classes of water, consumed just before Emanuel weighed in Thursday afternoon, enabled him

WORLD WAR HERO ALSO HERO WITH BALLCLUB

Columbia, S. C.—Routing opposing pitchers and enemy machine gunners amounts to about the same thing to Art Forrest, catcher of the Columbia, South Atlantic Association baseball club. He won five major decorations during the World War and has been bombarding opposing pitchers for a .357 batting average this season.

to scale a quarter of a pound over the class limit of 175 pounds. Only once was there any likelihood that the bout would be decided in any manner but by official decision. In the second round Loughran caught Emanuel in a neutral corner, hampered over a left and right to the chin that had the coast lad in distress. The finishing blow, however, never fell for Emanuel rallied gamely and carried the fight to the champion the rest of the way. His punch-bout a non-titular affair. Originally Loughran had been scheduled to meet Jimmy Slattery in defense of his title but the Buffalo contender suffered an injury in training and was forced to call off the dog. Loughran then agreed to take on Emanuel, but stipulated that the San Francisco battler must come in over the light heavyweight limit. The three classes of water, consumed just before Emanuel weighed in Thursday afternoon, enabled him

SOFTBALL GOES OVER "BIG" IN APPLETON; 816 NOW PLAY GAME

Denny Says There Are 62 Teams in Action This Summer on City Grounds

Approximately 816 men, boys and girls of Appleton ranging in age from 12 to 40 years and perhaps older, are playing softball this summer in leagues organized or sponsored by the city playgrounds organization, according to a report of A. C. Denny, city play director. A total of 62 teams are in action for the summer, many starting their league schedules this week. They include the midget, junior and senior classes. There are leagues for boys and girls. Games are played at the six playgrounds, Jones park and the Wilson school field.

In the senior class, 24 teams, composed entirely of men, play in three leagues, the age of players ranges from 18 to 40 or more years. In the junior class there are 18 teams, 10 girls and 8 boys, between the ages of 14 and 18. In the midget class there are 20 teams, 12 composed of boys and 8 of girls. Members of the midget teams are between 12 and 14 years of age.

In the junior and midget leagues the teams average 12 players and in the senior leagues 15 players. These figures indicate that there are 360 players in the senior leagues, 216 in the junior class and 240 in the midget class for a total of 816.

The girls also have started an extensive track and field program which will be in full force by the end of this week.

BOXING FATHER HAS FOUR SONS IN RING

Sid Terris Most Famous of Fighting McIvers of North Carolina

Charlotte, N. C.—(AP)—The fighting McIvers of North Carolina can put on half of a complete boxing card these days, preliminaries and all. Three brothers, Sid, Herman and Jim, are professional boxers. A fourth brother, Bob, now 18 years old, plans to take up boxing soon.

Their father, a former ring great of these parts and an all-around athlete, still keeps in training and helps condition his sons for their bouts.

Sid is the most experienced boxer of the family. He fights under the name of Sid Terris, a name known to fans in many eastern cities where the Carolina boy has fought during the last few years. He once was considered a contender for the lightweight title.

The McIver name has appeared frequently in football line-ups of the University of North Carolina. Herman captained the Tarheel team recently.

JAMES TWINS STARS OF SOUTHLAND BASEBALL

Selma, Ala.—(AP)—The James boys—Ebb and Fob—are believed to be the only twins in professional baseball. They are members of the Selma team in the Southeastern League.

Former star athletes at Alabama Polytechnic Institute, the James brothers look so much alike that even their friends have difficulty in distinguishing which is which. Ebb, who captained his college Southern Conference championship baseball team, has been signed by Selma as a catcher and Fob as a first baseman. The brothers have been inseparable in athletic life.

Fob played a leading role in "Stark Love," a feature picture of one of the leading film companies, when it was made in the south two years ago.

"FALL IN!" CRIES GENERAL, WAITERS DRILL, GET BEER

Berlin — (AP)—Older generations of Germans still dearly love military display and have an appreciative eye for soldierlike smartness.

At functions such as the reception of King Amanullah or any other ceremony at which President Hindenburg's presence requires a guard of honor delighted mutterings are heard among spectators when a crack company shoulders or grounds arms with clockwork precision.

Every evening in a large cafe in the center of the city a habitue of the place, a retired general with an imposing white beard, rises at a given moment and loudly commands: "Attention!" Twelve waiters immediately drop their trays and fall in. "Forward—four!" Eyes—right! Forward—march! Right, left, right, left—as far as the bar. "Dismiss!" And every man gets his stein of beer, at the expense of the general, who with flashing eyes surveys his "brigade" and enjoys the whole proceedings hugely, as do all other customers.

Lost to Olympic Squad
A recent attack of appendicitis cost the United States Olympic squad the services of Virginia Ashe, holder of several swimming titles. She was a good bet for the jump to Amsterdam.

Came Up From Banks
Three former mechanics who gained fame as drivers of automobiles in races are Tony Gulotta, Harry Hariz, and Peter De Paolo.

THE WORLD AGAINST HER

HARRISON FORD AND GEORGIA HALE IN A SCENE FROM "A WOMAN AGAINST THE WORLD" AT THE ELITE THEATRE FOR THE LAST TIMES FRIDAY.

WORLD USE OF COAL SHOWS STEADY GAIN

Consumption Has Been Increasing in Many Countries Since 1913

Copenhagen, Denmark — (AP)—In practically all countries coal consumption has been increasing since 1913. In most countries the increase is between 10 and 15 percent. In Holland it is more than 50 percent.

In spite of this, says the Scandinavian Shipping Gazette, British coal exports are dwindling, while those of France, Germany and Poland are on the increase. Thus, the amount of British coal exported last year was but 48,700,000 tons, far short of the 73,400,000 tons exported in 1913. The French increase of coal exports is about 6,000,000 metric tons, that of Germany 9,484,000 tons, and that of Poland 5,672,000 tons.

Polish exports to destinations other than Germany in 1927 were approximately 3,000,000 tons less than in 1926—the year of the big British coal

strike—but 5,000,000 tons more than in 1925. These figures indicate the extent to which Poland was able to retain the trade captured in the year when the British mines were idle for seven months. Polish exports to Austria and Hungary in 1927 were about the same as in 1925, but the exports to Scandinavian countries increased greatly. To Sweden the exports increased from 344,000 tons to 2,304,000 tons; to Denmark from 221,000 to 1,231,000 tons; to Norway from 600 to 133,000 tons; and to Finland from 5,000 tons to 225,000 tons. Poland had also a large increase in coal exports to Italy, i. e., from 87,000 to 1,130,000 tons.

WHITE, GOLD TRAIN CARRIES AFGHAN KING

Quetta, India—(AP)—The beautiful white and gold painted train which carried the King of Afghanistan and his suite across parts of India, has its coaches adorned with gold-bronze fittings, silver fitted and tiled bathrooms, electric fans and stoves. This train 250 yards long needed four great engines to haul it over the mountainous section between Quetta and Chaman.

Kentucky's Coast Guard Only Known Inland Crew

Louisville, Ky.—(AP)—To most coast guardsmen storms, sleet and gales mean constant danger, but there remains a single detachment of the service for which balmy June weather and calm summer days bring the chief threat of disaster.

That detachment, located at the brink of the Ohio river falls on the Louisville water front, constitutes the only inland U. S. coast guard station in the service. The "busy season" for these men is during the time when summer boating is best, but in the winter they are often pressed into duty when the levee becomes ice-clogged and vehicles skid down the steep incline into the river. During one day they have recovered sixteen trucks and motor cars from the waters.

More than fifty years ago the toll of life and property taken by the falls of the Ohio river and the treacherous rapids below inspired the formation

of a volunteer life saving service. For their work congress, by special act, as well as the Kentucky legislature, awarded them gold medals.

In 1881, Paul Boynton of New York, in a specially constructed suit, was attempting to swim from Pittsburgh to New Orleans. He was escorted by a small boat containing thirteen men, principally correspondents of eastern newspapers. Boynton and the boat passed over the falls, unaware of the danger of the rapids below. The life saving crew rescued the boat's passengers and Boynton, seriously injured, was picked up by a river packet below the whirlpool. The attendant agitation resulted in establishment of a federal life saving station here.

During the Dayton flood of 1913, the men from the Louisville station who had been ordered to Dayton were the first to cross the Miami river to

reach unpenetrated flood areas and to rescue 500 families.

A feat that caused widespread comment was their rescue in February, 1917, of 215 passengers and crew of the steamer Queen City, which sank in the local harbor while bound from Pittsburgh with a holiday crowd for the New Orleans Mardi Gras.

Records of the station show that 7,000 lives have been saved, some 700 bodies recovered and approximately \$5,500,000 in property salvaged during its existence.

SILENCE COMPETITION ON
The British House of Commons has a competition of claims for silence—period records that has aroused interest similar to that stimulated by flagpole sitters. Sir James Aggrey, who at 92 is the oldest M. P., was supposed to have the record with only one speech in 25 years, until it was disclosed that as Chairman of the Kitchen Committee he frequently was compelled to answer questions. J. D. Hope now claims the Sphinx-record of 20 years in the House without taking part in a debate. It is even said that the rumor that he once so far forgot himself as to interject "Hear, hear," is an exaggeration.

SIX MILLION DUCKS IS YEAR'S TOLL OF AMERICAN MARKSMEN

President of Audubon Societies Makes Appeal for Stopping Slaughter

Geneva—(AP)—From six to ten million ducks were killed in the United States last year, says Dr. T. Gilbert Pearson of New York, president of the American Audubon societies, who made fervent appeal for better protection of birds during the international conference here on bird protection.

Dr. Pearson created a stir when he said that one American sportsman had killed more than 50,000 ducks. Dr. Uchida, the Japanese delegate, reported that more than 500,000 ducks had been killed in Japan in six months. The conference decided commercialism of food and plumage birds, with inexcusable disregard for the lives of other species of the feathered

tribes, is the greatest menace to wild bird life.

Reports submitted declared that the netting and trapping of ducks on Lake Erie, in the United States, and along the coasts of Denmark, Holland, England and the Scandinavian countries is rapidly depleting the supply and that that slaughter of migratory and paradise birds at the mating season, when the plumage is most brilliant, is leading to extinction.

Dr. Pearson said that although the killing of golden plovers is forbidden in the United States, they are served regularly on ocean liners. Netters in Holland take about 30,000 golden plovers every year, according to Dr. Einar Lonnberg of Sweden, recognized as the greatest living authority on bird life in Europe. Remarking that the plover lays only four eggs, Dr. Lonnberg said that the time is not far distant when the golden plover will be as scarce in Europe as they are in the United States. He demanded protection for this dying species.

Says His Legs Okay
Al Simmons says he feels he will go great the rest of the season now that his legs, which gave him so much trouble early in the year, are functioning okay again.

55 MILLION RUBBER TREES may still be enough for Dunlop

HOW is it that 55,000,000 rubber trees may still suffice to supply Dunlop . . . despite the great gains in Dunlop sales?

The reason is as important as it is simple:

Working on Dunlop's own rubber plantations, Dunlop scientists have made astounding strides toward increasing the yield per rubber tree.

Do you realize the importance of this achievement? Of Dunlop's many contributions to the progress of rubber, this is the greatest. It has tended to lower rubber prices throughout the world. It has helped to broaden the market for rubber products.

And, it has made it possible for you to buy peak-quality tires such as Dunlops, at the lowest price-per-mile of all time.

How has Dunlop grown so great that the rubber from 55,000,000 trees is required? Has this success been due to more and better rubber . . . more and better cotton in each tire? Is it due to the superb service rendered by Dunlop dealers?

Those are incidental causes. The bigger fact is this:

Millions of motorists have stuck to Dunlops year in and year out. Their friends have been amazed at the endurance of Dunlops. Each year, thousands of new users have adopted them.

26,000,000 Dunlop tires are now in use. If you would profit from the experience of these millions of motorists, your next tires will be Dunlops.

Enjoy Your Holiday Trip with DIXIE GASOLINE

END-POINT UNDER 400

HIGH-TEST AT THE LOW TEST PRICE

Will your car be Thoroughly Greased before you start your trip?

Before you start on your holiday or vacation trip, have your car thoroughly lubricated. Rustic Furniture

Now that the season of outdoor life is here, rustic furniture as an exterior home decoration is not only ornamental and useful but easy to make. This pedestal flower-box is made of logs and branches. The cross-pieces for the base can be checked, as shown to the left. Nails are used throughout in its construction.

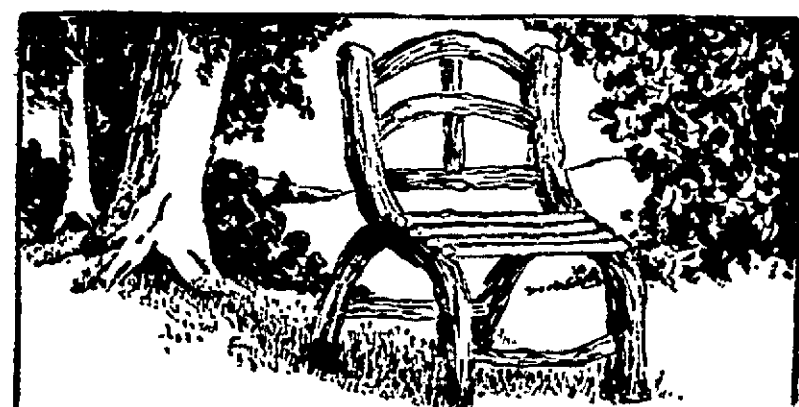

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26.

Here is the plain box, which is nailed to the top of the center-post. The branches should be trimmed and beveled to fit at the corners.

This box, with pinecone decoration also could be used. The pinecones are simply split in half and nailed to the box with staples.

This chair is not hard to make, as is evident from the illustration, but one is likely to have trouble in finding the right kind of branches. The construction is much like that of the flower stand. Cross-pieces should be checked and nailed firmly, and the rear legs inserted in the seat branches by means of bored holes.

Sketches and Synopses, Copyright, 1926, The Collier Society (Next: The Tool Box) 6-14

CALUMET
COUNTY

KAUKAUNA-LITTLE CHUTE-KIMBERLY

NEARBY
TOWNSPAIS AGAIN WILL
INVADE KAUKAUNABattle Scheduled for Menasha
Has Been Transferred to
Kaukauna Park

Kaukauna—Following a conference between Manager Les Smith of the local baseball nine and Manager Larsen of the Menasha-Menasha team, the game scheduled for Menasha next Sunday afternoon between the two teams has been transferred from Menasha to Kaukauna. The game will start at 2:30.

Reports from Menasha indicate that the Pails, following their loss to Kimberly there Sunday, are determined to break into the win column and it is said a number of new faces will appear in the lineup here. The Pails still are smarting under the 7 to 1 defeat they suffered in the last game here and they are seeking revenge.

Powell probably will be in the pitchers box for the visitors Sunday while it is expected that Abbott will pitch for the Kaws with Wenzel behind the stick.

The home fans have been supporting the local team in fine manner, according to Manager Smith, and a large crowd is expected Sunday. Fans are hoping for a win and a loss by Green Bay will again place the Electric City team in a tie with the Bay city for second place.

Social Items

Kaukauna—The ladies of Holy Cross church held a card party in the church basement Wednesday evening. Prizes were won by George Kline and Mrs. F. M. Charles, Sr., in bridge, Miss A. Benotch and Miss Agnes Rink in five hundred and Mrs. W. Ebeling and Matt Jackels in schafkopf.

Mrs. E. G. Driessen entertained a bridge club at her home Thursday evening. Misses Linda Conrad and Theresia Rink and Mrs. M. Banning won prizes.

Lloyd H. Cady and Miss Hilda Borson, daughter of Mr. and Mrs. Mons Borson of Kaukauna, were married at 9 o'clock Thursday afternoon in the parsonage of the Lutheran church by the Rev. P. Oehlert. They were attended by Julia Borson, sister of the bride, and Ervin Cady, brother of the groom. After an extended wedding trip the couple will live at Wiltenberg.

Lester Powell and Mrs. Emily Parker were united in marriage at 4 o'clock last Saturday afternoon in the home of the Congregational minister, the Rev. R. B. Falk. After a wedding tour they will make their home in this city.

Mr. and Mrs. W. C. Ditter returned Wednesday afternoon from Fond du Lac where they attended the wedding of their son, Joseph, to Miss Margaret Boots. Mr. and Mrs. Joseph Ditter intend to make their home in Kaukauna. Other Kaukauna people at the wedding were Miss Gertrude Ditter, John, Eugene, and Walter Ditter, Miss Arlene McCarthy, Miss Cordel Berens and F. Miller.

Miss Leona Beth of Green Bay, was married to Frank Derus, son of Mr. and Mrs. Joseph Derus Sr., at 8 o'clock Thursday morning in the Holy Cross church. Miss E. J. Lochman officiated at the ceremony. Miss Adeline Beth, Miss Pauline Derus, and Arthur Beth, Jr., were the attendants. After an extended wedding trip Mr. and Mrs. Derus will reside in Kaukauna.

Those attending the wedding from out of town were Mr. and Mrs. E. Campshire, and daughters, Elaine and Eunice of Appleton, Adeline and Arthur Beth of Green Bay.

MADISEN IS SPEAKER
FOR LEGION COUNCIL

Kaukauna—Erik L. Madisen, Appleton, editor of the Badger Legionaire, was the speaker at the monthly meeting of the county council of the American Legion here Thursday evening at the Grand View hotel. A chicken supper preceded the meeting.

Mr. Madisen told of progress being made by the legion in its camp at Tomahawk lake.

There were 24 members present from Seymour, Hortonville, Appleton, Little Chute, Kimberly and Kaukauna. Plans for the state convention at Wausau on Aug. 13, 14 and 15 were discussed.

CALL MEETING OF
KAUKAUNA LUTHERANS

Kaukauna—There will be a meeting of the congregation of Trinity Lutheran church at 2 o'clock Sunday afternoon in the basement of the church, according to an announcement Thursday by the Rev. Paul Oehlert, pastor. Church matters are to be discussed.

PASTOR RETURNS

Kaukauna—The Rev. Paul Oehlert returned Thursday from Hortonville where he attended a synodical convention at the Lutheran church. Routine business matters were discussed.

The Post-Crescent's representative at Kaukauna is Lloyd Derus. His telephone number is 194-W. Business with The Post-Crescent may be transacted through Mr. Derus.

RAIN CAUSES TEAMS
TO CALL OFF GAMES

Kaukauna—Due to rain and wet grounds the game between Homans and Bankers team in the Twilight Soft Ball league, scheduled for Thursday evening, was postponed until next week.

Next week the league enters the final lap of the first round of games for this season. Following is the schedule, Monday, Mullford vs. Andrews Oil; Tuesday, Shops vs. Bankers; Thursday, Post Office vs. Thilmany Friday, Electricians vs. Homans.

POLICE CHIEF WANTS
SAFE, SANE FOURTH

Issues Warning That Pre-holiday Celebrating Will Not Be Tolerated

Kaukauna—Warning was issued Thursday by R. H. McCarty, chief of police, that the state law which forbids the shooting of fireworks except on July 4 was to be enforced in Kaukauna. Chief McCarty said the officers of the local force had been instructed to enforce the state regulations and arrest violation.

Chief McCarty also pointed out that state laws prohibit the sale of fireworks before July 1 and said this section of the regulations also would be enforced here.

Last year there were three deaths and 67 serious injuries due to fireworks explosions in Wisconsin, according to information received from the state industrial commission, which has made a strong plea for a safe and sane fourth.

Toy pistols and toy revolvers and ammunition for either may not be sold under the state law, according to the chief.

State laws do allow, however, the display and sale of fire crackers not exceeding two inches in length and one-fourth inch in diameter; colored fire in covered cases; light torches with fuses or lighting ends covered; fountains throwing a display not more than six feet in height; flower pots throwing a display not more than four feet in height; sparklers not more than 10 inches in length or three-sixteenths of an inch in diameter.

DEFER PRACTICE SHOOT
FOR MANITOWOC MEET

Kaukauna—The practice shoot that was to be held at the Kaukauna Gun club Sunday afternoon in preparation of the Northeastern Wisconsin meet to be held at Manitowoc Sunday, July 8, has been postponed until Friday July 6, according to the announcement by Joseph Jansen, president of gun club. The claybird shooters will leave for Manitowoc on July 8. The shoot will start at Manitowoc Gun club at 9 o'clock in the morning.

According to Mr. Jansen all shooters are well prepared for the meet. About 10 men are expected to make the trip.

Three weeks after the shoot at Manitowoc another Northeastern Wisconsin meet will be held at Sheboygan.

PIGEON FANCIERS TALK
OVER NEXT FALL FLIGHTS

Kaukauna—Fall flights will be planned at a meeting of the Pigeon club in the council chambers at the municipal building at 7:30 o'clock Monday evening. All spring flights are over and no birds will be flown this summer. Young birds will feature the flights of next fall.

MRS. RISTAU RETURNS
FROM TOUR OF WEST

Kaukauna—Mrs. Minnie Ristau returned Thursday from a nine months visit in the west. She visited relatives in Washington, Oregon, and California. On the trip Mrs. Ristau stopped off at Kansas City, Chicago, Milwaukee and Fond du Lac. While in Fond du Lac she attended the celebration of her brother's fiftieth wedding anniversary.

BACK FROM CONVENTION
Kaukauna—C. E. Raught, cashier of the First National bank returned Thursday from Milwaukee where he attended the annual convention of the Wisconsin Bankers' association. Mr. Raught was the only Kaukauna banker at the convention. He went to Milwaukee Monday.

KAUKAUNA PERSONALS

Kaukauna—Mr. John Zimmerman, Waukegan, Ill., is visiting at the home of Mr. and Mrs. A. Wolf.

Mr. and Mrs. H. Brauer motored to Green Lake Thursday.

ALL OF THE HOOVERS

A GOOD OLD-FASHIONED family group, this one above. It's the latest photo of the Hoovers as they posed on the lawn of their Washington home. Behind Mr. and Mrs. Herbert Hoover, are left to right, Mr. and Mrs. Herbert Hoover, Jr., and Allan H. Hoover, the only member of the family who attended the Kansas City convention. He was a page.

YOU ARE INVITED
TO OFFER FLOWERS
TO SANATORIUM

The Appleton Post-Crescent Flower cars will be operated in Little Chute, Kaukauna and Kimberly this summer, beginning Saturday, June 2, to gather flowers for delivery to Riverview Sanatorium. Residents of these three communities are invited to notify the Post-Crescent they will have flowers for sufferers at the sanatorium and they will be picked up Saturday morning. The notification can be made at the following places:

Herman T. Kuntz Co., 166 W. Wisconsin-ave, Kaukauna, phone 470.
Avenue grocery, 132 Third-st, Kaukauna, phone 238.
P. A. Goudemans store, Little Chute, phone 23.
C. J. Fleweger, Kimberly, phone 23.

Merely leave your name and address at these places and the Post-Crescent Flower cars will call your home. The names and addresses must be reported before 8:35 Saturday morning.

Mrs. Math Puetz daughter Mary, and son Bernard of Saskatchewan,

SCHOOL BOARD VOTES
TO BORROW FUNDS AND
ERECT NEW BUILDING

Structure at Freedom Will Replace One Destroyed by Fire

Special to Post-Crescent
Freedom—Monday evening the annual meeting of the Union Free High School district took place in the church hall. The district voted to borrow \$30,000 from the State department for a new modern high school to replace the old one which was destroyed by fire in January. Charles Doul was elected treasurer. There was a motion made to move the site of the building to the center of the district but it was overruled.

Mr. and Mrs. Jake Barbian and son, John, Mr. and Mrs. Art Heintz and son Jimmie, and Ed Bailey of Milwaukee are spending several days here with relatives.

John Scholl made a business trip to Shiocton Monday.

Miss Del Van DenBerg of Appleton spent several days here visiting her aunt, Mrs. Pete Green.

Many people from here attended the picnic at St. Joseph church, Oneida, recently.

John Green of Appleton, visited his father here Friday.

Mr. and Mrs. A. G. Mealing of Appleton visited friends here Monday evening.

Krem Joggoh of Seymour visited Mr. and Mrs. John Scholl here Monday.

The household goods of the late Mr. and Mrs. Henry Geenen were sold at public auction here Monday.

Mr. and Mrs. Peter Schouten and son, Clarence, Milwaukee, were the guests of Mr. and Mrs. Bernard Schouten and Mr. and Mrs. Henry West here over the weekend.

Canada, visited at the home of Mrs. Anna Jacobs Wednesday. They also visited other friends and relatives in this vicinity the past week.

Miss Charlotte Holts of Milwaukee, is spending a weeks vacation with her parents, Dr. and Mrs. Holts.

Mrs. Anna Brantmeier, Oshkosh, attended the Mahlborg-Kees wedding at Sherwood last week, and is now visiting at the home of her brother, Math Jost.

Other Sizes Priced Proportionately Low

Four great values—for every purse and purpose—offered to you right at the time of the season when every car owner wants to replace his worn tires for holiday driving. Take no chances on getting there safely, quickly, economically—and getting home again.

No matter what experience you have had with other tires—remember this: there is only one tire that is Gum-Dipped and that is the Firestone Gum-Dipped Tire. Firestone saturates every cord in the carcass in a rubber solution and insulates every fiber of every cord with rubber, which minimizes internal friction, heat and wear. That is why Firestone Gum-Dipped Tires are setting new mileage records on hundreds of thousands of cars, as well as on fleets of taxicabs and motorbuses.

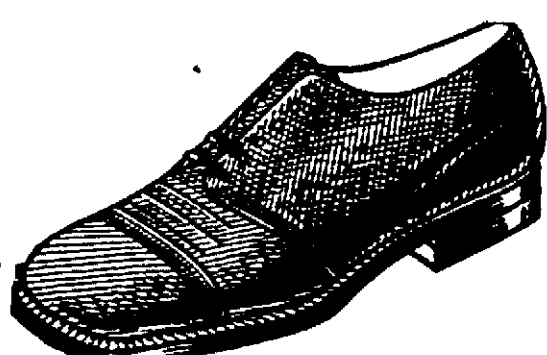

You will be amazed to hear about our low prices on the famous Oldfield Tire. For more than four years these tires were sold as the foremost quality tire, securing higher prices than for any other high grade standard tire. Now Firestone has taken them over and you will find our prices less than any others, for such quality.

Courier Tires and Tubes are other great values which Firestone manufactures and distributes direct to us. A very small investment will place a set of these tires on your car.

Airway Tires are our special Firestone-built bargain offer to owners of small cars.

All the service of applying these tires on your car—and of taking care of them later—is included in these money-saving prices. Come in today.

This store has adopted the new convenient shopping hours. Closed Saturday evenings, open Friday evenings

NEED TONS OF FOOD FOR BYRD EXPEDITION TO ANARCTIC WASTES

Sydney Greason, Chef of the Party, Buys Provisions in Big Quantities

BY HORTENSE SAUNDERS
New York—Sydney Greason is doing his Christmas shopping early—a year and a half early. He is buying turkey, cranberry sauce, plum puddings and other delicacies for the 1928 Christmas dinners for the members of the Byrd Antarctic expedition. Greason goes about with a worried frown and a pencil in hand, as he buys food enough to last the Byrd expedition two years. His bills will run up to about \$100,000 before he gets through.

"No man on the Samsen is going to have a chance to sigh for home cooking or for pies like mother used to make, because he's going to have them all the while he is gone. Change of scenery is going to mean no change of food," said Greason, steward of the party.

"The meals served at the South Pole are going to be just as good as those served at any Times Square eating place."

TONS OF CHICKEN AND TURKEY
Among the deliveries to be made between now and the sailing of the Samsen in September are such items as this: twenty-five tons of meat—chicken, turkeys and beef three tons of smoked ham, two tons of Greason will provide quantities of "cats" in caches at the sub-bases that will be established about 100 miles apart on Byrd's routes across the ice. In each cache will be a two-man camp outfit with stoves and cooking supplies.

Greason expects to restock his larder to some extent at Dunedin, New Zealand, which will be the last stop before going into the Antarctic, and to have additional supplies sent from there sometime next year.

"I am buying the best, and am selecting every ham and turkey myself," he said proudly. "I am not a conceited man, but if I have any claim to distinction, it is that I know good food, and that I get it."

GREASON KNOWS HIS GROCERIES
Greason began his career as a delivery boy in New York. He became the assistant manager of a public market, and then was a butcher for 15 years. He went into the restaurant business, and became chief steward for the Atlanta, Georgia, Athletic Club, and the East Lake Athletic Club in Florida.

Byrd employed him as chief steward of the South Pole expedition after Greason applied for the job by letter. The two didn't know each other personally. Greason has no particular interest in aviation or polar exploration, but he did feel an urge for adventure, he said.

"I'm going to show 'em how to set a high standard of American cooking in Polar climates," Greason concluded.

There will be large quantities of canned fruits and fresh and dehydrated vegetables. Bread, rolls and pies will be baked fresh by the ship's baker every day. Every Sunday, and once or twice during the week, there will be a roast chicken dinner, with hot biscuits and gravy, and special holidays will be the occasion for turkey.

Greason, who is a far-sighted man, has looked beyond the purely material and has realized that there will be a number of birthdays to be celebrated during the trip, so he has bought a large number of candles for birthday cakes.

THEY'LL FEAST OFTEN, TOO
Men aren't hard to suit in cooking, if you just give them good food, Greason has learned. "And they are going to eat plenty on this trip," he said. "I am planning to serve three or four square meals each day. In cold countries it takes more calories to stoke the human furnace."

In preparing the menus and making out the food budgets, Greason has the assistance of Dr. Francis D. Coleman, of the Johns Hopkins Hospital, who is dietitian of the expedition, and of George Tennant, cook, who cooked on Commander Byrd's last venture into the Arctic.

**BOOKS ON AVIATION
POPULAR AT LIBRARY**
Aviation books are the most popular volumes circulating in the children's department of the Appleton public library, according to the children's librarian. Most boys who read about the recent flights wish to know more about the history of aviation and how to make airplanes.

Several new books on aviation now obtainable at the library are: "Knights of the Air," by Jacobs; "Wonders of War in the Air," by W. Root; "Conquering the Air," by Williams; "Heroes of the Air," by Fraser; "Heroes of Aviation," by Briggs; "Boy's book of Airmen," by Crunip; and "Piloting the Air Mail," by Weiss.

HEADS BAPTISTS

New York —(AP)—Arthur Merriman Harris, newly elected president of the Northern Baptist convention, is a retired banker who gave up business to become an active church worker without compensation.

Born in Madison, Ohio, and educated in Cincinnati and Chicago, Mr. Harris entered upon his banking career in the employ of N. W. Harris & Company in Chicago and came to New York in 1920 to open offices for that firm, which was incorporated in 1911 as Harris, Forbes & Company. Mr. Harris retired in 1921.

Due to his experience and administrative knowledge, he has been prominent in many phases of Sunday school and church work. He is vice president of the World Sunday School association and chairman of the budget receiving committee of the International Council of the Young Men's Christian association. Since 1921 he has been treasurer of the Ministers and Missionaries Benefit board and chairman of the finance committee of the Baptist convention.

START PAVING STREETS IN 10 DAYS OR 2 WEEKS

Laying of concrete pavement on Wisconsin-ave will get underway in a week or ten days according to a representative of the F. P. Coughlin company, contractors having the job. Formerly it was thought work would first start on W. Water-st but property owners on Wisconsin have asked that the project there be completed as soon as possible.

APITS LAYS OUT ISLAND AIRPORT

George Apits, local authority on the laying out and construction of airports, went to Chambers Island, off the end of the Door-co peninsula, Wednesday to assist in laying out an airport there. Resort owners on the island are building a modern landing field to care for planes bringing vacationists from Chicago, Cleveland and other cities.

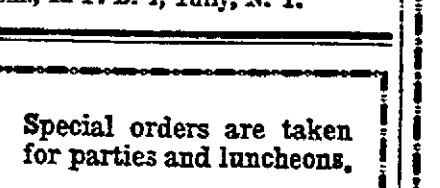

SHORT CIRCUIT BURNS APPLETON ELECTRICIAN

Elburn Larson, 19, son of Mr. and Mrs. Peter Larson, 1911 N. Oneida-st., was burned on his right hand, left leg and back Wednesday afternoon at Krakow, where he was working for the Wisconsin Michigan Power company. He was working on a transformer when it became short circuited. Although his condition is not regarded as serious, Mr. Larson will be confined to the Green Bay hospital for some time.

"WORTH WEIGHT IN GOLD"

**Verdict of Woman Who
Tried Pinkham's Compound**

Tully, N. Y.—"It hurt me to walk or sit down without help and I felt sick and weak. My mother-in-law took Lydia E. Pinkham's Vegetable Compound and she induced me to take it. I am now on the fourth bottle and have also used Lydia E. Pinkham's Sanative Wash. The medicine that will do for me what the Vegetable Compound and Sanative Wash have done are certainly worth their weight in gold. I think I have given them a fair trial and I expect to take two more bottles of the Vegetable Compound."—Mrs. CHARLES MOSGAS, R. F. D. 1, Tully, N. Y.

Summer chooses Wayne Maid Frock!

Original Styles — Fast Colors — Hand Embroidered — Lace Trimmed

A lovely array of colorful dresses that will fill every feminine heart with joy! Youthful styles combined with practical utility make these dresses ideal for summer wear. The long wearing materials such as dimities, organdies and prints launder so beautifully that one can always have that cool, fresh summery look.

The colors are unlimited and the trimmings quite original. Pretty flower pockets that grow gracefully from the hem of a scalloped or notched skirt—trimmed with bright binding or ecru lace. The collars are double Bertha, shawl, fichu or even a plain round neck line trimmed in binding. Skirts are very full and bodices tight.
